A. DESCRIPTION OF PLAN

The following description of the AMPORTS 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1) General

The Plan is a defined contribution plan, covering employees of AMPORTS, Inc. and certain affiliates (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The expenses of administering the Plan may be paid either by the Employer or from the Plan as directed by the Company.

2) Contributions

Each year participants may make contributions ranging from 1% to 100% of their compensation on a before tax basis subject to limits established by the Internal Revenue Service. Matching contributions are made by the Company to each participant's account in an amount equal to a percentage of a participant's contribution ranging from 0.5% to 4%. However, the matching percentage is applied only to contributions up to 5% of the participant's annual compensation. In addition, the Company may make additional contributions at its discretion and may be required to make additional contributions in order to preserve the tax-exempt status of the Plan. The Plan currently offers 24 separate investment options for Plan participants.

In accordance with collective bargaining agreements, certain employees also receive an additional company contribution based on the actual number of hours the employee works during the year, up to a maximum of 2080 hours, at rates ranging from 25 cents to 80 cents per hour.

3) Vesting

Participants are immediately vested in their voluntary contributions and related earnings thereon. Effective January 1, 2006, the Company has elected to make "Safe Harbor" matching contributions for employees not covered by collective bargaining agreements. Safe Harbor contributions are immediately 100% vested. Employer contributions made to employee accounts before January 1, 2006 and those made for employees covered by collective bargaining agreements are not safe harbor contributions and are subject to vesting based on years of service, as defined, ranging from 20% for the first year of service to 100% for five or more years of service. In the event of death, disability or retirement, participants obtain an immediate 100% vested interest in additional contributions and related earnings under terms set forth in the Plan.

A. DESCRIPTION OF PLAN (Continued)

4) Payments of Benefits

Participants or their beneficiaries are eligible for distributions upon retirement, termination, disability or death of the participants. Participants may make withdrawals from their accounts by reason of financial hardship under guidelines set forth in the Plan. Benefits are recorded when paid.

Significant accounting policies followed by the Plan are as follows:

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1) Basis of Accounting

The financial statements of the Plan are prepared in accordance with generally accepted accounting principles. Company contributions and investment income are recorded on the accrual basis and present the net assets available for plan benefits and the changes in those net assets.

2) Valuation of Cash Equivalents and Investments

Cash equivalents consist of money market funds stated at cost, which approximates market value. Investments are valued at their fair value as provided by the Trustee of the Plan's Assets.

3) Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets and disclosures of contingencies at the date of the financial statements and changes in net assets recognized during the reporting period. Actual results could differ from those estimates.

B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4) Adoption of New Accounting Standards

On January 1, 2008, the Plan adopted FASB Statement No. 157, *Fair Value Measurements* (FAS 157). This Statement defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This Standard is effective for financial statements issued for fiscal years beginning after November 15, 2007. In October 2008, the FASB issued Staff Position (FSP) 157-3, *Determining the Fair Value of a Financial Asset when the Market for That Asset Is Not Active*. This FSP clarifies the application of FAS 157 in a market that is not active. The impact of adoption of these standards as of January 1, 2008 was not material to the Plan's net assets available for benefit.

5) Subsequent Events

Subsequent events have been evaluated through September 29, 2010, which is the date the financial statements were available to be issued.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		Fair Value Measurement Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Common collective trusts	$ 3,188,938	$ -	$ 3,188,938
Mutual funds	7,285,255	7,285,255	-
Total	$ 10,474,193	$ 7,285,255	$ 3,188,938

C. FAIR VALUE MEASUREMENTS (Continued)

SFAS No. 157, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of adjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of mutual funds, common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following table provides further details of the *Level 3 Fair Value Measurements.*

	2009
Beginning balance	$ 3,328,564
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	42,298
Purchases, sales, issuances, and settlements (net)	(181,924)
Ending balance	$ 3,188,938

D. INVESTMENTS

Trust Fund Management and Investments

The Company is the sponsor of the Plan. The investments are held in a trust fund managed by Merrill Lynch (the Trustee of the Plan's Assets). Investment transactions are executed pursuant to participants' investment elections. Investments consist principally of holdings in various mutual funds. Investments in mutual funds are carried at the fair values of the related interests in the funds based on quoted market information. Dividend and interest income from investments in mutual funds is reinvested. Purchases and sales of investments are recorded on a trade date basis. Unrealized appreciation and depreciation in the fair value of investments are recognized in the period in which such changes occur.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan's Assets has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.
