INDEPENDENT AUDITORS' REPORT

To Tectonic Engineering & Surveying Consultants P.C.
401(k) Profit Sharing Plan & Trust:

We have audited the statements of net assets available for benefits of Tectonic Engineering & Surveying Consultants P.C. 401(k) Profit Sharing Plan & Trust as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Institutional Plan Services LLC, as agent for Reliance Trust Company, the custodian/trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian/trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian/trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the custodian/trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian/trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PROFIT SHARING PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tectonic Engineering & Surveying Consultants P.C. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

All employees that have completed three consecutive months of service prior to the Plan's entrance dates and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan, which was established January 1, 1989, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tectonic Engineering & Surveying Consultants P.C., Tectonic Engineering Consultants P.C., Inc. and Tectonic Engineering Consultants of Washington, D.C., P.C. (collectively, the "Company").

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments including self-directed participant accounts as permitted by ERISA. The investing objective of each fund has been made available to the participants. All new eligible employees are automatically enrolled in the Plan, unless elected not to, with a default contribution rate of 3%.

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to ninety-two percent of compensation (subject to statutory limits) to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions and profit sharing contributions. The matching contribution and profit sharing contribution is equal to a discretionary percentage determined annually by management. In order to share in the matching contribution and profit sharing contribution the employee must be actively employed on the last day of the Plan Year and have completed at least 1,000 hours of service during the Plan Year.

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses.

Information as to investment options and benefit payments has been published and made available to all participants.

Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or $50,000, whichever is less. The maximum terms of the loan range from five to ten years. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Certain administrative expenses of the Plan are paid by the Employer without charge to the Plan.

Forfeited non-vested accounts total $97 and $1,997 at December 31, 2009 and 2008, respectively. Plan allows for the amounts forfeited to be used to reduce employer contributions or to pay plan expenses. For the year ended December 31, 2009, forfeitures totaled $2,085 and $3,994 was used from this account to pay for plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared under the accrual method of accounting.

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment in collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan's investment funds at December 31, 2009 are recorded at quoted market value as submitted by the custodian. The Plan's interest in the collective trust's underlying investment is based on the information reported by the investment advisor using the audited financial statements of the trust fund at year-end. Investment income in any year includes unrealized and realized gains and losses. Participant loans receivable are valued at cost which approximates fair value.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

No provision for income taxes has been made as the Plan is qualified as a nontaxable entity under applicable sections of the Internal Revenue Code, pursuant to a determination letter from the Internal Revenue Service. The Plan has determined that there are no uncertain tax positions which would require adjustment to or disclosure in the financial statements. The previously filed tax years that remain subject to Treasury Department examination are 2006, 2007 and 2008.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 17, 2002, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has since been amended and restated several times to comply with new legislations, the Company and Plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and is thus tax exempt.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - UNAUDITED INFORMATION

Reliance Trust Company (custodian/trustee) holds the Plan's investment assets as of December 31, 2009. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the custodian/trustee. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2009 and 2008 and investment income for the year ended December 31, 2009. The Plan has obtained certifications from the custodian/trustee that such information is complete and accurate.

NOTE 6 - INVESTMENT FUND INFORMATION (UNAUDITED)

Upon enrollment in the Plan, a participant may direct contributions to their accounts among several fund investments including self-directed participant accounts as permitted by ERISA. The investing objectives of each fund have been made available to the participants.

The following table identifies investments which represent 5% or more of the net assets available for benefits:

	December 31,	
	2009	2008
Fidelity Advisor Freedom 2025T	**$ 423,754**	$ 254,476 *
Fidelity Advisor Freedom 2030T	**704,553**	466,897
Oppenheimer Developing Markets Fund	**416,980**	-
Western Asset Money Market	**2,330,424**	2,539,461
Amer Growth Fund R3	**443,436**	177,640 *

* Below 5%

NOTE 7 - SELF-DIRECTED INVESTMENTS

The Plan permits any participant to invest his/her account under self-direction and/or participant-directed investment funds as permitted by ERISA. Subject to the Plan's provisions, at December 31, 2009, two participants have elected to direct their own account with a market value of $419,430.

NOTE 8 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2009	December 31, 2008
Net assets available for benefits per the financial statements	**$ 7,967,581**	$ 6,329,448
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contract	**18,631**	(3,270)
Net assets available for benefits per the Form 5500	**$ 7,986,212**	$ 6,326,178

The following is a reconciliation of changes in net assets available for plan benefits per the financial statements to Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for benefits per the financial statements	**$ 1,638,133**
Add: Adjustment from contract value to fair value for fully benefit-responsive investment contract	**21,901**
Net decrease in net assets available for plan benefits per Form 5500	**$ 1,660,034**

NOTE 9 - RISKS AND UNCERTAINITIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 10 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 10 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment trust: Valued based on the net asset value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the trust fund at year-end. The collective investment trust, which is a stable value fund, has an investment objective to maintain a constant net asset value. Generally, there are no restrictions on a participant's ability to redeem their investment in the common collective trust. However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Jean Marie,

Please send the Minnieville inspection invoice to the following address: P.O. Box 5625, Cherry Hill, NJ 08034

Also, please make a note on the invoice that it is to be directed to workbasket **#A27ENG04**. It's important to reference that number. If not, it will be sent to someone else and there's no telling when I will see it.

Thanks very much Jean Marie, and let me know if you have any questions.

INDEPENDENT AUDITORS' REPORT

To Tectonic Engineering & Surveying Consultants P.C.
401(k) Profit Sharing Plan & Trust:

We have audited the statements of net assets available for benefits of Tectonic Engineering & Surveying Consultants P.C. 401(k) Profit Sharing Plan & Trust as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Institutional Plan Services LLC, as agent for Reliance Trust Company, the custodian/trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian/trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian/trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the custodian/trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian/trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tectonic Engineering & Surveying Consultants P.C. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

All employees that have completed three consecutive months of service prior to the Plan's entrance dates and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan, which was established January 1, 1989, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tectonic Engineering & Surveying Consultants P.C., Tectonic Engineering Consultants P.C., Inc. and Tectonic Engineering Consultants of Washington, D.C., P.C. (collectively, the "Company").

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments including self-directed participant accounts as permitted by ERISA. The investing objective of each fund has been made available to the participants. All new eligible employees are automatically enrolled in the Plan, unless elected not to, with a default contribution rate of 3%.

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to ninety-two percent of compensation (subject to statutory limits) to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions and profit sharing contributions. The matching contribution and profit sharing contribution is equal to a discretionary percentage determined annually by management. In order to share in the matching contribution and profit sharing contribution the employee must be actively employed on the last day of the Plan Year and have completed at least 1,000 hours of service during the Plan Year.

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses.

Information as to investment options and benefit payments has been published and made available to all participants.

Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or $50,000, whichever is less. The maximum terms of the loan range from five to ten years. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Certain administrative expenses of the Plan are paid by the Employer without charge to the Plan.

Forfeited non-vested accounts total $97 and $1,997 at December 31, 2009 and 2008, respectively. Plan allows for the amounts forfeited to be used to reduce employer contributions or to pay plan expenses. For the year ended December 31, 2009, forfeitures totaled $2,085 and $3,994 was used from this account to pay for plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared under the accrual method of accounting.

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment in collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan's investment funds at December 31, 2009 are recorded at quoted market value as submitted by the custodian. The Plan's interest in the collective trust's underlying investment is based on the information reported by the investment advisor using the audited financial statements of the trust fund at year-end. Investment income in any year includes unrealized and realized gains and losses. Participant loans receivable are valued at cost which approximates fair value.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

No provision for income taxes has been made as the Plan is qualified as a nontaxable entity under applicable sections of the Internal Revenue Code, pursuant to a determination letter from the Internal Revenue Service. The Plan has determined that there are no uncertain tax positions which would require adjustment to or disclosure in the financial statements. The previously filed tax years that remain subject to Treasury Department examination are 2006, 2007 and 2008.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 17, 2002, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has since been amended and restated several times to comply with new legislations, the Company and Plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and is thus tax exempt.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - UNAUDITED INFORMATION

Reliance Trust Company (custodian/trustee) holds the Plan's investment assets as of December 31, 2009. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the custodian/trustee. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2009 and 2008 and investment income for the year ended December 31, 2009. The Plan has obtained certifications from the custodian/trustee that such information is complete and accurate.

NOTE 6 - INVESTMENT FUND INFORMATION (UNAUDITED)

Upon enrollment in the Plan, a participant may direct contributions to their accounts among several fund investments including self-directed participant accounts as permitted by ERISA. The investing objectives of each fund have been made available to the participants.

The following table identifies investments which represent 5% or more of the net assets available for benefits:

	December 31,	
	2009	2008

NOTE 7 - SELF-DIRECTED INVESTMENTS

The Plan permits any participant to invest his/her account under self-direction and/or participant-directed investment funds as permitted by ERISA. Subject to the Plan's provisions, at December 31, 2009, two participants have elected to direct their own account with a market value of $419,430.

NOTE 8 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2009	December 31, 2008
Net assets available for benefits per the financial statements	**$ 7,967,581**	$ 6,329,448
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contract	**18,631**	(3,270)
Net assets available for benefits per the Form 5500	**$ 7,986,212**	$ 6,326,178

The following is a reconciliation of changes in net assets available for plan benefits per the financial statements to Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for benefits per the financial statements	**$ 1,638,133**
Add: Adjustment from contract value to fair value for fully benefit-responsive investment contract	**21,901**
Net decrease in net assets available for plan benefits per Form 5500	**$ 1,660,034**

NOTE 9 - RISKS AND UNCERTAINITIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 10 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 10 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment trust: Valued based on the net asset value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the trust fund at year-end. The collective investment trust, which is a stable value fund, has an investment objective to maintain a constant net asset value. Generally, there are no restrictions on a participant's ability to redeem their investment in the common collective trust. However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Jean Marie,

Please send the Minnieville inspection invoice to the following address: P.O. Box 5625, Cherry Hill, NJ 08034

Also, please make a note on the invoice that it is to be directed to workbasket **#A27ENG04**. It's important to reference that number. If not, it will be sent to someone else and there's no telling when I will see it.

Thanks very much Jean Marie, and let me know if you have any questions.

INDEPENDENT AUDITORS' REPORT

To Tectonic Engineering & Surveying Consultants P.C.
401(k) Profit Sharing Plan & Trust:

We have audited the statements of net assets available for benefits of Tectonic Engineering & Surveying Consultants P.C. 401(k) Profit Sharing Plan & Trust as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Institutional Plan Services LLC, as agent for Reliance Trust Company, the custodian/trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian/trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian/trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the custodian/trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian/trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tectonic Engineering & Surveying Consultants P.C. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

All employees that have completed three consecutive months of service prior to the Plan's entrance dates and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan, which was established January 1, 1989, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tectonic Engineering & Surveying Consultants P.C., Tectonic Engineering Consultants P.C., Inc. and Tectonic Engineering Consultants of Washington, D.C., P.C. (collectively, the "Company").

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments including self-directed participant accounts as permitted by ERISA. The investing objective of each fund has been made available to the participants. All new eligible employees are automatically enrolled in the Plan, unless elected not to, with a default contribution rate of 3%.

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to ninety-two percent of compensation (subject to statutory limits) to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions and profit sharing contributions. The matching contribution and profit sharing contribution is equal to a discretionary percentage determined annually by management. In order to share in the matching contribution and profit sharing contribution the employee must be actively employed on the last day of the Plan Year and have completed at least 1,000 hours of service during the Plan Year.

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses.

Information as to investment options and benefit payments has been published and made available to all participants.

Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or $50,000, whichever is less. The maximum terms of the loan range from five to ten years. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Certain administrative expenses of the Plan are paid by the Employer without charge to the Plan.

Forfeited non-vested accounts total $97 and $1,997 at December 31, 2009 and 2008, respectively. Plan allows for the amounts forfeited to be used to reduce employer contributions or to pay plan expenses. For the year ended December 31, 2009, forfeitures totaled $2,085 and $3,994 was used from this account to pay for plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared under the accrual method of accounting.

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment in collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan's investment funds at December 31, 2009 are recorded at quoted market value as submitted by the custodian. The Plan's interest in the collective trust's underlying investment is based on the information reported by the investment advisor using the audited financial statements of the trust fund at year-end. Investment income in any year includes unrealized and realized gains and losses. Participant loans receivable are valued at cost which approximates fair value.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

No provision for income taxes has been made as the Plan is qualified as a nontaxable entity under applicable sections of the Internal Revenue Code, pursuant to a determination letter from the Internal Revenue Service. The Plan has determined that there are no uncertain tax positions which would require adjustment to or disclosure in the financial statements. The previously filed tax years that remain subject to Treasury Department examination are 2006, 2007 and 2008.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 17, 2002, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has since been amended and restated several times to comply with new legislations, the Company and Plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and is thus tax exempt.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - UNAUDITED INFORMATION

Reliance Trust Company (custodian/trustee) holds the Plan's investment assets as of December 31, 2009. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the custodian/trustee. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2009 and 2008 and investment income for the year ended December 31, 2009. The Plan has obtained certifications from the custodian/trustee that such information is complete and accurate.

NOTE 6 - INVESTMENT FUND INFORMATION (UNAUDITED)

Upon enrollment in the Plan, a participant may direct contributions to their accounts among several fund investments including self-directed participant accounts as permitted by ERISA. The investing objectives of each fund have been made available to the participants.

The following table identifies investments which represent 5% or more of the net assets available for benefits:

	December 31,	
	2009	2008
Fidelity Advisor Freedom 2025T	**$ 423,754**	$ 254,476 *
Fidelity Advisor Freedom 2030T	**704,553**	466,897

Western Asset Money Market	**2,330,424**	2,539,461
Amer Growth Fund R3	**443,436**	177,640 *

* Below 5%

NOTE 7 - SELF-DIRECTED INVESTMENTS

The Plan permits any participant to invest his/her account under self-direction and/or participant-directed investment funds as permitted by ERISA. Subject to the Plan's provisions, at December 31, 2009, two participants have elected to direct their own account with a market value of $419,430.

NOTE 8 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2009	December 31, 2008
Net assets available for benefits per the financial statements	**$ 7,967,581**	$ 6,329,448
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contract	**18,631**	(3,270)
Net assets available for benefits per the Form 5500	**$ 7,986,212**	$ 6,326,178

The following is a reconciliation of changes in net assets available for plan benefits per the financial statements to Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for benefits per the financial statements	**$ 1,638,133**
Add: Adjustment from contract value to fair value for fully benefit-responsive investment contract	**21,901**
Net decrease in net assets available for plan benefits per Form 5500	**$ 1,660,034**

NOTE 9 - RISKS AND UNCERTAINITIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 10 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 10 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment trust: Valued based on the net asset value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the trust fund at year-end. The collective investment trust, which is a stable value fund, has an investment objective to maintain a constant net asset value. Generally, there are no restrictions on a participant's ability to redeem their investment in the common collective trust. However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Jean Marie,

Please send the Minnieville inspection invoice to the following address: P.O. Box 5625, Cherry Hill, NJ 08034

Also, please make a note on the invoice that it is to be directed to workbasket **#A27ENG04**. It's important to reference that number. If not, it will be sent to someone else and there's no telling when I will see it.

Thanks very much Jean Marie, and let me know if you have any questions.

Janet
