INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Magnolia Lodging LLC 401(k) Plan

I have audited the accompanying statements of net assets available for benefits of Magnolia Lodging LLC 401(k) Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Magnolia Lodging LLC 401(k) Plan as of December 31, 2009, and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Statement of Assets Held for Investment Purposes, referred to as "supplemental information," is presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

I have compiled the accompanying statement of net assets available for benefits of Magnolia Lodging LLC 401(k) Plan as of December 31, 2008, in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the accompanying statement of net assets available for benefits at December 31, 2008, and, accordingly, do not express an opinion or any other form of assurance on it.

Notes to Financial Statements

A. Description of Plan

The following description of the Magnolia Lodging LLC 401(k) Plan (the Plan) provides only general information. The Plan is an adopted prototype plan designated as the DST Systems, Inc. Defined Contribution Prototype Plan & Trust. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of Magnolia Lodging LLC (the "Company" or "Sponsor") who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1994 (ERISA).

Contributions. Participants may voluntarily contribute a of their annual compensation from the Company, as either pre-tax or "Roth" (after-tax) deferrals, subject to legal limitations. Each year the Plan Sponsor may also match a percentage of participant pre-tax contributions at the discretion of the Company's Board of Directors. In February, 2010, the Company matched 50% of an eligible employee's contribution up to 6% of compensation, totaling $18,875.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, and (b) plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting. Participants are immediately vested in their voluntary contributions, roll-over transfers from other plans, and qualified non-elective contributions from the Plan Sponsor, plus allocated earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans. Participants may not borrow from their Fund accounts.

Forfeitures. Unvested Company contributions remaining in a participant's account at termination are forfeited by the participant and may be used by the Company to reduce the Company's discretionary contribution funding. Amounts remaining in the forfeiture account were $3,525 and $1,046 at December 31, 2009 and 2008, respectively.

Payment of Benefits. Upon termination of employment by the Company, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or (for account balances exceeding $5,000) periodic installments over a specified period of time, not exceeding the participant's life expectancy.

B. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting, following accounting principles generally accepted in the United States.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation. The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant notes receivable are valued at cost which approximates fair value.

Payment of Benefits. Benefits are recorded when paid.

The investment advisor employed by LPL Financial is related to officers of the Plan Sponsor and Plan Administrator.

H. Fair Value Measurement

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Partnership has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Partnership's own data.)

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis.

	Fair Value Measurement on a Recurring Basis as of December 31, 2009			
ASSETS	Level 1	Level 2	Level 3	Total
