MONICAL PIZZA CORPORATION EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 1 - Description of the Plan

The following brief description of the Monical Pizza Corporation Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Section 401(k) profit sharing plan established by Monical Pizza Corporation (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code. All employees, except for union and leased employees, who have completed at least one year of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate in the Plan and defer a portion of their compensation. All employees, except for union and leased employees, who have completed at least two years of service with the Company, as defined in the Plan, and are age 18 or older are eligible to participate in the profit sharing contributions. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of 16 investment options. Capital Bank & Trust serves as investment manager and trustee of the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Each Plan year, the Company shall contribute to the Plan such amount as shall be determined by the Board of Directors. While management considers the operating results over the Plan year, the amount to be contributed is discretionary. Employer contributions were $150,400 for the year ended December 31, 2009. Contributions are subject to certain limitations.

Profit sharing contributions are allocated to each participant's account in the same proportion that each such participant's compensation for that year bears to the total compensation of all participants. Participant compensation also includes an amount equal to the difference between the participant's earnings over the FICA limitation for the current year and the FICA limitation amount.

Participants' Accounts

A separate record and amount is maintained for each participant and is credited with Plan sponsor contribution annually. Earnings and losses on Plan investments are allocated daily to each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65 and no early retirement provision is provided. The total vested portion of a participant's account balance is distributed in the form of a single sum payment, a direct transfer or a combination of the two.

NOTE 1 - Description of the Plan (cont.)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 4.25% to 9.25%, which commensurates with local prevailing rates (prime plus 1%). Principal and interest is paid through payroll deductions. A participant may only have one outstanding loan at any time.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, Plan assets shall be allocated among the participants in accordance with their individual account values.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are valued at fair value using quoted market prices. Participant loans are valued at their unpaid principal balances plus accrued interest.

Net appreciation in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Administrative Expenses

In addition to its contributions, the Company may elect to pay all or a portion of the administrative expenses of the Plan as long as the Plan remains in effect. If the Company does not elect to pay such expenses, the trustee shall pay these expenses and charge the payment thereof to the Plan.

For the year ended December 31, 2009, a portion of expenses were paid for by the trustee, and charged to the Plan.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits are recorded when paid.

Fair Value of Financial Instruments

Effective January 1, 2008, the Plan adopted accounting standards which provide a framework for measuring, reporting, and disclosing fair value under generally accepted accounting principles. These regulations apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis. There was no effect on net assets available for benefits on January 1, 2008 upon adopting these new rules.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The Plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from the pricing services.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2010, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements. Management feels that no such material events occurred subsequent to year end that would require disclosure.

New Accounting Pronouncement

During September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans" (ASU 2010-25). The amendments in ASU 2010-25 require that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Additionally, ASU 2010-25 exempts participant loans from the fair value measurement rules. The Plan does not believe that the adoption of ASU 2010-25 will have a material effect on its net assets available for benefits or changes in net assets available for benefits.

During the year ended December 31, 2009, the Plan's investments (including investments bought, sold, and held during the year) experienced the following results:

Registered investment companies - net appreciation	$ 348,380
Interest and dividends	43,109
Total Investment Gain	$ 391,489

NOTE 3 - Information Prepared and Certified by Trustee (Unaudited) (cont.)

The table below presents the balances of investments held by the Plan measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2009			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,928,389	$ -	$ -	$ 2,928,389
Participant loans	-	-	179,243	179,243
Total assets at fair value	$ 2,928,389	$ -	$ 179,243	$ 3,107,632

	December 31, 2008			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,316,642	$ -	$ -	$ 2,316,642
Participant loans	-	-	219,220	219,220
Total assets at fair value	$ 2,316,642	$ -	$ 219,220	$ 2,535,862

The changes in Level 3 investments measured at fair value on a recurring basis are summarized as follows:

	2009	2008
Balances, beginning of year	$ 219,220	$ 179,120
New loans issued, interest earned, and repayments, net	(39,977)	40,100
Balances, end of year	$ 179,243	$ 219,220

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4 - Parties In Interest

Certain Plan investments are shares of mutual funds managed by an affiliate of the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $5,422 for the year ended December 31, 2009.

NOTE 5 - Tax Status

The Plan is designed as a prototype plan through the third party administrator. The prototype plan has received a favorable determination letter dated August 7, 2001 from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 6 - Amount Owed to Participants Withdrawing From the Plan

As of December 31, 2009 and 2008, the Plan owed no benefits to participants that had terminated their employment with the company and requested payment.
