1. Description of Plan

The following description of American Achievement Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all employees of American Achievement Corporation (the "Company") working in "covered employment," which is any employment with a participating employer with the following exceptions: (1) individuals classified as independent contractors or leased employees; (2) nonresident aliens; (3) temporary or seasonal employees; and (4) employees subject to collective bargaining, unless the collective bargaining agreement specifically states eligibility for Plan participation. Participants are automatically enrolled in the Plan upon satisfaction of working in covered employment. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

The Plan provides for automatic enrollment of 3% of compensation unless an individual expressly elects a different contribution amount or expressly elects not to contribute. Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants not making an investment election will have their account invested in a default investment option selected by the Company.

For 2008 and part of 2009, the Company contributed 50% of the first 4% of earnings for eligible employees. The match is discretionary and can change from year to year. Effective March 1, 2009, the Plan suspended employer matching contributions. No Qualified Nonelective Contribution ("QNEC") contributions were made in 2009 or 2008.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged an allocation of administrative expenses. Allocations are based on participant account balances or participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime rate on the last day of the month before the loan is requested. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically paid out as soon as administratively possible. The Plan also allows for in-service distributions upon reaching age 59½ or for proven financial hardship.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled $40,932 and $32,214, respectively. These accounts will be used first to pay the expenses of the Plan and then to reduce future employer contributions.

1. Description of Plan (continued)

Expenses of the Plan

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document.

Concentration of Risk

Financial instruments, which potentially subject the Plan to concentrations of credit risk, are primarily investments of mutual funds which are traded in an active market.

2. Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares held by the fund at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

Codification of Accounting Standards

In June 2009, the Financial Accounting Standards Board ("FASB") issued the Accounting Standards Codification ("ASC"), which establishes the ASC as the single source of authoritative accounting principles recognized by FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. The subsequent issuances of new standards will be in the form of Accounting Standards Updates that will be included in the codification. This guidance is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Plan updated its historical GAAP references to comply with the codification for its year ended December 31, 2009. The adoption of this guidance did not have a material effect on the Plan's net assets and changes therein, since the codification is not intended to change GAAP.

Accounting for Uncertainty in Income Taxes

The Financial Accounting Standards Board clarified the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in the *Income Taxes – Overall* topic of the ASC (ASC Topic 740). The new provisions for accounting for the uncertainty in income taxes prescribe a recognition threshold and measurement attributes for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. They also provide guidance on derecognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure, and transition.

The new provisions of the topic relating to accounting for the uncertainty in income taxes provided for a deferral of the effective date of implementation for certain nonpublic enterprises to annual financial statements for fiscal years beginning after December 15, 2008. The Plan elected this deferral and, accordingly, has adopted the new provisions of the topic relating to accounting for the uncertainty in income taxes as of January 1, 2009. The adoption of the new provisions for accounting for the uncertainty in income taxes did not have a material impact on its net assets and changes therein.

2. Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

Fair Value Measurements and Disclosures

The *Fair Value Measurements and Disclosures* topic of the ASC (ASC Topic 820) defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The *Fair Value Measurements and Disclosures* topic applies to all other ASC topics that require or permit fair value measurements and does not require any new fair value measurements. The provisions of the *Fair Value Measurements and Disclosures* topic for financial assets and liabilities were effective beginning January 1, 2008. The provisions of the *Fair Value Measurements and Disclosures* topic for nonfinancial assets and nonfinancial liabilities were effective and adopted as of January 1, 2009.

Subsequent Events

In May 2009, FASB issued an accounting standard to establish general standards of accounting for and disclosure of events that occur after the statements of net assets available for benefits date, but before financial statements are issued or are available to be issued. Specifically, this guidance provides (i) the period after the statements of net assets available for benefits date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (ii) the circumstances under which an entity should recognize events or transactions occurring after the statements of net assets available for benefits date in its financial statements; and (iii) the disclosures that an entity should make about events or transactions that occurred after the statements of net assets available for benefits date. This guidance is effective for interim or annual financial periods ending after June 15, 2009, and is to be applied prospectively. The Plan adopted this guidance for its year ended December 31, 2009. The adoption of this guidance did not have a material effect on the Plan's net assets or changes therein.

The Plan has evaluated subsequent events that occurred after December 31, 2009 through the issuance of this report on September 30, 2010. Any material subsequent events that occurred during this time have been properly recognized or disclosed in the financial statements.

3. Information Certified By Capital Bank and Trust Company

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Capital Bank and Trust Company ("Capital B&T"), except for comparing the information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The fair value of participant-directed investments in the Plan certified by Capital B&T was $32,124,194. Single investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008 are separately identified.

	December 31,	
	2009	2008
American Funds Cash Management Trust	$ -	$ 6,301,800
American Funds Money Market	**6,013,115**	-
American Funds Growth Fund of America	**3,897,006**	3,015,714

American Funds Capital World Growth and Income Fund	**3,473,181**	2,705,480
American Funds Washington Mutual Investment Fund	**2,996,615**	2,628,755
Federated Kaufmann Fund	**2,612,914**	2,121,758
American Funds The Investment Company of America	**2,459,806**	1,947,616

Capital B&T also certified the completeness and accuracy of the interest of $57,708, dividends of $526,173, and the net appreciation in fair value of investments of $4,653,009 for the year ended December 31, 2009.

4. Fair Value Measurements

The requirements of the *Fair Value Measurements and Disclosures* topic of the ASC apply to all financial instruments (as of December 31, 2009 and 2008) and all nonfinancial assets and nonfinancial liabilities (as of December 31, 2009) that are being measured and reported on a fair value basis. The *Fair Value Measurements and Disclosures* topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The *Fair Value Measurements and Disclosures* topic also establishes a fair value hierarchy that prioritizes the inputs used in valuation methodologies into the following three levels:

4. Fair Value Measurements (continued)

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Inputs – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or other valuation techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The Plan's investments, measured at fair value by the three levels described above, are as follows:

	Total Fair Value Measurement at December 31, 2009	Level 1	Level 2	Level 3
Mutual funds	**$ 31,059,544**	**$ 31,059,544**	$ -	$ -
Participant loans	**1,064,650**	-	-	**1,064,650**
Total assets	**$ 32,124,194**	**$ 31,059,544**	$ -	**$ 1,064,650**

	Total Fair Value Measurement at December 31, 2008	Level 1	Level 2	Level 3
Assets:				
Mutual funds	$ 26,600,226	$ 26,600,226	$ -	$ -
Participant loans	1,144,389	-	-	1,144,389
Total assets	$ 27,744,615	$ 26,600,226	$ -	$ 1,144,389

4. Fair Value Measurements (continued)

The following is a summary of the activity of investments classified as Level 3:

	Participant Loans	
	Years Ended December 31,	
	2009	2008
Balance at beginning of year	**$ 1,144,389**	$ 1,281,046
Principal repayments	**(603,758)**	(631,447)
Loan withdrawals	**647,303**	502,209
Deemed distributions	**(188,302)**	(93,979)
Loan interest	**65,018**	86,560
Balance at end of year	**$ 1,064,650**	$ 1,144,389

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by American Funds, an affiliate of Capital B&T. Capital B&T is the custodian, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and other services amounted to approximately $13,000 for the year ended December 31, 2009.

6. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated September 29, 2005, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
