INDEPENDENT AUDITOR'S REPORT

Plan Administrator
SCOI 401(k) Plan

I was engaged to audit the financial statements and supplemental schedule of the SCOI 401(k) Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life and Annuity Insurance Company (GWLA), except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that GWLA holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from GWLA as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by GWLA is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified GWLA, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SCOI (the Company) 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Company who are at least 21 years of age and have completed 3 months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a maximum dollar amount as determined by the Federal Government. For 2009 and 2008, the maximum dollar amount was $16,500 and $15,500, respectively. Participants who have attained age 50 prior to the close of a plan year are also eligible to make a catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a number of investment options in pooled-separate accounts and investment contracts managed by Great-West Life and Annuity Insurance Company (Great-West). The Company, on a discretionary basis, contributes a matching amount as a percentage of the amount a participant contributes to the Plan. The matching Company contribution is invested in the investments as directed by the participants for their pre-tax deferrals. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Company contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is generally 100% vested after five years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Note Fund. Loan terms range from 1 to 5 years or up to a reasonable period of time for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1%. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries, are entitled to receive the entire contents of the account. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Participants will receive benefits in a single lump sum.

Forfeited Accounts

At December 31, 2009 and 2008 forfeited nonvested accounts totaled $13,212 and $4,492, respectively. These accounts will be used to pay Plan expenses or to reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value, is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment contracts held by the Plan are not fully benefit-responsive and accordingly no adjustment from fair value to contract value has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements and methodologies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Significantly all costs of administering the Plan are paid for by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2010, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2009	2008
American Funds 2025 Target Date Retirement Fund	**$ 687,026**	$ 721,169
American Funds 2035 Target Date Retirement Fund	**798,012**	592,848
American Funds AMCAP Fund	**421,046**	-
American Funds Cash Management Trust	**-**	526,390
American Funds The Growth Fund of America	**823,308**	579,475
Nuveen Tradewinds Value Opportunities Fund	**575,724**	344,080

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $1,669,559.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled-Separate Accounts:

These investments are made by the Plan in a group annuity contract which is invested in units of separate pooled accounts consisting of shares in mutual funds and funds of funds. The unit value is based on the value of the underlying assets owned by the

account, minus its liabilities, and then divided by the number of units outstanding. The unit value is classified within level 2 of the valuation hierarchy because the unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

GWLA Investment Contracts:

These investments (Guaranteed Certificate Fund and Guaranteed Portfolio) are made by the Plan in a group annuity contract which is invested in the general assets of Great-West Life and Annuity Insurance Company who guarantees a fixed interest rate. These investments are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant Loans:

Participant loans are valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008 by caption on the Statements of Net Assets Available for Benefits:

	December 31, 2009			
	Prices in active markets (Level 1)	**Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**

Total assets at fair value	$ -	$ 7,653,463	$ 381,366	$ 8,034,829

	December 31, 2008

Total assets at fair value	$ -	$ 5,787,271	$ 363,524	$ 6,150,795

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Investment Contracts	Participant Loans	Total
Balance, beginning of year	$ 210,572	$ 152,952	$ 363,524
Purchases, sales, issuances and settlements	(10,113)	27,955	17,842
Balance, end of year	$ 200,459	$ 180,907	$ 381,366

NOTE 5 - INFORMATION CERTIFIED BY GREAT-WEST (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by Great-West and furnished to the plan administrator. The plan administrator has obtained certifications from Great-West that such information is complete and accurate:

The value of investments as indicated in the statements of net assets available for benefits and notes to financial statements.

All information indicated in the statement of changes in net assets available for benefits, with the exception of contributions, benefits paid to participants and administrative expense.

All information indicated in the supplemental schedule.

NOTE 6 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

The Plan invests in pooled separate and guaranteed accounts managed by Great-West. Great-West is the recordkeeper and custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan is qualified under the provisions of the Internal Revenue Code (IRC) and is not subject to Federal and state income taxes. Participating employees are not subject to

Federal and state income taxes on employee and employer contributions, or on income accruing to their accounts, until they receive distributions from the Plan.

The Plan was amended and restated effective January 1, 2010 and is relying on an opinion letter issued on March 31, 2008 in which the Internal Revenue Service stated that the Volume Submitter Profit Sharing Plan with CODA, as then designed was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
