We were engaged to audit the financial statements and supplemental schedules of Colorvision Employees' Savings & Retirement Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated June 26, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the contract information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company ("Great-West"), the custodian of these assets, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2009, and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COLORVISION EMPLOYEES' SAVINGS & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

A. Description of the plan:

The following description of the Colorvision Employees' Savings & Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Colorvision International, Inc. ("the Company") who have attained the age of twenty-one and completed at least six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may contribute up to 100% of compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Company's contributions to the Plan are at its discretion. In 2008, the Company made matching contributions equal to 25% of participant contributions up to 6% of employee pre-tax earnings. The Company did not make matching contributions in 2009. Investments of contributions are self-directed by participants within investments provided for by the Plan.

Voluntary "rollover" contributions may be accepted by the Plan under certain terms and conditions.

Participant accounts:

Each participant's account is credited with Participant contributions and allocations of (a) the Company's contributions, (b) forfeitures of terminated participants' non-vested accounts, and (c) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is equal to the vested balance of the participant's account.

A. Description of the plan (continued):

Vesting:

Participants are immediately vested in all their contributions plus actual earnings. Vesting of employer contributions, forfeitures and the related earnings is based on years of continuous service. Participants vest at 10% annually for the first two years of service and 20% annually starting with three years of service, until fully vested upon completion of six years of credited service. Any participant employed at the date of total and permanent disability, death or the attainment of normal retirement age, as defined, is deemed to be 100% vested.

Participant loans:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms may not exceed five years, unless used to acquire the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest at the current market rate. Principal and interest are payable through weekly payroll deductions.

Payment of benefits:

Upon termination of service due to termination of employment, death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account.

Participants who continue in the employment of the Company may request a pre-retirement distribution of defined amounts under certain hardship conditions, as defined in the Plan.

Forfeited accounts:

At December 31, 2009 there was $647 of forfeited non-vested accounts. These accounts may be used to pay future plan expenses or reduce employer contributions. Employer contributions of $3,935 were paid from forfeited non-vested accounts in 2009.

B. Summary of significant accounting policies:

Accounting Standards Codification:

Effective July 1, 2009 the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP). The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP. The Plan's accounting policies were not affected by the conversion to ASC. However, references to specific accounting standards in the notes have been changed to refer to the appropriate ASC topics in certain instances or otherwise omitted.

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of investments:

The Plan's investments are stated at fair value based upon quoted market prices, as determined by the custodian of the Plan's assets. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Participant loans are stated at the outstanding principal balances which approximates fair value.

The Plan's investment in investment contracts (Guaranteed Interest Accounts) are stated at fair value as determined by the custodian of the Plan's assets. The investment contract is not fully benefit-responsive and is therefore not shown at contract value on the statement of net assets.

B. Summary of significant accounting policies (continued):

Valuation of investments (continued):

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gains or losses on investments are the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

Payment of benefits:

Benefits are recorded when paid.

C. Information prepared and certified by the custodian:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been certified as complete and accurate to the plan administrator by Great – West Life & Annuity Insurance Company (Great-West), the custodian of the Plan, at December 31, 2009. Incorporation of this financial information in the accompanying financial statements and supplemental schedule is based solely on those certifications.

C. Information prepared and certified by the custodian (continued):

Investments that represented 5 percent or more of the Plan's net assets at December 31 are as follows:

	2009	2008
Investments at fair value:		
Pooled separate accounts:		
Maxim Aggressive Profile II	$ 272,646	$ 167,648
Maxim Ariel Small-Cap Value	*	51,061
Fidelity Advisor Mid-Cap T	92,496	58,631
Lord Abbett Value Opportunities A	86,145	
Maxim S&P 500 Index	87,650	64,872
Oppenheimer Capital Appreciation A	*	39,650
Guaranteed interest account	73,910	114,895

* Represents less than five percent of net assets

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2009 was certified by Great - West.

D. Fair value measurements:

The Plan implemented the Fair Value Measurements and Disclosures Topic of FASB ASC as of January 1, 2008. The standard requires disclosure of a fair value hierarchy of inputs the Plan uses to value an asset or a liability.

D. Fair value measurements (continued):

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. For the Plan, Level 1 inputs include marketable securities that are actively traded.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly. For the Plan, Level 2 inputs include quoted prices for similar assets or liabilities, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data.

Level 3: Inputs that represent financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The determination of where assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts: Valued at the net asset value of shares held by the plan at year end.

Participant Loans: Valued at outstanding principal, which approximates fair value.

Guaranteed Interest Accounts: Valued at the net asset value of shares held by the plan at year end.

D. Fair value measurements (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 528,546	$ 499,909		$ 1,028,455
Guaranteed interest		73,925		73,925
Participant loans			$ 44,706	44,706
	$ 528,548	$ 573,834	$ 44,706	$ 1,147,086

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 204,964	$ 413,298		$ 618,262
Guaranteed interest		114,911		114,911
Participant loans			$ 53,835	53,835
	$ 204,964	$ 528,209	$ 53,835	$ 787,008

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant loans
Balance, beginning of year	$ 53,835
Issuances and principal received (net)	(9,129)
Balance, end of year	$ 44,706

E. Excess contributions

Contributions include $15,968 of excess participant contributions required to be returned to participants to satisfy the relevant non-discrimination provisions of the Plan. The excess contributions will be shown as distributions in the year they are paid out to participants.

F. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

H. Administrative expenses:

Administrative expenses associated with custody and recordkeeping are paid by the Company. Loan and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan.

I. Related party transactions:

Certain Plan investments are shares of mutual funds managed by Great-West, the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

J. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. Subsequent events:

Subsequent events were evaluated through October 13, 2010, which is the date the financial statements were available to be issued.
