Accountant's Examination Report

To the Administrative Committee of
401(k) RETIREMENT PLAN FOR EMPLOYEES OF PETROLIANCE, L.L.C.

We have audited the accompanying statement of net assets available for benefits of the 401(k) Retirement Plan for Employees of PetroLiance, L.L.C. as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the twelve months then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the 401(k) Retirement Plan for Employees of PetroLiance, L.L.C. as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the years then ended in conformity with generally accepted accounting principles.

NOTE A - DESCRIPTION OF PLAN

The following description of the 401(k) Retirement Plan for Employees of PetroLiance, L.L.C. ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Any subsequent references to "Company" shall mean PetroLiance, L.L.C.

General. The Plan is a defined contribution plan covering all regular full-time and part-time employees of the Company who have completed 2 months of service by the next plan entry date, are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-four mutual funds as investment options for participants. The Company may, in its discretion, make a matching contribution to the Plan for each Contribution Period in an amount equal to a percentage, determined by the Company, in its discretion to eligible employees. Contributions are subject to certain limitations.

Participation Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The Plan allows up to 2 outstanding loans at one time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Rates are determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Deemed distributed loans reported on trust in 2009 were \$26,341.93. This amount is not included on the 5500.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or in installments. This distribution, or rollover, must be made in accordance with IRS regulations regarding the automatic rollover of mandatory distribution rules issued in Notice 2005-5.

Forfeited Accounts. At December 31, 2009, forfeited non-vested accounts totaled \$21,955.75. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Financial Accounting Standards No. 157, Fair Value Measurements- The Company adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS157"), effective January 1, 2008. In accordance with FAS 157, "fair value" is defined as the price that a Company would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. Various inputs are used in determining the value of a Company's investments. FAS 157 established a three-tier hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The Plan values investments based on quoted prices in active markets for identical securities.
