NOTE 1. Description of the Plan

The following description of the Henry Troemner LLC Cash or Deferred Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan with an employer matching contribution covering all employees with one year of service, except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The eligible employees may defer from 1% to 15% elective deferral by payroll deduction. The employee is also permitted to make personal after-tax contributions to the Plan. The employer matching contributions are 50% of employee deferrals to a maximum of 6% of compensation. The Employer may also contribute a discretionary amount to be allocated to each participant in proportion to his or her compensation for the calendar year. For the year ended December 31, 2009 the employer's matching contribution was \$92,625.

Participant Accounts: Each participant's account is credited with the participant's elective deferrals, the participant's voluntary contributions; the employer's matching contribution, and allocations of (a) the employer's discretionary contribution, if any, and (b) the Plan earnings net of expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Employees are fully vested in all benefits and accounts can not be forfeited for any reason.

Investments: Participants direct the investment of their contributions into various investment opportunities offered by the Plan. Participants may change their investment options at any time.

Participant Loans: Participant loans are permitted under the Plan. Loans must be approved by the Plan administrator and are subject to a strict set of rules established by law.

NOTE 1. Description of the Plan (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, or in the event of a hardship, a participant may elect to receive a distribution in a single lump sum payment equal to the value of the participant's vested interest or installment payments. As of December 31, 2009, there were no participants who elected to withdraw and had not been paid.

NOTE 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with US generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair market value as determined by the Plan's Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Administrative expenses of the Plan, including audit fees, are paid by the Plan Sponsor. For 2009, the Plan sponsor paid \$6,632 in expenses related to the Plan.

NOTE 5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, each participant would become 100% vested in his or her account balance.

NOTE 6. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of PNC Advisors. PNC Advisors acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as a party-in-interest transaction which is exempt from the prohibited transaction rules of ERISA.

Notes to Financial Statements

(See Independent Auditors' Report)

NOTE 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. Fair Value Measurements

The Plan adopted Financial Accounting Standards Board Statement of Financial Accounting Standard (SFAS) No. 157, *Fair Value Measurement*, effective January 1, 2008. SFAS No. 157 establishes a framework for measuring fair value and expands disclosures about fair value. FASA No. 157 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of inputs significant to the fair value measurement. The adoption of SFAS No. 157 did not have a material impact on the Plan's financial statements, although it did result in expanded disclosures.

The three levels of the fair value hierarchy under SFAS No. 157 are described below:

Level I - Inputs to the valuation methodology are unadjusted quoted prices in active markets for the identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level II - Inputs to the valuation methodology are observable inputs other than Level I prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active for identical or similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data. If the assets or liability has a specified (contractual) term, the Level II input must be observable for substantially all of the full term of the asset or liability.

Notes to Financial Statements

December 31, 2009

(See Independent Auditors' Report)

NOTE 8. Fair Value Measurements (Continued)

Level III – Inputs to the valuation methodology are unobservable inputs that are supported by little or no market activity and significant to the fair value of the asset or liabilities that are developed using the reporting entities' estimates and assumptions, which reflect those that market participants would use.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2009:

	<u>Participant Loans</u>
Balance, beginning of year	\$ 89,109
Loan repayments	(68,046)
New loans	<u>54,700</u>
	<u>\$ 75,763</u>

NOTE 9. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 8, 2010, which is the date the statements were available for release. No subsequent events have been recognized or disclosed.

These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 of the financial statements which was certified by PNC Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan's Administrator has obtained certification from PNC Bank as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the Plan Administrator by trustee is complete and accurate.

NOTE 1. Description of the Plan

The following description of the Henry Troemner LLC Cash or Deferred Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan with an employer matching contribution covering all employees with one year of service, except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The eligible employees may defer from 1% to 15% elective deferral by payroll deduction. The employee is also permitted to make personal after-tax contributions to the Plan. The employer matching contributions are 50% of employee deferrals to a maximum of 6% of compensation. The Employer may also contribute a discretionary amount to be allocated to each participant in proportion to his or her compensation for the calendar year. For the year ended December 31, 2009 the employer's matching contribution was \$92,625.

Participant Accounts: Each participant's account is credited with the participant's elective deferrals, the participant's voluntary contributions; the employer's matching contribution, and allocations of (a) the employer's discretionary contribution, if any, and (b) the Plan earnings net of expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Employees are fully vested in all benefits and accounts can not be forfeited for any reason.

Investments: Participants direct the investment of their contributions into various investment opportunities offered by the Plan. Participants may change their investment options at any time.

Participant Loans: Participant loans are permitted under the Plan. Loans must be approved by the Plan administrator and are subject to a strict set of rules established by law.

NOTE 1. Description of the Plan (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, or in the event of a hardship, a participant may elect to receive a distribution in a single lump sum payment equal to the value of the participant's vested interest or installment payments. As of December 31, 2009, there were no participants who elected to withdraw and had not been paid.

NOTE 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with US generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair market value as determined by the Plan's Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Administrative expenses of the Plan, including audit fees, are paid by the Plan Sponsor. For 2009, the Plan sponsor paid \$6,632 in expenses related to the Plan.

Notes to Financial Statements

(See Independent Auditors' Report)

NOTE 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. Fair Value Measurements

The Plan adopted Financial Accounting Standards Board Statement of Financial Accounting Standard (SFAS) No. 157, *Fair Value Measurement*, effective January 1, 2008. SFAS No. 157 establishes a framework for measuring fair value and expands disclosures about fair value. SFAS No. 157 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of inputs significant to the fair value measurement. The adoption of SFAS No. 157 did not have a material impact on the Plan's financial statements, although it did result in expanded disclosures.

The three levels of the fair value hierarchy under SFAS No. 157 are described below:

Level I - Inputs to the valuation methodology are unadjusted quoted prices in active markets for the identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level II - Inputs to the valuation methodology are observable inputs other than Level I prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active for identical or similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data. If the assets or liability has a specified (contractual) term, the Level II input must be observable for substantially all of the full term of the asset or liability.

HENRY TROEMNER LLC CASH OR DEFERRED
PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2009

(See Independent Auditors' Report)

NOTE 8. Fair Value Measurements (Continued)

Level III – Inputs to the valuation methodology are unobservable inputs that are supported by little or no market activity and significant to the fair value of the asset or liabilities that are developed using the reporting entities' estimates and assumptions, which reflect those that market participants would use.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2009:

	<u>Participant</u> <u>Loans</u>
Balance, beginning of year	\$ 89,109
Loan repayments	(68,046)
New loans	<u>54,700</u>
	<u>\$ 75,763</u>

NOTE 9. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 8, 2010, which is the date the statements were available for release. No subsequent events have been recognized or disclosed.

NOTE 8. Fair Value Measurements (Continued)

Level III – Inputs to the valuation methodology are unobservable inputs that are supported by little or no market activity and significant to the fair value of the asset or liabilities that are developed using the reporting entities' estimates and assumptions, which reflect those that market participants would use.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2009:

	<u>Participant</u> <u>Loans</u>
Balance, beginning of year	\$ 89,109
Loan repayments	(68,046)
New loans	<u>54,700</u>
	<u>\$ 75,763</u>

NOTE 9. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 8, 2010, which is the date the statements were available for release. No subsequent events have been recognized or disclosed.

NOTE 1. Description of the Plan

The following description of the Henry Troemner LLC Cash or Deferred Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan with an employer matching contribution covering all employees with one year of service, except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The eligible employees may defer from 1% to 15% elective deferral by payroll deduction. The employee is also permitted to make personal after-tax contributions to the Plan. The employer matching contributions are 50% of employee deferrals to a maximum of 6% of compensation. The Employer may also contribute a discretionary amount to be allocated to each participant in proportion to his or her compensation for the calendar year. For the year ended December 31, 2009 the employer's matching contribution was \$92,625.

Participant Accounts: Each participant's account is credited with the participant's elective deferrals, the participant's voluntary contributions; the employer's matching contribution, and allocations of (a) the employer's discretionary contribution, if any, and (b) the Plan earnings net of expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Employees are fully vested in all benefits and accounts can not be forfeited for any reason.

Investments: Participants direct the investment of their contributions into various investment opportunities offered by the Plan. Participants may change their investment options at any time.

Participant Loans: Participant loans are permitted under the Plan. Loans must be approved by the Plan administrator and are subject to a strict set of rules established by law.

NOTE 1. Description of the Plan (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, or in the event of a hardship, a participant may elect to receive a distribution in a single lump sum payment equal to the value of the participant's vested interest or installment payments. As of December 31, 2009, there were no participants who elected to withdraw and had not been paid.

NOTE 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with US generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair market value as determined by the Plan's Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Administrative expenses of the Plan, including audit fees, are paid by the Plan Sponsor. For 2009, the Plan sponsor paid \$6,632 in expenses related to the Plan.

NOTE 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. Fair Value Measurements

The Plan adopted Financial Accounting Standards Board Statement of Financial Accounting Standard (SFAS) No. 157, *Fair Value Measurement*, effective January 1, 2008. SFAS No. 157 establishes a framework for measuring fair value and expands disclosures about fair value. FASA No. 157 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of inputs significant to the fair value measurement. The adoption of SFAS No. 157 did not have a material impact on the Plan's financial statements, although it did result in expanded disclosures.

The three levels of the fair value hierarchy under SFAS No. 157 are described below:

Level I - Inputs to the valuation methodology are unadjusted quoted prices in active markets for the identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level II - Inputs to the valuation methodology are observable inputs other than Level I prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active for identical or similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data. If the assets or liability has a specified (contractual) term, the Level II input must be observable for substantially all of the full term of the asset or liability.

NOTE 8. Fair Value Measurements (Continued)

Level III – Inputs to the valuation methodology are unobservable inputs that are supported by little or no market activity and significant to the fair value of the asset or liabilities that are developed using the reporting entities' estimates and assumptions, which reflect those that market participants would use.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2009:

	<u>Participant Loans</u>
Balance, beginning of year	\$ 89,109
Loan repayments	(68,046)
New loans	<u>54,700</u>
	<u>\$ 75,763</u>

NOTE 9. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 8, 2010, which is the date the statements were available for release. No subsequent events have been recognized or disclosed.
