Independent Auditors' Report

To the Administrative Committee of
Metric Engineering Savings and Retirement Plan
Miami, Florida

We have audited the accompanying statements of net assets available for benefits of Metric Engineering Savings and Retirement Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Metric Engineering Savings and Retirement Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information included in the supplemental schedules in pages 9-12 as identified in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note A. Description of the Plan

The following description of the Metric Engineering ("Company") Savings and Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have satisfied three months of service and are age twenty-one or older. This is a 401(k) deferred compensation plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Upon death or disability, the accrued benefits of the participants will be paid to the beneficiaries as designated by the participants.

Contributions

For the year 2009 and 2008 employees eligible to participate were permitted to make elected deferrals in any amount from 2% up to 15% of their pretax annual compensation, as defined in the Plan. However, for any calendar year the elective deferrals may not exceed a specific amount determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 8% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors.

Participant Account

Each participant's account was credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. In 2002 and thereafter the vesting was amended to 20% after two years, 40% after three years, 60% after four years, and 100% after five years of credited service.

Loans to Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, provided the loan is adequately secured and bears a reasonable rate of interest commensurate with local prevailing rates. Repayment should take place within a specified period of time within a range of 5 years or up to 10 years for the purchase of a primary residence. Principal and interest is paid biweekly through payroll deductions.

Note A. Description of the Plan - continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to either lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Upon termination of service, a participant's non-vested account balance is treated as forfeiture. Forfeitures are allocated to and reduce future employer contributions. Total forfeitures amounted to $6,221 and $2,693 for the year 2009 and 2008, respectively.

Note B. Summary of Accounting Policies

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices were used to value investments. Shares of mutual funds were valued at quoted market prices, which represented the net asset value of shares held by the Plan at year end.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date.

Excess Contributions

During the years 2009 and 2008, there were no significant excess employee contributions.

Payments of Benefits

Benefits are recorded when paid.

Note C. Investments

All of the Plan's investments are held in individual annuity contracts directed by each participant. Each annuity contract has a guaranteed interest minimum. The aggregate value of the minimum guarantee is $3,884,894 and $3,442,897 at December 31, 2009 and 2008, respectively.

Note C. Investments - continued

The following presents the investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets.

	2009	2008
Shares of a Registered Investment Company		
AXA Equitable Life Insurance		
EQ/Balanced Fund	$ 489,838	$ 520,096
Common Stock Fund	560,080	453,029
EQ/Large Cap Value Plus	371,075	316,816
Multimanager Aggressive Equity	444,830	302,971
AXA Equitable Life Insurance		
Guaranteed Interest Account	$ 3,884,894	$ 3,442,897

During 2009, the Plan's investments in shares of registered investment companies appreciated in value (including gains and losses on investments bought and sold, as well as held during the year) by $817,686. During 2008, the Plan's investments in shares of registered investment companies decreased in value (including gains and losses on investments bought and sold, as well as held during the year) by $1,924,660.

Note D. Related Party Transactions

For the Plan years 2009 and 2008, there were no real estate or other related party transactions between the plan and the sponsor, plan administrator, or the employer.

Note E. Bonding Requirements

The Employee Retirement Income Security Act of 1974 requires fiduciaries of qualified benefit plans to be bonded with a bond equivalent to 10% of the assets held in the Plan at the beginning of the Plan year. The minimum bond is $1,000 and the maximum bond is $500,000. The Plan is in compliance with bonding requirements.

Note F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participate will become 100% vested in their accounts.

Note G. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2009 to Schedule H of Form 5500:

Net assets available for benefits per financial statements	$	7,970,123
Contributions receivable per financial statements		(23,810)
Contributions receivable per Schedule H of Form 5500		199
Rounding adjustment		(1)
Net assets available for benefits per Schedule H of Form 5500	$	7,946,511

The following is a reconciliation of contribution revenues per the financial statements for the year ended December 31, 2009 to Schedule H of Form 5500:

Contributions received per financial statements	$	764,999
Employee contributions receivable per financial statements as of 12/31/08		20,394
Contributions receivable per financial statements		(23,810)
Contributions receivable per Schedule H of Form 5500		199
Rounding adjustment		2
Contributions received per Schedule H of Form 5500	$	761,784

Note H. Tax Status

The Plan originally obtained a determination in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note I. Administration of Plan Assets

The Plan assets, which consist of mutual funds, a guaranteed interest account, and participants' loans, are held by an insurance company.

Note I. Administration of Plan Assets - continued

Participants and employer contributions are held and managed (as directed by the participants), by the insurance company, which invest the cash received, interest and dividend income and make distributions to participants. The insurance company also administers the loans to participants.

Certain administrative functions of the Plan are performed by officers or employees of the sponsor. No such officer or employee receives compensation from the Plan. Fees for the accounting third party service company and for the audit are paid directly by the sponsor.

Note J. Contingencies

There were no unusual or infrequent events or transactions occurring subsequent to the balance sheet date that might significantly affect the usefulness of the financial statements in assessing the Plan's present and future ability to pay benefits.

Note K. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
