INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee & Administrator of the
Seaview Research Retirement Plan

We have audited the accompanying statements of net assets available for benefits of Seaview Research Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Seaview Research Retirement Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 11 – 12, referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SEAVIEW RESEARCH RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Seaview Research Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(A) GENERAL

The Plan was established on January 1, 2000, and was established by Seaview Research, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), as amended, which includes qualified cash or deferred arrangements as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. Eligible employees of the Company are those who have attained age 21 and have completed one year of eligible service, as defined. Eligible employees are allowed to make elective deferrals on either January 1 or July 1 following the satisfaction of eligibility requirements. The Plan is subject to and conforms with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(B) CONTRIBUTIONS

Eligible employees can contribute a dollar amount up to the maximum dollar amount established by law. The total maximum allowable contribution per participant to the Plan directly from the participant for the year ended December 31, 2009 was \$16,500, not including additional catch-up contributions allowed for participants age 50 or older which was \$5,500 for the year ended December 31, 2009.

The matching percentage contributed by the Company is discretionary and is determined annually by the Company's Board of Directors. The Company elected to match up to 50% of a participant's elective deferral up to the first 6% of each participant's eligible compensation for the year ended December 31, 2009. In addition, the Company may make a discretionary nonelective contribution to the Plan for participants who meet the eligibility requirements, as defined. During the year ended December 31, 2009, the Company made a matching contribution and nonelective contribution of \$59,994 and \$80,417, respectively.

In order to satisfy the nondiscrimination rules of Section 401(k) of the Code, highly compensated employees may be required to receive a distribution of amounts attributable to the elective deferrals or certain excess contributions.

(C) VESTING

Participants are immediately vested in their elective deferrals, rollover contributions, plus or minus any earnings or losses thereon, which cannot be forfeited for any reason.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

(C) VESTING (CONTINUED)

Effective January 1, 2002, the Plan's vesting was established as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 - 1	0%
2	25%
3	50%
4	75%
5 or more	100%

Nonvested portions of Company matching and nonelective contributions are forfeited as of an employee's termination date. Pursuant to the Plan, forfeitures from matching contributions may be used first to reduce future matching and nonelective contributions and then to reduce Plan expenses. Forfeitures available for the Company's use were approximately \$3,600 for the year ended December 31, 2009.

(D) PAYMENTS OF BENEFITS

Any participant who attains (a) normal retirement age as defined, (b) who meets the requirement of "hardship" as defined by the Plan or (c) whose employment has been terminated, may request a withdrawal from the Plan, not to exceed the vested balance in his or her account as specified in the Plan document. The Plan document also provides for distributions to beneficiaries upon the death of a participant and certain provisions for automatic distributions after termination based on account balance.

(E) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's compensation deferral contribution, the Company's matching and nonelective contributions, if any, and an allocation of the investment earnings, based upon each participant's election, and charged with an allocation of administrative expenses not paid by the Company. The benefit to which a participant is entitled upon withdrawal from the Plan, as defined above, is the vested benefit in the participant's account.

SEAVIEW RESEARCH RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

(F) INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee contributions as well as employer matching and nonelective contributions and any related earnings in the investment options offered by the Plan. Fidelity Investments ("Fidelity") is the appointed custodian and SeaView Research, Inc. is the appointed Plan administrator of the Plan's assets at December 31, 2009 and 2008. Contributions may be allocated in percentages or dollar increments and participants may change their investment elections at any time.

(G) PARTICIPANT LOANS

Loans to participants are not allowed as described in the Plan's agreement.

(H) PLAN ADMINISTRATION EXPENSES

The Plan agreement allows for the Company to absorb a significant amount of the Plan's administrative expenses. The Plan was paying the administrative expenses until October 2009 when the Company began absorbing the majority of these expenses. During the year ended December 31, 2009, administrative expenses incurred by the Plan were approximately \$16,000.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(A) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting for defined contribution plans in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(B) INVESTMENT VALUATION AND INCOME RECOGNITION

Assets of the Plan are reflected in the accompanying statements at fair value. Common/collective trusts are valued based on the quoted market prices of the underlying assets held in the fund. Mutual funds are valued at the net asset value of shares held by the Plan.

Purchases and sales of securities are recorded on a trade date basis. Dividend and interest income are recorded by the custodian in the period earned. Net realized and unrealized appreciation or depreciation in fair value of investments consists of the change in unrealized appreciation or depreciation, and the realized gain or loss on the sales of investments during the year. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses. Investments are self-directed by the individual Plan participants.

(C) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts during the period. Actual results could differ from those estimates.

(D) CONCENTRATION OF CREDIT AND MARKET RISK

Financial instruments that potentially subject the Plan to risk of loss consist principally of investments. The Plan's investments are directed by each participant into one or more of the optional funds offered by the Plan and maintained by the custodian. These funds invest in securities of various companies and in various industries. Each participant in the Plan bears the risk of market loss, if any. No adjustments have been recorded in the accompanying financial statements as a result of this uncertainty.

(E) PAYMENT OF BENEFITS

Benefits are recorded when paid.

(F) MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 29, 2010, which is the date that the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than quoted prices included within Level 1 that are observable such as quoted prices for similar assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. During 2009, Level 1 inputs were available for the Plan's mutual funds and no Level 2 inputs were available. The Plan utilized Level 3 inputs only when Level 1 or 2 inputs were not available. The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

Level 1 Fair Value Measurements

The mutual funds have observable Level 1 pricing inputs, including unadjusted quoted prices in active markets for identical assets in active markets.

Level 3 Fair Value Measurements

The investment contracts are not actively traded. The investment contracts have an estimated fair value based on the calculations performed depending on the contract type. The input levels used by investment category are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2009				
Mutual funds	\$ 1,392,431	\$ 1,392,431	\$ -	\$ -

NOTE 4 – INVESTMENTS (CONTINUED)

During the year ended December 31, 2009, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2009</u>
Mutual funds	\$ 247,620
Investment contracts (contract value)	<u>2,106</u>
Total appreciation in value	<u>\$ 249,726</u>

NOTE 5 – GUARANTEED INVESTMENT CONTRACTS

The Morley Stable Value Fund (the "Fund") is a collective investment trust offered as an investment by the Plan. The Fund invests mainly in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The Fund preserves the principal and stated return regardless of economic events. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

As described in Note 2A, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Morley Stable Value Fund, represents invested principal plus accrued interest thereon. The contracts are nontransferable, but provide for benefit responsive withdrawals and participant transfers to noncompeting options by Plan participants at contract value.

Certain events limit the Plan's ability to transact at contract value with the Morley Stable Value Fund. Such events include but may not be limited to the following: (1) fund administration is amended or changed, (2) merger or consolidation of investors, (3) group terminations or layoffs, (4) implementation of an early retirement program, (5) termination or partial termination of the Fund, (6) failure to meet certain tax qualifications, (7) participant communication that is designed to influence participants not to invest in the fund, (8) transfers to competing options without meeting the equity wash provisions of the Fund, and (9) Plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The Fund is fully benefit-responsive and in accordance with accounting guidance for investment contracts, is recorded at fair value on the Statement of Net Assets Available for Benefits. The average yield earned by the Plan and the average interest rate credited to participants was 2.65% and 2.52%, respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event the Plan terminates, participants in the Plan become fully vested in the Company's contributions. Participants' contributions are always 100% vested.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on September 20, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and custodian are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Company pays administrative expenses on behalf of the Plan. Administrative expenses paid by the Company amounted to approximately \$6,000 for the year ended December 31, 2009.

NOTE 9 – FIDELITY BONDING

The Company maintains a fidelity bond of \$200,000 for Plan fiduciaries and individuals who handle the funds of the Plan, pursuant to the requirements of ERISA.

NOTE 10 - RELATED PARTY TRANSACTIONS – PROHIBITED TRANSACTION

During 2009, the Plan sponsor did not remit various employees contributions in accordance with guidelines set forth by the United States Department of Labor ("DOL") and Employee Benefits Security Administration ("EBSA"). However, the contributions were remitted soon thereafter. The DOL considers this a prohibited transaction and may possibly impose penalties on the Plan sponsor as a result of this transaction. However, the Plan did file the required documents and payments under EBSA's "Voluntary Fiduciary Correction Program" during 2010. These financial statements do not include any adjustments that may necessary as a result of this transaction.
