PAUL EVERT'S R.V. COUNTRY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

1. DESCRIPTION OF THE PLAN:

The following description of the Paul Evert's R.V. Country, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all eligible employees of Paul Evert's R.V. Country, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Eligibility:

All employees who are not part of a collective bargaining unit are eligible to participate. Each eligible employee becomes a participant in the Plan on the first day of each quarter following the completion of three months of service and attainment of age 21.

c. Contributions:

Both Plan participants and the Employer make contributions to the Plan as follows:

Each year, participants may contribute up to the maximum amount allowable under Internal Revenue Service limits, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may make elective contributions to the Plan on a pre-tax basis. Such participant contributions are subject to the requirements of Sections 401(k) and 401(m) of the Internal Revenue Code.

The Employer will make a matching contribution, in an amount equal to a matching percentage deemed advisable, of the participant's salary reduction contributions for each payroll period. The Employer, in their sole discretion, may also contribute an amount designated as a qualified non-elective contribution or a discretionary contribution.

All contributions are invested at the participant's discretion.

1. DESCRIPTION OF THE PLAN, continued:

d. Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer contributions, and an allocation of Plan earnings, then charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Benefits and vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions plus earnings is based on years of service. A participant is fully vested after six years of credited service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

f. Participant notes receivable:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their non-forfeitable account balance. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. The loans are secured by the balance in the participant's account. Interest rates on participant loans range from 4.25% to 9.25% at December 31, 2009 and 5.50% to 9.25% at December 31, 2008. Principal and interest is paid ratably through payroll deductions.

g. Payments of benefits:

Each participant is eligible to receive their benefits as a lump sum distribution as soon as administratively feasible after the participant's separation from service or upon retirement. Distribution may also commence upon death or disability.

h. Forfeited accounts:

At December 31, 2009 and 2008 forfeited non-vested accounts totaled $759 and $7,574, respectively. These accounts will be used to pay administrative expenses or to reduce future employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES:

a. Accounting basis:

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of benefits:

Benefits are recorded when paid.

e. Administrative costs:

Significant administrative costs are being paid for, on behalf of the Plan, by the Employer. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

f. Subsequent events:

Subsequent events have been evaluated through October 12, 2010, the date which the financials were available to be issued.

3. INVESTMENTS:

For the Plan years ended December 31, 2009 and 2008, the financial information included in the Plan financial statements, except for contributions and distributions for withdrawals and terminations, has been obtained or derived from information certified as complete and accurate by the John Hancock Insurance Company.

The Plan provides that contributions to the Plan will be invested in certain individual programs offered by John Hancock Insurance Company and as directed by each participant. Participants may change investment options as desired.

The Guaranteed Accounts offered a guaranteed annual effective interest rate with a range of .8% to 2.3% at December 31, 2009 and 2.3% to 4.25% at December 31, 2008.

The following presents investments that represent 5% or more of the Plan's net assets.

5 Year Guaranteed Account	$ 140,229	$ 138,612
Optimized All Cap Fund	132,891	117,143

4. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS, continued:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Insurance Policy: Valued at the cash surrender value that is available upon voluntary termination before maturity or the insured event occurs.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS, continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation (depreciation) in fair value of investments in the respective Statement of Changes in Net Assets Available for Benefits.

5. PARTY-IN-INTEREST TRANSACTIONS:

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer or employee association, or relatives of such person.

Certain Plan investments are shares in funds managed by a party-in-interest, the Plan's custodian. At December 31, 2009 and 2008, the Plan had investments in related funds of $1,653,142 and $1,445,000, respectively. Fees paid by the Plan to the custodian for investment management services amounted to $9,989 and $11,302 for the years ended December 31, 2009 and 2008, respectively.

During 2008, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions. As of August 1, 2008, management has calculated lost income associated with the delay in contributions and has made the necessary contributions to the affected participants' accounts to compensate them an aggregate of the calculated lost income. These non-exempt transactions do not affect the tax status determination of the Plan, and the Employer has filed Form 5330 and has paid the corresponding excise tax with the Internal Revenue Service.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their entire account balance.

7. TAX STATUS:

The Internal Revenue Service has determined and informed the Employer by an opinion letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. GOING CONCERN MATTER:

The Plan's financial statements have been prepared on an accrual basis of accounting as previously discussed in Note 2.a. The financial statements and supplemental schedule have been prepared assuming that the Employer will continue as a going concern.

The Employer's potential loss of a vehicle financing line as of December 31, 2008 created an uncertainty about the Employer's ability to continue as a going concern. Management was successful in negotiating amendments to its vehicle financing line in order to alleviate this risk. The Employer was also able to obtain forbearance on its covenants through February 2010. During 2008 and 2009, the majority shareholder provided advances of $2,082,000 to the Employer under a shareholder note payable. Subsequent to December 31, 2009, the majority shareholder provided additional advances of $1.53 million to the Employer under a shareholder note payable and provided the bank a security interest in real property as additional collateral on the vehicle financing line. Additionally, on February 1, 2010 U.S. Bank amended the Employer's floorplan agreement by reducing their interest rate to prime plus 2.0%. A failure of any of the terms and conditions of the amended floorplan agreement could result in acceleration of the Employer's indebtedness, in which case the debt would become immediately due and payable. Although no assurance can be given, Management expects that the Employer will be in compliance throughout the term of the amended agreement.

Should the Plan be terminated, the terms discussed in Note 6 would be applicable. The financial statements and the supplemental schedule do not include any adjustments that might result from the outcome of this uncertainty.
