We have audited the accompanying statements of net assets available for plan benefits of Windsor Door, Inc. Pension Plan for Hourly Employees (the "Plan") as of December 31, 2009, and the related statements of changes in net assets available for plan benefits for the year then ended, and the supplemental schedule as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit, as of December 31, 2009, in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Plan as of December 31, 2009, and the changes in net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America.

We were engaged to audit the accompanying statement of net assets available for benefits of Windsor Door Pension Plan for Hourly Employees (the "Plan") as of December 31, 2008, and the related statement of changes in net assets available for benefits for the year then ended. In our report dated July 24, 2009, we did not express an opinion due to the significance of the information that we did not audit as permitted by 29 CFR 2520.103-8, which is summarized in Note 6. The form and content of the information included in the financial statements, other than that derived from the information certified by the former Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PENSION PLAN

The following description of the Windsor Door, Inc. Pension Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1998, is a noncontributory defined benefit pension plan covering the hourly employees, including those employees who are members of collective bargaining units that are eligible to participate in the Plan under the terms of a collective bargaining agreement, of Windsor Door, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective July 11, 1999, the Plan's administrative committee amended the Plan to freeze future benefit allocations for the collective bargaining unit employees at the Company's Marysville, California plant.

Effective April 1, 2003 (the "Freeze Date"), the Plan's Sponsor froze the portion of the Plan that benefits the Sheet Metal Workers' International Association Local 428 at the Little Rock, Arkansas plant. Effective on the Freeze Date, the Plan prohibits additional Local 428 Employees from becoming participants in the Plan and ceases benefit accruals to all Local 428 participants.

Eligibility and Vesting

Hourly employees covered under a collective bargaining agreement are eligible to participate in the Plan as of the dates set forth in each collective bargaining agreement.

Participants become 100% vested upon completion of five years of service, attainment of normal retirement age, or termination of the Plan. If a participant terminates employment before completing three years of service, he/she forfeits the right to receive the benefits accumulated.

Pension Benefits

At normal retirement (age 65), participants are entitled to monthly pension benefits based on years of service and specified multipliers, as defined by the Plan. A participant is entitled to reduced monthly pension benefits upon reaching his or her early retirement date, as defined in each collective bargaining agreement.

If the participant is married on the date the benefits are to begin, the participant will automatically receive a joint and 50% survivor annuity, unless otherwise elected. If the participant is single on the date the benefits are to begin, the participant will automatically receive a life annuity, unless otherwise elected.

Funding Policy

The Company contributes such annual amounts as are necessary to maintain the Plan on a sound actuarial basis. The Plan has met the minimum funding requirements of ERISA. The Company's present intention is to make annual contributions in amounts sufficient to fund the Plan's current year service cost and the initial past service cost plus interest.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of full or partial termination of the Plan, the accrued benefits of the participants become fully vested.

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PENSION PLAN (CONTINUED)

Plan Termination (Continued)

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on the priority of those benefits, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the "PBGC"), and the sufficiency at that time of the Plan's net assets to fund those benefits. Some benefits may be fully or partially provided for by the then existing assets and the PBGC, while other benefits may not be provided at all.

Administrative Expenses

Administrative expenses of \$5,025 for the year ended December 31, 2009 and \$531 for the year ended December 31, 2008 were paid by the Plan.

Tax Status

The Plan obtained a determination letter on March 18, 2003, in which the Internal Revenue Service (IRS) stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is exempt.

Plan Changes

During the year ended December 31, 2009, the Plan transferred investments and administration from Merrill Lynch to Morgan Stanley.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation on Investments

The fair value of units owned by the Plan in a common trust fund is based on quoted redemption values on the last business day of the Plan year. Investments in mutual funds are presented at fair value, based on quoted market prices.

Fair Value of Investments

In September 2006, Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 820-10-65, *Fair Value Measurements*. FASB ASC 820-10-65 establishes a framework for measuring fair value under generally accepted accounting principles, clarifies the definition of fair value within that framework, and expands financial statement disclosures about the use of fair value measurements. The financial statement preparation and disclosure provisions are effective for financial statements issued for annual periods beginning after November 15, 2007. The Plan adopted the provisions of FASB ASC 820-10-65 at January 1, 2008.

Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term, and due to uncertainties inherent in setting assumptions, that the affect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Accounting for Uncertainty in Income Taxes

The Plan has adopted FASB ASC 740-10-65 (formerly *FIN* 48), regarding uncertainty in income taxes, as of January 1, 2009. The Plan evaluates all tax positions in conformity with FASB ASC 450 for contingencies, and as such would reserve for any tax positions deemed probable of not being sustained by the IRS. The Plan recognizes tax benefits only to the extent that the Plan believes it is “more likely than not” that its tax positions will be sustained upon IRS examination. The Plan does not have a provision for unpaid federal income taxes (liability for unrecognized tax benefits) related to uncertain tax positions in the balance sheet, as it believes all tax positions taken would “more likely than not” be sustained upon IRS examination.

3. INVESTMENTS

The fair market value of individual assets that represent 5% or more of the Plan’s total assets, as of December 31, 2009 and 2008, are as follows:

Investment	2009	2008
PIMCO Total Return Fund	\$ 1,239,557	\$ 1,090,377
Principal Cash	444,154	-
American Funds Fundamental Investment	311,300	-
American Funds Growth Fund of America	310,815	233,026
American Funds Investment Company of America	297,055	-
S & P 500 Index Trust Fund	-	461,804
Managers Special Equity Fund	-	337,726
American Century World Mutual Funds	-	307,715
Davis New York Venture Fund	-	222,587

4. FAIR VALUE

FASB ASC 820-10-65 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820-10-65 are described below:

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

4. FAIR VALUE (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
 Quoted prices for similar assets or liabilities in active markets;
 Quoted prices for identical or similar assets or liabilities in inactive markets;
 Inputs other than quoted prices that are observable for the asset or liability;
 Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008 and 2007:

Description	Fair Value Measurements Reporting Data Using Quoted Prices in Active Markets for Identical Assets (Level 1)	
	2009	2008
Money fund	\$ 444,154	\$ 8,172
Common trust	-	461,804
Mutual funds	2,604,375	2,191,431

Earnings on the investments held by the Plan were \$96,391 and \$182,339 for the years ended December 31, 2009 and 2008, respectively. Net (depreciation) appreciation in fair value of investments for the years ended December 31, 2009 and 2008 were \$364,155 and \$(1,220,573), respectively.

5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump sum distributions, that are attributable, under the Plan's provisions, to the service employees have rendered through the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries or employees who have died, and (c) present employees or their beneficiaries. The accumulated Plan benefits are based on the monthly benefit amount designated by the Plan and in effect at the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated Plan benefits is that amount which results from applying actuarial assumptions to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment, and was determined by an independent actuary. The significant actuarial assumptions and method underlying the actuarial computations as of December 31, 2009 and 2008 are as follows:

Actuarial cost method – Projected Unit Credit Actuarial Cost Method

Mortality – The RP-2000 Combined Healthy Mortality for males and females

Assumed rate of return – 8% compounded annually for 2009 and 2008

Retirement age – Between ages 60 and 65, according to a set of retirement rates for active members; age 65 for terminated members with vested rights

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

An actuary estimates the actuarial present value of accumulated Plan benefits.

The actuarial present value of accumulated Plan benefits of the Plan as of January 1 is as follows:

	<u>2009</u>	<u>2008</u>
Vested benefits:		
Participants currently receiving payments	\$ 1,143,739	\$ 1,096,320
Other participants	<u>1,953,140</u>	<u>1,785,187</u>
Total vested benefits	3,096,879	2,881,507
Nonvested benefits:	<u>23,775</u>	<u>171,541</u>
Total	<u>\$ 3,120,654</u>	<u>\$ 3,053,048</u>

Changes in the actuarial present value of accumulated Plan benefits are as follows:

Schedule SB, line 25 - Change in Method

1. The asset valuation method has been changed such that the actuarial value of assets is based on the average annual fair market values over the period beginning on the last day of the 25th month preceding the month in which the valuation occurs and ending on the Valuation Date. This result is limited to no lower than 90% and no greater than 110% of the fair market value of plan assets as of the Valuation Date.
2. Effective with the January 1, 2009 a change in valuation software systems was made. The change is in accordance with Announcement 2010-3 to qualify for automatic approval.
3. The Funding Target interest rates were changed from the segment rates with no lookback to the full yield curve with a two-month lookback.

Expenses

The normal cost for funding purposes includes assumed expenses equal to the actual expenses paid by the trust in the previous year. General administrative expenses include trustee fees.

Form of Benefit Payment

Participants are assumed to elect the Normal Form of benefits, a straight life annuity for single participants and 50% joint and survivor for married participants.

Other Considerations

For the purpose of valuing death benefits, 80% of employees are assumed to be married. Wives are assumed to be three years younger than their husbands.

The present value of accrued benefits shown in the Benefits Security Ratio section is based on the blended Segment Value Interest Rates for the November preceding the valuation date and the required mortality table for cash distributions during the plan year.

We have audited the accompanying statements of net assets available for plan benefits of Windsor Door, Inc. Pension Plan for Hourly Employees (the "Plan") as of December 31, 2009, and the related statements of changes in net assets available for plan benefits for the year then ended, and the supplemental schedule as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit, as of December 31, 2009, in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Plan as of December 31, 2009, and the changes in net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America.

We were engaged to audit the accompanying statement of net assets available for benefits of Windsor Door Pension Plan for Hourly Employees (the "Plan") as of December 31, 2008, and the related statement of changes in net assets available for benefits for the year then ended. In our report dated July 24, 2009, we did not express an opinion due to the significance of the information that we did not audit as permitted by 29 CFR 2520.103-8, which is summarized in Note 6. The form and content of the information included in the financial statements, other than that derived from the information certified by the former Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PENSION PLAN

The following description of the Windsor Door, Inc. Pension Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1998, is a noncontributory defined benefit pension plan covering the hourly employees, including those employees who are members of collective bargaining units that are eligible to participate in the Plan under the terms of a collective bargaining agreement, of Windsor Door, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective July 11, 1999, the Plan's administrative committee amended the Plan to freeze future benefit allocations for the collective bargaining unit employees at the Company's Marysville, California plant.

Effective April 1, 2003 (the "Freeze Date"), the Plan's Sponsor froze the portion of the Plan that benefits the Sheet Metal Workers' International Association Local 428 at the Little Rock, Arkansas plant. Effective on the Freeze Date, the Plan prohibits additional Local 428 Employees from becoming participants in the Plan and ceases benefit accruals to all Local 428 participants.

Eligibility and Vesting

Hourly employees covered under a collective bargaining agreement are eligible to participate in the Plan as of the dates set forth in each collective bargaining agreement.

Participants become 100% vested upon completion of five years of service, attainment of normal retirement age, or termination of the Plan. If a participant terminates employment before completing three years of service, he/she forfeits the right to receive the benefits accumulated.

Pension Benefits

At normal retirement (age 65), participants are entitled to monthly pension benefits based on years of service and specified multipliers, as defined by the Plan. A participant is entitled to reduced monthly pension benefits upon reaching his or her early retirement date, as defined in each collective bargaining agreement.

If the participant is married on the date the benefits are to begin, the participant will automatically receive a joint and 50% survivor annuity, unless otherwise elected. If the participant is single on the date the benefits are to begin, the participant will automatically receive a life annuity, unless otherwise elected.

Funding Policy

The Company contributes such annual amounts as are necessary to maintain the Plan on a sound actuarial basis. The Plan has met the minimum funding requirements of ERISA. The Company's present intention is to make annual contributions in amounts sufficient to fund the Plan's current year service cost and the initial past service cost plus interest.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of full or partial termination of the Plan, the accrued benefits of the participants become fully vested.

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PENSION PLAN (CONTINUED)

Plan Termination (Continued)

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on the priority of those benefits, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the "PBGC"), and the sufficiency at that time of the Plan's net assets to fund those benefits. Some benefits may be fully or partially provided for by the then existing assets and the PBGC, while other benefits may not be provided at all.

Administrative Expenses

Administrative expenses of \$5,025 for the year ended December 31, 2009 and \$531 for the year ended December 31, 2008 were paid by the Plan.

Tax Status

The Plan obtained a determination letter on March 18, 2003, in which the Internal Revenue Service (IRS) stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is exempt.

Plan Changes

During the year ended December 31, 2009, the Plan transferred investments and administration from Merrill Lynch to Morgan Stanley.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation on Investments

The fair value of units owned by the Plan in a common trust fund is based on quoted redemption values on the last business day of the Plan year. Investments in mutual funds are presented at fair value, based on quoted market prices.

Fair Value of Investments

In September 2006, Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 820-10-65, *Fair Value Measurements*. FASB ASC 820-10-65 establishes a framework for measuring fair value under generally accepted accounting principles, clarifies the definition of fair value within that framework, and expands financial statement disclosures about the use of fair value measurements. The financial statement preparation and disclosure provisions are effective for financial statements issued for annual periods beginning after November 15, 2007. The Plan adopted the provisions of FASB ASC 820-10-65 at January 1, 2008.

Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term, and due to uncertainties inherent in setting assumptions, that the affect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Accounting for Uncertainty in Income Taxes

The Plan has adopted FASB ASC 740-10-65 (formerly *FIN* 48), regarding uncertainty in income taxes, as of January 1, 2009. The Plan evaluates all tax positions in conformity with FASB ASC 450 for contingencies, and as such would reserve for any tax positions deemed probable of not being sustained by the IRS. The Plan recognizes tax benefits only to the extent that the Plan believes it is “more likely than not” that its tax positions will be sustained upon IRS examination. The Plan does not have a provision for unpaid federal income taxes (liability for unrecognized tax benefits) related to uncertain tax positions in the balance sheet, as it believes all tax positions taken would “more likely than not” be sustained upon IRS examination.

3. INVESTMENTS

The fair market value of individual assets that represent 5% or more of the Plan’s total assets, as of December 31, 2009 and 2008, are as follows:

Investment	2009	2008
PIMCO Total Return Fund	\$ 1,239,557	\$ 1,090,377
Principal Cash	444,154	-
American Funds Fundamental Investment	311,300	-
American Funds Growth Fund of America	310,815	233,026
American Funds Investment Company of America	297,055	-
S & P 500 Index Trust Fund	-	461,804
Managers Special Equity Fund	-	337,726
American Century World Mutual Funds	-	307,715
Davis New York Venture Fund	-	222,587

4. FAIR VALUE

FASB ASC 820-10-65 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820-10-65 are described below:

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

4. FAIR VALUE (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008 and 2007:

Description	Fair Value Measurements Reporting Data Using Quoted Prices in Active Markets for Identical Assets (Level 1)	
	2009	2008
Money fund	\$ 444,154	\$ 8,172
Common trust	-	461,804
Mutual funds	2,604,375	2,191,431

Earnings on the investments held by the Plan were \$96,391 and \$182,339 for the years ended December 31, 2009 and 2008, respectively. Net (depreciation) appreciation in fair value of investments for the years ended December 31, 2009 and 2008 were \$364,155 and \$(1,220,573), respectively.

**WINDSOR DOOR, INC. PENSION PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump sum distributions, that are attributable, under the Plan's provisions, to the service employees have rendered through the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries or employees who have died, and (c) present employees or their beneficiaries. The accumulated Plan benefits are based on the monthly benefit amount designated by the Plan and in effect at the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated Plan benefits is that amount which results from applying actuarial assumptions to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment, and was determined by an independent actuary. The significant actuarial assumptions and method underlying the actuarial computations as of December 31, 2009 and 2008 are as follows:

Actuarial cost method – Projected Unit Credit Actuarial Cost Method

Mortality – The RP-2000 Combined Healthy Mortality for males and females

Assumed rate of return – 8% compounded annually for 2009 and 2008

Retirement age – Between ages 60 and 65, according to a set of retirement rates for active members; age 65 for terminated members with vested rights

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

An actuary estimates the actuarial present value of accumulated Plan benefits.

The actuarial present value of accumulated Plan benefits of the Plan as of January 1 is as follows:

	<u>2009</u>	<u>2008</u>
Vested benefits:		
Participants currently receiving payments	\$ 1,143,739	\$ 1,096,320
Other participants	<u>1,953,140</u>	<u>1,785,187</u>
Total vested benefits	3,096,879	2,881,507
Nonvested benefits:	<u>23,775</u>	<u>171,541</u>
Total	<u>\$ 3,120,654</u>	<u>\$ 3,053,048</u>

Changes in the actuarial present value of accumulated Plan benefits are as follows:

Actuarial present value of accumulated Plan benefits at January 1, 2008	\$ 3,053,048
Benefits accumulated	(10,755)
Interest due to the decrease in the discount period	237,982
