Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, University Orthopaedic Services Retirement Plan instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Teacher's Insurance and Annuity Association College Retirement Equities Fund, a trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by University Orthopaedic Services Retirement Plan that the trustee holds the Plan's investment assets and execute investment transactions. University Orthopaedic Services Retirement Plan has obtained certifications from the trustees as of December 31, 2009 and December 31, 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustees is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summaries in Note 8, the financial statement referred to above present fairly, in all material respects, the financial status of University Orthopaedic Services Retirement Plan as of December 31, 2009 and December 31, 2008, and the changes in its financial status for the year December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the accompanying index are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, except for the effects on the Schedule of Assets of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 8 as described in the second preceding paragraph, are fairly stated in all material respects in relation to the basis financial statements taken as whole.

As described in Note 2, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

1. Description of Plan

The following brief description of the University Orthopaedic Services, Inc. Retirement Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan which became effective January 1, 1999. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan sponsor is University Orthopaedic Services, Inc. Participants are employees of the Company who have completed one year of service and have attained age 21.

The Plan administrator is University Orthopaedic Services, Inc. The Plan trustees and record keepers are Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF) and Mid Atlantic Trust Company.

Participant Accounts

An account is maintained for each participant in the plan. This account is credited with the participant's allocation of the plan sponsor's contribution and Plan earnings. Allocations are based on participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participants direct where their funds are to be invested.

Vesting

Participants are 100 percent vested in their account after completing 1,000 hours of service per year for two years.

Funding Policy

The employer makes discretionary contributions for all employees who have 1,000 hours of service and are still employed at the end of the plan year. All participants are categorized into groups and each group may receive a different amount. Contributions are allocated in the proportion that each participant's compensation bears to all participants' compensation in the group. Contributions are subject to annual IRS limitations.

Administrative expenses are paid by the plan sponsor and the Plan.

Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are also provided for upon the attainment of age 59½.

Forfeitures

Forfeited accounts will be used to reduce future employer contributions to the plan and to pay plan administrative expenses. At December 31, 2009 and December 31, 2008, there were $4,847 and $544 in forfeited non-vested accounts, respectively.

2. Summary of Accounting Policies

Basis of Accounting
The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Investments are stated at fair market value.

As described in Statement of Financial Accounting Board Codification No. 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Subsequent Events
The Plan has evaluated for subsequent events through the date of the independent auditors' report, which is the date the financial statements were made available to be issued.

Reclassifications
Certain reclassifications have been made to the 2008 comparative totals to conform to the 2009 presentation.

3. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

4. Related Party Transactions

Certain plan investments are managed by Teachers Insurance and Annuity Association - College Retirement Equities Fund. Allocated insurance contracts are purchased from TIAA-CREF. TIAA-CREF is both a trustee and record keeper of the plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses are paid to P&A Group, a third party administrator for the Plan. Fees paid to P&A Group for administrative services amounted to $25,671 for the year ended December 31, 2009.

5. Plan Termination

Although it has not expressed any intent to do so, the employer reserves the right to terminate or revoke the Plan at any time, subject to the provisions of ERISA. In the event of termination or partial termination all participants affected shall have a fully vested and non-forfeitable right to the amount credited to their accounts at the date of such termination.

6. IRS Determination Letter

The plan uses a prototype plan document sponsored by Sungard Corbel LLC. Sungard Corbel LLC received an opinion letter from the IRS dated March 31, 2008, which states that the prototype plan document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's Financial Statements.

7. Income Taxes

During 2009, the Plan adopted accounting standards related to uncertain tax positions. Generally, the Plan's prior three tax years are open and subject to examination by the Internal Revenue Service. However, the Plan is not currently under audit, nor has the Plan been contacted by the Internal Revenue Service.

8. Information Prepared and Certified by the Trustee of Assets (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2009 and December 31, 2008 and for the year ended December 31, 2009 was obtained from data that has been prepared and certified as complete and accurate by the trustee of assets, Teacher's Insurance and Annuity Association College Retirement Equities Fund.

Fair market value was determined as follows:

	Quoted Prices in Active Markets	Other Observable Inputs	Unobservable Inputs
Registered investment companies	$ 7,376,655	$ -	$ 564,715

Realized and unrealized gains and losses included in earnings are reported in Statement of Changes in Net Assets Available for Plan Benefits (Modified Cash Basis) as a component of earnings (loss) on investments.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Funds Transferred In

The Plan's investment options allow for funds under the investment contract to purchase TIAA Traditional Annuity. In prior years, TIAA-CREF advised the plan that the TIAA Traditional Annuity was an allocated contract and therefore the investment was not included as part of the Plan's assets. Under Advisory Opinion 2010-01A, the Department of Labor ruled that the TIAA Traditional Annuity is an unallocated contract and therefore the investment is included as part of the Plan's assets. To record the beginning balance at January 1, 2009 of the TIAA Traditional Annuity, the Plan recorded the investment as a Funds Transferred in.

12. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements:

	December 31, 2009
