REPORT OF INDEPENDENT AUDITORS

Board of Trustees
Marquette General Hospital, Inc.
Marquette, Michigan

We have audited the accompanying statements of net assets available for benefits of Marquette General Hospital Employee Deferred Compensation Plan (Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis, and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is not a required part of the basic financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MARQUETTE GENERAL HOSPITAL
EMPLOYEE DEFERRED COMPENSATION PLAN

December 31, 2009

NOTE A--PLAN DESCRIPTION

The following description of the Marquette General Hospital Employee Deferred Compensation Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Marquette General Hospital, Inc., (d/b/a Marquette General Health System) (the System) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Individual participants may elect to contribute to the Plan on a salary reduction basis. The amount a participant may defer into the Plan each year varies based upon 1) percent of pay limit--in general, a participant may defer up to 100 percent of their annual compensation; 2) flat dollar limit--the amount a participant defers is limited to $16,500 for 2009, additional contributions can be made by participants age fifty or over; 3) coordination limit--the amount a participant defers is limited by elective deposits made to a tax-sheltered annuity, to a deferred compensation plan under Section 457 of the Internal Revenue Code, or to a different 401(k) plan; and 4) discrimination limit--the amount a participant defers is limited by the amount deferred by other participants of the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options and transfer between funds as desired.

Certain participants of the Plan are entitled to receive a matching employer contribution. The participants who are eligible to receive matching contributions include:

1) Non-bargaining eligible employees hired after December 31, 2005, and bargaining eligible employees hired after May 31, 2007

2) Eligible employees who have waived future benefit accruals under the Marquette General Hospital, Inc., Retirement Plan

The System's matching contribution will be $1.00 for every $1.00 contributed by the participant, up to four percent of the participant's eligible compensation.

EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE A--PLAN DESCRIPTION--Continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms may be up to five years, or for a longer period of time, if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is written. Principal and interest will be repaid at the same intervals as the participant's regular payroll checks by means of a payroll deduction.

Benefit Payments

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either 1) a lump sum amount equal to the value of the participant's account; 2) installment payments over a specified number of years not to exceed the life expectancy of the participant or their spouse or designated beneficiary; or 3) a direct transfer to another qualified retirement plan or IRA.

NOTE B--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

MARQUETTE GENERAL HOSPITAL
EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE B--SUMMARY OF ACCOUNTING POLICIES--Continued

Benefit Payments

Benefits are recorded when paid.

Administration

Certain administrative functions are performed by officers or employees of the System. No such officer or employee receives compensation from the Plan for these services. The System pays for various expenses incurred in administering the Plan. For the years ended December 31, 2009 and 2008, these administrative expenses approximated $49,000 and $30,000, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications

Certain amounts as of and for the year ended December 31, 2008, have been reclassified to conform to the current year's classification.

Subsequent Events

Subsequent events were evaluated through October 4, 2010, which is the date the financial statements were available to be issued.

EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE C--INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The Financial Accounting Standards Board in its Accounting Standards Codification 820 Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available.
