The plan administrator has informed us that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Notes to Financial Statements
December 31, 2009 and 2008

1. Description of Plan

The following brief description of the Sames Motor Company, Inc. Salary Deferral 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Sames Motor Company, Inc., Crosstown Partners, Ltd., Sames Crow Motors Limited, and Thunderbird Auto Finance, Ltd. (collectively the employer) located in Laredo and Corpus Christi, Texas. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the employer are eligible for participation in the Plan after the completion of one year of service. The initial "eligibility computation period" is the 12-month period beginning with the hire date. Entry dates are the first day of each calendar quarter after meeting the eligibility requirements.

Contributions

The employer may make matching, qualified non-elective and discretionary contributions. The employer did not make any matching contributions, additional qualified non-elective, or discretionary contributions for the year 2009. The employer contributions are not limited by profits. To receive employer contributions an employee must be employed on the last day of the year and have completed more than 1,000 hours of service during the Plan year. An employee is eligible to receive employer contributions if the employee dies, retires, or becomes totally disabled during the Plan year. Each year, participants may contribute up to a maximum amount determined the by Federal Government, which for the years 2009 and 2008 was $16,500 and $15,500, respectively. Also participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the years 2009 and 2008 were an additional $5,500 and $5,000, respectively.

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct access to Lincoln National Life Insurance Company ("LNLIC").

1. Description of Plan (continued)

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions (if any) and Plan earnings. Allocations of the Company's contributions are based on elective deferrals or considered compensation, as defined. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Hardship distributions are also available subject to certain limitations.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 10% vested after one year of service, 20% after two years, and then increasing by 20% per year until 100% vested at six years of service in Company matching and discretionary contributions. A participant is 100% vested at all times in qualified non-elective Company contributions. Upon death or disability, a participant becomes fully vested in their account balance.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to first pay any administrative expenses and then to reduce the Employer's subsequent contributions to the Plan. Unallocated forfeitures at December 31, 2009 and 2008 were $8,626 and $11,994, respectively.

Loans to Participants

Loans are available to all participants. The amount that may be borrowed is the lesser of $50,000 or 50% of the participant's vested interest in the Plan. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. The interest rate charged will be determined when the loan is originated and will be the prime rate as listed in the Wall Street Journal plus 1%. The interest rate remains constant throughout the term of the loan. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") is a restatement of generally accepted accounting principles ("GAAP") that incorporates guidance from level I through IV of the GAAP hierarchy of FASB Statement No. 168 (FASB ASC 105). For annual periods ended after September 15, 2009, accounting standards are referenced by the applicable FASB ASC topic code.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at the value reported to the Plan by LNLIC, which represents approximate fair value. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The employer pays for expenses incident to the administration of the Plan, except for contract administration fees.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

The accounting standards initially adopted in the 2009 and 2008 financial statements described below affected certain note disclosures but did not impact the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

Fair Value Measurements - The financial statements reflect the prospective adoption of ASC 820, *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157, *Fair Value Measurements*), as of the beginning of the year ended December 31, 2008 (see Note 4). ASC 820 is effective for financial statements issued for fiscal year beginning after November 15, 2007 and establishes a single authoritative definition of fair value, sets a framework for measuring value, and requires additional disclosures about fair value measurements.

Subsequent Events - In 2009 FASB modified ASC 855, *Subsequent Events*, in order to establish principles and requirements for reviewing and reporting subsequent events and to require disclosure of the date through which subsequent events are evaluated and whether the date corresponds with the time at which the financial statements were available for issue (as defined) or were issued. The Plan adopted these amendments upon issuance. Subsequent events have been evaluated through the date the financial statements were issued.

3. Certified Financial Information

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by LNLIC, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

3. Certified Financial Information (continued)

The following table presents the fair value of participant directed investments in this Plan that were certified by LNLIC. Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008 are separately identified below:

	December 31, 2009	December 31, 2008
LNLIC - AmerFunds Fundamental Inv	**$ 172,188**	$ 176,077
LNLIC - LVIP Del Fndtn Moderate Aggressive	**400,388**	142,420
LNLIC - LVIP Del Fndtn Moderate	**146,970**	145,389
LNLIC - LVIP Money Market	**1,196,043**	1,105,660
All other investments certified by LNLIC	**835,929**	911,742
Participant Loans	**151,745**	125,574
	$ 2,903,263	$ 2,606,862

LNLIC also certified the completeness and accuracy of the net appreciation in fair value of investments of $418,181 and the related interest and dividend income to the aforementioned investments of $7,498, for the year ended December 31, 2009.

During 2009, the Plan's investments appreciated in fair value by $425,679 as follows:

Pooled separate accounts	$ 418,181
Participant loans	7,498
	$ 425,679

4. Fair Value Measurements

Effective January 1, 2008, the Plan adopted FASB ASC 820, *Fair Value Measurements and Disclosures*, for financial assets and liabilities. FASB ASC 820 establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that priorities the inputs to value techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

4. Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or other valuation techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 2 Fair Value Measurements

The fair values of pooled separate accounts reported by the insurance company are measured based upon data provided by outside valuation service providers who in turn generally use the mean of bid and asked prices but may also use alternative observable pricing inputs for certain securities.

Level 3 Fair Value Measurements

Participant loans are valued at amortized cost, which approximates fair value.

4. Fair Value Measurements (continued)

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2009:

	Level 1	Level 2	Level 3	Fair Value
Pooled separate accounts	$ -	$ 2,751,518	$ -	$ 2,751,518
Participant loans	-	-	151,745	151,745
	$ -	$ 2,751,518	$ 151,745	$ 2,903,263

The following is a summary of the activity during the year ended December 31, 2009 of investments classified as Level 3:

	Participant Loans
Beginning fair value	$ 125,574
Realized gains (losses)	-
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases, sales, issuances, and settlements, net	26,171
Ending fair value	$ 151,745

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2008:

	Level 1	Level 2	Level 3	Fair Value
Pooled separate accounts	$ -	$ 2,481,288	$ -	$ 2,481,288
Participant loans	-	-	125,574	125,574
	$ -	$ 2,481,288	$ 125,574	$ 2,606,862

4. Fair Value Measurements (continued)

The following is a summary of the activity during the year ended December 31, 2008 of investments classified as Level 3:

	Participant Loans
Beginning fair value	$ 305,402
Realized gains (losses)	-
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases, sales, issuances, and settlements, net	(179,828)
Ending fair value	$ 125,574

5. Tax Status

During 2007 the Company adopted the Lincoln National Life Insurance Company Non-Standardized Prototype Cash or Deferred Profit-Sharing Plan. The Internal Revenue Service has determined and informed the Plan sponsors that the Plan is qualified and not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with Internal Revenue Code to maintain its qualification. The Plan administrator is not aware of any course of action or series of events, including amendments that have occurred that might adversely affect the Plan's qualified status.

6. Related Party Transactions

Certain Plan investments are investments managed by LNLIC. LNLIC is the custodian of Plan assets and they provide participant accounting and, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to LNLIC for investment management services amounted to $15,206 for the year ended December 31, 2009.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2009 to Form 5500:
