As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 6, which was certified or provided by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing that information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. As disclosed in Note 6, the Plan Administrator has obtained certifications from the custodian regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the custodian as of and for the year ended December 31, 2009 and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 9 to the financial statements, the Plan was amended on January 4, 2010, merging the Plan into the Emerson Electric Co. Employee Savings Investment Plan and Emerson Electric Co. Retirement Savings Plan effective January 1, 2010. All plan assets were deposited into the Emerson Electric Co. Employee Savings Investment Plan and Emerson Electric Co. Retirement Savings Plan on January 4, 2010. A liability was recorded at December 31, 2009 to reflect the legal transfer of Plan assets to the Emerson plans as of close of business on December 31, 2009.

Notes to Financial Statements

Note 1. Plan Description

The following description of Vilter Manufacturing LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering all eligible employees of Vilter Manufacturing LLC (the Company). Employees were eligible to participate in the Plan upon completion of three months of service and attainment of age 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants could contribute up to the lesser of 100 percent of pretax annual compensation as defined by the Plan, or \$16,500 (as adjusted from time to time, pursuant to Section 402(g)(5) of the Internal Revenue Code). Employees could also elect to contribute into the Plan on an after-tax basis. Participants who were age 50 or older could contribute an additional \$5,500 in 2009. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan matched employee contributions for salaried and union employees. For salaried employees, the Plan matched 50 cents for every contributed dollar up to a maximum of 3 percent of salary. For union employees, the Plan matched 50 cents for every contributed dollar up to a maximum of 1.5 percent of salary. In addition, union employees received an annual employer Profit Sharing Contributions of 1 percent based on the employees' prior year eligible earnings and, at the Company's discretion, were eligible to receive additional profit sharing contributions. Every union employee received this 1 percent contribution into the Plan regardless of participation level. During 2009, the Company made a profit sharing contribution to union employees of \$50,612. Profit sharing contributions for nonunion employees were at the discretion of the Company.

Participants' accounts: Participant's accounts were credited with their contributions and allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant's compensation or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participants' vested account.

Vesting: Participants' elective deferrals and rollover contributions, plus or minus any earnings or losses, were always 100 percent vested and could not be forfeited. Employer contributions vested ratably over five (5) years of credited service.

Payment of benefits: On termination of service due to death, disability, retirement, or other reasons a participant could elect to receive either a lump sum or to leave the funds in the Plan until a later date, providing the participant's account balance was greater than \$5,000.

Investment options: Participants could direct the investments of total account balances into various investment funds provided under the Plan. Participants could change their investment options at any time.

Participant loans: Participant loans were not allowed under the Plan.

Forfeitures: At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$22,142 and \$17,815, respectively. Forfeitures were used in the following order; restore employee's lost forfeitures, reduce Company contributions or to pay plan expenses. During 2009 no forfeitures were used for these purposes.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

The Company follows accounting standards established by the Financial Accounting Standards Board (the FASB) to ensure consistent reporting of financial condition and results of operations. References to Generally Accepted Accounting Principles (GAAP) in these footnotes are to the *FASB Accounting Standards Codification*TM, sometimes referred to as the Codification or ASC. The Codification is effective for periods ending on or after September 15, 2009.

Guaranteed interest accounts: Guaranteed interest accounts were maintained by John Hancock Life Insurance Company (John Hancock) who maintained the Plan's deposits in an unallocated fund, to which it added interest at the contract rate. The guaranteed interest accounts earned interest ranging from 1.06 percent to 4.68 percent during 2009. The interest rates were reset annually on the anniversary date of the contract. Their average yield during 2009 was 2.87 percent. The guaranteed interest accounts were not fully benefit-responsive investment contracts and were stated at contract value, which approximated fair value.

Investment valuation and income recognition: Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: In preparing financial statements in conformity with generally accepted accounting principles, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Payments of benefits: Benefit payments to participants were recorded when paid.

Administrative expenses: Administrative expenses of the Plan are charged against earnings except to the extent the expenses are paid by the Company.

Income taxes: The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance as of January 1, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities the years before 2006.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2010, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2008.

Shares of pooled separate accounts: Valued at the total of the NAV of shares of mutual funds and cash held by the account at year-end. The Plan's interest in the pooled separate accounts are valued based on the information reported by the investment advisor.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2009, all of the Plan's assets were invested in non-interest bearing cash.

During 2009, the Plan's investment in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,161,962.

Note 5. Tax Status

The Plan, on January 1, 2002, adopted a nonstandardized form of a volume submitter 401(k) profit sharing plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption date. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments:

Pooled separate accounts	\$ -	\$ 3,615,222
Guaranteed interest accounts	-	103,977

Note 7. Related-Party and Party-in-Interest Transactions

Certain plan investments were shares of pooled separate accounts managed by John Hancock, the custodian, as defined by the Plan therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock for administrative services to the Plan in 2009 were \$27,404. The Company pays some administrative expenses on behalf of the Plan. In addition, certain administrative functions are performed by employees of the Company for which no compensation is received from the Plan.

Note 8. Plan Merger

During May 2009, the Company was sold to Emerson Electric Co. (Emerson). On January 4, 2010, the Plan was amended to merge all of the Plan's assets into plans sponsored by Emerson, effective January 1, 2010. All assets held by union participants were merged into the Emerson Electric Co. Retirement Savings Plan and all assets held by non-union participants were merged into the Emerson Electric Co.
