INDEPENDENT AUDITOR'S REPORT

October 8, 2010

To the Plan Administrator of the
Gurwitch Products, LLC 401(k) Plan
Stafford, Texas

We were engaged to audit the financial statements of the Gurwitch Products, LLC 401(k) Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained certification from the Trustee as of December 31, 2009 and 2008, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN December 31, 2009 and 2008

Note A – Description of Plan

The following description of the Gurwitch Products, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all eligible employees of Gurwitch Products, LLC (Company), the Plan's sponsor. An employee becomes eligible to participate in the Plan after attaining one year of service consisting of 1,000 hours. Eligible participants may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan.

The Company determines the percentage of the discretionary matching contribution each year. For the plan years ended December 31, 2009 and 2008, the Company elected to not make a matching contribution.

Plan Operations

The Company has appointed Fidelity Management Trust Company (Trustee) to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The plan administrator is responsible for interpreting and communicating the provisions of the Plan, and ensuring that all government and participant reporting requirements are fulfilled.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose, as listed in the accompanying Schedule of Assets Held at End of Year.

NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN

December 31, 2009 and 2008

Note A – Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching contribution account is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed or upon attainment of normal retirement age.

Loans to Participants

Under certain conditions, a participant may obtain a loan from the Plan. A participant's loan cannot exceed the lesser of \$50,000 or one half of the participant's nonforfeitable interest in the Plan. The loan will bear a reasonable interest rate, be adequately secured, and not exceed a period of five years (or longer if secured by principal residence). Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Terminating participants who are at least 55 years old may also elect to receive installment payments over a period of time not to exceed the participant's life expectancy or joint life expectancy if the participant is married. In-service withdrawals are permitted upon attaining age 59½ or in cases of financial hardship. Base contribution accounts are paid in a qualified joint and survivor annuity unless the participant elects otherwise.

Costs and Expenses

Certain trustee/custodian fees, transaction fees, and other administrative expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN December 31, 2009 and 2008

Note A – Description of Plan (Continued)

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce employer matching contributions or to pay plan expenses. The balance in the forfeiture account at December 31, 2009 and 2008 was \$10,195 and \$9,237, respectively. No forfeitures were used to reduce employer contributions or pay plan expenses during the plan years ended December 31, 2009 and 2008.

Note B – Summary of Accounting Policies

Date of Management's Review

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN December 31, 2009 and 2008

Note B – Summary of Accounting Policies (Continued)

Investment Contracts

As described in Financial Accounting Standards Board Accounting Standards Codification 962, *Defined Contribution Pension Plans* (ASC 962), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by ASC 962, the Statements of Assets Available for Benefits present the fair value of the common/collective trust funds, which participate in such investment contracts, as well as the adjustment of the common/collective trust funds from fair value to contract value. The Statements of Changes in Assets Available for Benefits are prepared on a contract value basis.

Income Recognition

Income from interest and dividends is recorded as it is earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits

Benefits are recorded when paid.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels which are described below.

NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN December 31, 2009 and 2008

Note C – Fair Value Measurements (Continued)

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued based on quoted net asset values of the shares held by the Plan on the last business day of the Plan year.

Common/collective trust funds: Valued based on the closing price for underlying securities, reported on the active market on which underlying securities are traded.

Participant loans: Valued at amortized cost, which approximates fair value because the loans are secured by each respective participant's account balance.

Note D – Investments

	2009	2008
Investments at Fair Value:

	<u>\$ 2,746,271</u>	<u>\$ 1,854,706</u>

During the years ended December 31, 2009 and 2008, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$512,618 and (\$1,048,197), respectively.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

Note E – Information Certified by Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2009 and 2008, and net appreciation (depreciation) in fair value of investments and interest for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$691 and \$849 for the years ended December 31, 2009 and 2008, respectively. Such fees were based on reasonable and customary rates.

NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN

December 31, 2009 and 2008

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note H – Tax Status

The Plan was amended and restated effective January 1, 2008 and an IRS determination letter has not yet been applied for. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
