INDEPENDENT AUDITORS' REPORT

To the Trustee and Participants of the
Goulds Pumps, Inc. Retirement Savings and Investment Plan

We were engaged to audit the financial statements of the Goulds Pumps, Inc. Retirement Savings and Investment Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and supplemental schedule as of December 31, 2009, listed in the Table of Contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5, 6 and 7, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee that the information as of and for the years ended December 31, 2009 and 2008 provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GOULDS PUMPS, INC. RETIREMENT SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2009 AND 2008 AND FOR THE YEAR ENDED DECEMBER 31, 2009

1. DESCRIPTION OF THE PLAN

The following description of the Goulds Pumps, Inc. Retirement Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General—The Plan is a defined contribution plan sponsored by Goulds Pump Inc., a subsidiary of ITT Corporation (the “Company” or “Plan Sponsor”). All Goulds Pumps unit employees who are union members become eligible to participate in the Plan immediately with payroll deductions beginning as soon as it is administratively feasible. Hartford Life Insurance Company (“Hartford”) is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions—Under the provisions of the Plan, allowable contributions are outlined as follows:

Participant Contributions—Participants can contribute on a before-tax basis, as permitted by the Internal Revenue Code (the “Code”), an amount from 1% to 25% of the participants’ compensation, as defined by the Plan. A participant who is a highly compensated employee may be limited to less than 25% due to certain limitations required under the Code.

Employer Contributions—The Plan provides for matching contributions (“matching employer contributions”) for employees to be invested in the same manner as employee contributions. Participants have the option of investing the matching employer contributions in any fund.

The Plan was amended to provide that the matching employer contributions for unit participants to be increased to 100% of the participant’s before-tax contributions to the maximum annual amounts shown below:

<u>Unit</u>	<u>Effective Date</u>	<u>Maximum Annual Matching Contributions</u>
Goulds Pumps, Ashland, PA	January 1, 2008	\$275
	January 1, 2009	\$300
Industrial Process Group, Seneca Falls, NY	January 1, 2008	\$500
	January 1, 2009	\$600
WSO, Auburn, NY	January 1, 2008	\$450
	January 1, 2009	\$475
Texas Turbine, Lubbock, TX	January 1, 2008	Not applicable; no longer union employees
Goulds Pumps West Virginia	January 1, 2008	First 5% matched at 50%

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the matching employer contribution, and investment earnings, and charged with withdrawals, loans and investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options—Participants designate the Plan funds in which their contributions and the matching employer contributions are to be invested. All investments are participant-directed. Participants may elect to allocate contributions among the funds in multiples of one percent (1%).

Vesting—The participant's interest in their own contributions is fully vested at all times. The matching employer contribution portion of the participant's account is vested at 20% per year. A participant's account is 100% vested after five years of continuous service following the effective date of the matching employer contributions.

Forfeitures—Forfeitures result from termination of employment before full vesting has occurred. All forfeited nonvested accounts totaling \$3,090 and \$3,771 were used to reduce employer contributions during years ended December 31, 2009 and 2008, respectively.

Participant Loans—Participants may borrow from their fund accounts on any whole dollar amount which must be at least a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50 percent of the participant's vested interest in their account, reduced by their highest outstanding loan balance, if any, during the prior 12 month period. Loan terms range up to 54 months. A participant who is using a loan for the purchase of their own primary residence may elect to repay the loan over a period not to exceed 174 months. Participants may have two loans outstanding at the same time. The loans are collateralized by the balance in the participant's account and bear interest which is based on the prime rate as published in the Wall Street Journal on the last business day of the prior quarter plus 1%. Principal and interest are paid ratably through monthly payroll deductions. The interest rate shall remain in effect for the term of the loan.

Payments of Benefits—On termination of employment (including death, disability, or retirement), a participant or his/her surviving spouse beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account paid in cash or as a rollover to another qualified plan or an IRA, or periodic payments under one of two alternative installment options. In any case, a participant or his/her surviving spouse beneficiary whose vested account balance is more than \$5,000 may elect to keep his/her account balance in the Plan until the year in which the participant reaches/would have reached age 70½. Upon the death of a participant, with a non-spouse beneficiary, the distribution must be made within five years from the participant's date of death in the form of a lump sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of a participant's death.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates, Risks and Uncertainties—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Further, the Plan's valuation methods may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in

a different measure of fair value at the measurement date which could materially affect the amounts reported in the financial statements.

Income Recognition— Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses— The Plan Sponsor provides accounting and other administrative services to the Plan at no charge.

Benefits Paid to Participants—Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements—In September 2010, the Financial Accounting Standards Board issued guidance specifying that participant loans in defined contributions benefit plans should be classified as notes receivable from participants, which are segregated from plan investments, and are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan elected to early adopt these changes, and accordingly, participant loans for all periods presented have been reclassified as notes receivable from participants for all periods presented. These changes did not have a material effect on the Statements of Available for Benefits.

3. FAIR VALUE MEASUREMENT

The Plan's investments are measured at fair value except for its benefit-responsive investment contracts which are stated at fair value and then adjusted to contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price).

In measuring Plan assets at fair value, a fair value hierarchy is applied which categorizes and prioritizes the inputs used to estimate fair value into three levels. The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels of the fair value hierarchy are defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the assets or liabilities.

The Plan's major category of investments is pooled separate accounts ("PSAs"). The fair value of PSAs is estimated based on net asset value ("NAV"). While NAV for a PSA is quoted in a market that is not active; classification in the fair value hierarchy is based on the observability of the investments held in the PSA. Accordingly, the Plan has classified PSAs based on the lowest level input that is significant to NAV.

In certain instances, fair value is estimated using quoted market prices obtained from an external pricing service. In obtaining such data from the pricing service, the Plan has evaluated the methodologies used to develop the estimate of fair value in order to evaluate whether such valuations are representative of fair value, including NAV. Additionally, in certain circumstances, the Plan may adjust NAV reported by an asset manager when sufficient evidence indicates NAV is not representative of fair value.

In September 2009, the Financial Accounting Standards Board provided investors with a practical expedient for measuring fair value of investments in certain entities that calculate NAV. The practical expedient enables an entity holding investments in certain entities that calculate net asset value per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that net asset value per share or its equivalent without adjustment. The Plan adopted this guidance for the year ended December 31, 2009; however, application of the practical expedient did not have a material effect on the Plan's fair value measurements. No adjustments to the NAV reported by an asset manager have been recorded.

The Plan's investments held in pooled separate accounts, which are valued at NAV, are classified in Level 2 of the fair value hierarchy as of December 31, 2009 and 2008.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are held in funds managed by Hartford. Hartford is the trustee of the Plan's assets; therefore, these assets and related transactions with this party qualify as exempt party-in-interest transactions.

In addition, certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exceptions from the Code and ERISA's rules on prohibited transactions.

5. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information of the Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009 included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Hartford, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate.

	2009	2008
Investments:		
Pooled separate accounts, at estimated fair value	\$ 24,072,852	\$ 17,473,062

Totals	<u>\$ 41,725,297</u>	<u>\$ 35,942,760</u>
Net appreciation in fair value of investments	<u>\$ 5,821,983</u>	

In addition, the following unaudited information is also certified by Hartford:

- Notes 3, 5 and 6: All investment balances and investment information, except for the classification of each investment in the fair value hierarchy as of December 31, 2009 and 2008 as disclosed in Note 3.
- Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at the end of year).

6. INVESTMENTS

7. STABLE VALUE FUND

The SEI Stable Asset Fund, one of the plan's investment options, invests in a diversified portfolio of guaranteed investment contracts ("GIC") and synthetic GICs issued by insurance companies, banks and other financial institutions, which are valued at fair market value on the underlying investments and then adjusted by the issuer to contract value. Participants may ordinarily direct the withdrawal or transfer of all

or a portion of their investment at contract value. Contract value represents contributions made under the contract plus earnings, less Plan withdrawals and administrative expenses.

The Plan expects that each unit will have a constant value of \$1.00. Unanticipated events such as a GIC issuer's inability to meet obligations or significant withdrawal requests by Plan participants, could affect the recoverability of assets including the underlying investment securities of synthetic GICs. Therefore, there can be no assurance that a unit's value will remain constant at \$1.00. The value of each unit is determined at the close of business each day by adding the value of all the Plan's assets, subtracting all accrued expenses and liabilities, and dividing by the number of units outstanding. There are no unfunded commitments or redemption restrictions related to the fund.

Distributions from net investment income are declared on a daily basis and are reinvested into additional units on the first business day of the following month.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment contracts had an average yield for the year ended December 31, 2009 was 1.40%. The credited interest rate for the investment contracts had a range from 0.341% to 7.546% at December 31, 2009. The investment contracts include GICs with scheduled maturities from February 15, 2010 to March 12, 2044 and synthetic GICs with no fixed maturity.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of participant loans receivable per the Statements of Assets Available for Benefits to participant loans receivable on Form 5500 as of December 31, 2009 and 2008:

Net increase from Form 5500	<u>\$6,453,863</u>

9. PLAN TERMINATION

Although it has not expressed to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated for any reason, all accounts shall become fully vested and non-forfeitable. At the time of termination, the Plan shall be valued and distributions to participants shall be made.

10. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan administrator by a letter dated August 18, 2003 that the Plan is qualified under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan continues to qualify under the applicable provisions of the Code and, as a result, the Plan's investment income is exempt from taxation. Therefore, no provision for income taxes has been included in the Plan's financial statements.

11. SUBSEQUENT EVENTS

For the year ended December 31, 2009, subsequent events were evaluated through October 7, 2010, the date the financial statements were available to be issued.
