Handy & Harman 401(k) Savings Plan for Bargaining Employees

Notes to Financial Statements

1. Description of Plan

The following brief description of the Handy & Harman 401(k) Savings Plan for Bargaining Employees (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, established on August 1, 2001, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan’s assets are held in trust by T. Rowe Price Trust Company.

The Plan covers employees who are covered by a Collective Bargaining Agreement at the following Handy & Harman subsidiaries: Sumco, Inc., Indiana Tube Corporation, Handy & Harman Tube Company, Strandflex, and Maryland Specialty Wire, Inc. These employees are eligible to become participants of the Plan on the first day of the calendar quarter after completing three months of service.

Contributions

For each Plan year, participants may contribute, through payroll deductions, an amount not to exceed 20% of their compensation, as defined in the Plan, on a before-tax basis, not to exceed an annual maximum amount as determined by the Internal Revenue Service Rules and Regulations. The Company provides matching contributions only for those employees covered by the collective bargaining agreement at Indiana Tube Corporation, effective March 1, 2005. The contribution is equal to 10% of an employee’s elective deferral, with a limitation equal to 3% of an employee’s compensation.

Rollover contributions from other plans will be accepted by this Plan. Discretionary matches on elective deferrals are only for members of the Indiana Tube Union.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately (100%) vested in their contributions and match and the related earnings in their account balances.

Benefit Payments

Participants receive a lump sum distribution of their account balances as soon as practicable after termination. Terminated participants who have an account balance in excess of \$1,000 may elect to leave account balances in the Plan or withdraw the balance in a lump sum at any time. The Plan does not permit participants to receive distributions in any form other than a lump sum.

Notes to Financial Statements

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of 50% of their account balance, but not more than \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. During the year ended December 31, 2009, loan interest rates are prime plus 1%, fixed at the date of the loan application. At December 31, 2009, participants bore interest rates ranging from 4.25% to 9.25%. Principal and interest are repaid directly to the participant's account through payroll deductions. A \$50 loan administrative fee is assessed to the participant at the time a loan is taken from the Plan.

Subsequent events

The Company has evaluated subsequent events through October 14, 2010, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

All Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The net appreciation in the fair value of investments consists of the net realized gains and losses on the disposal of investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions relating to the reporting of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Handy & Harman 401(k) Savings Plan for Bargaining Employees

Notes to Financial Statements

Mutual Funds Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Risks and Uncertainties

The Plan has made available through T. Rowe Price, various investment options. These investment options are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through October 14, 2010, the date the financial statements were available to be issued.

3. Investments

The data below is based upon information, which has been certified as accurate and complete by T. Rowe Price Trust Company.

The following presents investments that represent 5% or more of the Plan assets at December 31, 2009 and 2008:

	2009	2008
Equity Index 500 Fund	\$ 199,589	\$ 256,422
Mid-Cap Growth Fund	409,300	318,292
Capital Appreciation Fund	293,025	239,172
Prime Reserve Fund	138,664	219,342
Spectrum Growth Fund	189,837	141,545
Spectrum Income Fund	169,466	182,295

During 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$288,645.

T. Rowe Price Trust Company, the trustee and record keeper of the Plan, has also certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008 and the schedule of assets (held at end of year) as of December 31, 2009 and the related investment activity (net appreciation in fair value of investments, interest income and dividend income) reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2009. This information was not subject to audit.

Notes to Financial Statements

4. Fair Value Measurements

As stated in Note 2, on January 1, 2008, the Plan adopted the methods of fair value as described in SFAS 157 to value its financial assets and liabilities. As defined in SFAS 157, fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, SFAS 157 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.
- Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2009 are classified in the table below in one of the three categories described above:

<u>Assets at Fair Value as of December 31, 2009</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Blend funds	\$ 389,426			\$ 389,426
Fixed income funds	169,466			169,466
Growth funds	409,300			409,300

Total assets, at fair value	<u>\$1,261,217</u>	<u>\$138,664</u>	<u>\$49,520</u>	<u>\$1,449,401</u>

Financial assets carried at fair value at December 31, 2008 are classified in the table below in one of the three categories described above:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$1,357,068			\$1,357,068
Participant loans			\$183,861	183,861
Total assets, at fair value	<u>\$1,357,068</u>	<u>\$ -</u>	<u>\$183,861</u>	<u>\$1,540,929</u>

Handy & Harman 401(k) Savings Plan for Bargaining Employees

Notes to Financial Statements

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	<u>Participant loans</u>
Balance, beginning of year	\$183,861
Purchases, sales, issuances and settlements (net)	<u>(134,341)</u>
Balance, end of year	<u>\$ 49,520</u>

The following is description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Money markets: Valued at amortized cost, which approximates the current fair value, but since the value is not obtained from a quoted price in an active market, such investment is reflected as Level 2.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

In the event of termination, the trustee is not required to make any distribution from the trust until such time as the IRS shall have determined in writing that such termination will not adversely affect the tax qualifications of the Plan.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated February 27, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. Party In Interest

Plan investments consist of shared mutual funds managed by T. Rowe Price Services, Inc. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In the opinion of the Plan administrator, fees paid during the year for services rendered by T. Rowe Price were based on customary and reasonable rates for such services.
