Independent Auditor's Report

To the Savings Plan Administration Committee
Horizon Lines Savings & Investment Plan
Charlotte, North Carolina

We were engaged to audit the accompanying statements of net assets available for benefits of Horizon Lines Savings & Investment Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule of assets held at end of year as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further discussed in Note 12 to the financial statements, during 2009 the Aero Logistics 401(k) Plan was merged into the Plan, with all Aero Logistics 401(k) Plan assets transferred to the Plan on April 1, 2009.

Horizon Lines Savings & Investment Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Horizon Lines Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Horizon Lines LLC, Horizon Lines of Alaska, LLC, Horizon Services Group, LLC, Sea-Logix, LLC, effective June 25, 2007, Hawaii Stevedores, Inc. and effective April 1, 2009, Aero Logistics, (the "Companies"), who are not paid on an hourly rate or piece work basis, who are not paid on a non-US payroll and who are not represented for collective bargaining purposes by any collective bargaining agreement between the employer and employee representatives. In accordance with IRC section 414(b), the Companies are a controlled group of corporations whereby all employees of each company shall be treated as employed by a single employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute from 1 percent up to a maximum of 50 percent of their pretax annual compensation up to the annual limit defined by the Internal Revenue Service and as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies matched 100 percent of the first 6 percent of base compensation that a participant contributed to the Plan through October 2, 2009 and matched 50 percent of the first 6 percent of base compensation from October 3 to December 31, 2009. Additional amounts may be contributed at the option of the Companies' Board of Directors. Contributions are subject to certain limitations. There were no additional contributions in 2009.

Participant accounts: Each participant's account is credited with the participant's contribution and the Companies' matching contributions and allocations of (a) the Companies discretionary contribution and (b) Plan earnings, and charged with an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, Companies' matching and discretionary contributions and actual earnings thereon.

Participant notes receivable: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's vested account and bear interest at a rate determined by the plan administrator (4.25% - 9.5% as of December 31, 2009). Loans outstanding at December 31, 2009 are due through 2026.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a single lump sum payment equal to the value of the participant's interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account in the above form.

Amendments: Effective February 1, 2009, the plan was amended to allow any Participant who terminates after the amendment effective date and who is receiving severance payments from the Employer to continue to make scheduled loan payments until such time as the severance payments end. Upon the conclusion of the severance payments, any outstanding loan amounts shall be immediately due and payable. Effective April 1, 2009, the Plan was amended for the merger of Aero Logistics 401k Plan. Also, effective October 3, 2009, the employer match was changed to 50% of the first 6% of the Participant's compensation.

Note 2. Summary of Significant Policies

Basis of accounting: The financial statements of the plan are prepared on the accrual basis of accounting.

The Plan has funds invested in the Fidelity Managed Income Portfolio which is invested in investment contracts. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2009) through October 13, 2010, the date the financials statement were available to be issued.

Accounting pronouncement adopted: In May, 2009, the FASB issued guidance addressing the accounting for and disclosure requirements for events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued. The Plan adopted the guidance as of December 31, 2009.

The FASB issued FASB Staff Position 157-4 to provide additional guidance on investment disclosures effective for years ended after June 15, 2009. It requires disclosure of inputs and valuation techniques used to measure fair value and a discussion of changes in valuation techniques and related inputs, if any, and includes guidance on determining major security type ("category") for debt and equity securities required to be disclosed on the basis of "nature and risks" of the investments. The Plan adopted the guidance as of December 1, 2009.

In September 2009, the FASB released accounting guidance on estimating the fair value of a Plan's investment in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments, and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Notes to Financial Statements

Note 2. Summary of Significant Policies (Continued)

The FASB issued new guidance on the accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax position and concluded that the Plan maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the financial statements.

Note 3. Investment Information Certified and Provided by Fidelity Management Trust Company ("Trustee")

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following investments:

	December 31,	
	2009	2008
Registered investment companies	\$ 40,014,208	\$ 28,261,691
Common trust fund	4,856,816	6,032,661
Participant loans	1,571,609	1,531,947
Investments at Fair Value	46,442,633	35,826,299
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	90,313	325,414
Investments Available for Benefits at Contract Value	\$ 46,532,946	\$ 36,151,713

Fidelity Management Trust Company also certified to the completeness and accuracy of \$8,009,828 of net appreciation in fair value of fair value of investments related to registered investment companies and \$1,096,781 of interest and dividends related to the aforementioned investments for the year ended December 31, 2009.

Note 4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2009 and 2008.

Registered investment companies: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common collective trust fund: Valued based on information provided by the trustee and using the audited financial statements of the common collective trust at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Net Asset Value

The following table for December 31, 2009 sets forth a summary of certain Plan's investments with a reported net asset value:

Investment	Fair Value Estimated Using Net Asset Value Per Share December 31, 2009				
	Fair Value*	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Fidelity Managed Income Portfolio	\$4,856,816	\$ -	Immediate	None	None

* The fair values of the investments have been estimated using the net asset value of the investment.

- (a) The objective of a stable value fund is to preserve capital and achieve a competitive level of income over time. In addition, it strives to maintain a \$1 per unit price, but cannot assure it will do so. A stable value fund returns to its shareholders income earned by the fund's investments after expenses.

Note 6. Related Party Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest. Fees and commissions paid by the Plan to the trustee totaled \$15,422 for the year ended December 31, 2009. The Plan sponsor also paid certain administrative expenses of the Plan.

Note 7. Income Tax Status

The Plan Sponsor is planning to file for a determination letter from the Internal Revenue service regarding the Plan's qualifications under Section 401(a) and the related trust's tax-exempt status under the provisions of Section 501(a) of the Code. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. The Plan Administrator will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9. Risk and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Net income per the Form 5500	<u>\$ 10,378,760</u>

Note 11. Recent Accounting Pronouncements

In January 2010, the FASB released accounting guidance that requires new fair value measurement classification disclosures and clarifies existing disclosures. The guidance requires disclosure about transfers in, and out of the Levels 1 and 2 of the fair value hierarchy, and separate disclosure about purchases, sales, issuances and settlements relating to Level 3 measurements. It also clarifies the existing fair value disclosures regarding valuation techniques, inputs used in those valuation models and at what level of detail fair value disclosures should be provided. The guidance is for years beginning after December 15, 2009, except for the disaggregation of the Level 3 activity, which is effective for years beginning after December 15, 2010.

In September 2010, FASB issued an amendment, Plan Accounting – Defined Contribution Pension Plans (Topic 962) (ASU 2010-25), which provides guidance on how loans to participants by defined contribution retirement plans should be classified and measured. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendment should be applied retrospectively to all prior periods presented, effective for plan years ending after December 15, 2010. Early adoption is permitted. Plan management has not yet adopted this amendment.

Note 12. Transfer into Plan

During 2009, an amendment was approved for the merger of Aero Logistics 401k Plan into the Horizon Lines Savings & Investment Plan effective April 1, 2009. As a result, the assets of Aero Logistics 401k Plan transferred into the Plan on April 1, 2009 were \$237,574.
