NOTE 1. DESCRIPTION OF PLAN

The following description of the Right Way Plumbing Company, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Right Way Plumbing Company, Inc. (the "Company") who have completed one year of services and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make qualified non-elective contributions to the Plan at the option of the Company's board of directors. For the year ended December 31, 2009, the Company provided a matching contribution of 25% of the participant's contribution. Matching contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution (if any) and the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's qualified non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participants vests 20% each year and is fully vested after six years of credited service. Forfeitures are used to reduce future employer qualified non-elective matching contributions.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are not to exceed five years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrators. Principal and interest are paid ratably through payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Elections

Each participant may direct their contribution to be invested in one or more of the various investment options. A participant may change such allocation at any time directly with the Plan's record keeper. All employer contributions are allocated in the same allocation percentages as the employee's contribution.

Forfeited Accounts

At December 31, 2009, forfeited non-vested accounts totaled $25,789. These amounts will be used to reduce future Company contributions.

Payment of Benefits

On terminations of service due to death, disability or retirement, a participant may elect to receive the value of their vested interest in their account in a lump-sum payment. Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Estimates

The financial statements of the Plan are prepared using the accrual method of accounting and following accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires the plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuations and Income Recognitions

Investments maintained in the insurance company's pooled separate accounts are repotted at contract value by the insurance company, which represents approximate fair value. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The account is credited with earnings on the underlying investments charged for Plan withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are as follows:

	2009
Black Rock Global Allocation	$ 336,764
Delaware Diversified Income	$ 114,854
Goldman Sachs Government Income Svc	$ 107,647
Merrill Lynch Retirement Preservation	$ 90,377

Thornburg International Value	$ 67,779

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by approximately $227,000.

NOTE 4. INVESTMENT CONTRACT WITH TRUST COMPANY

During the year 2009, the Plan terminated its agreement with Hancock Life Insurance Company as custodian of its investments and entered into a new agreement with Mid Atlantic Trust Company ("Mid Atlantic"). Mid Atlantic maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at contract value as reported to the Plan by Mid Atlantic. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the custodian:

	2009

Investments, at fair value – Money Market interest account	90,377
Investments, at fair value – participant loans	58,442
Total investments	$ 1,310,579

Investment income certified by the Plan's custodian for the year ended December 31, 2009 is as follows:

Interest and dividends	$ 11,607
Investment loss	$ 226,881
Investment expenses	$ 9,603

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7. TAX STATUS

The Company adopted a prototype 401(k) plan. The Plan's sponsor received a favorable determination letter from the Internal Revenue Service for the prototype plan, stating that the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan's termination, participants will become 100% vested in their accounts.
