Independent Auditor's Report

The Plan Administrator
Employee Benefit Plan of Behavioral
Connections of Wood County
Bowling Green, Ohio

We were engaged to audit the statements of net assets available for benefits of the Employee Benefit Plan of Behavioral Connections of Wood County as of November 30, 2009 and December 31, 2008, and the related statements of changes in net assets available for benefits for the eleven-month period and year then ended. These financial statements are the responsibility of the Plan's management. All assets of the Plan were transferred on November 30, 2009 out of the Plan, as described in Note 3.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mutual of America Life Insurance Company, the asset manager of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the asset manager holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the asset manager as of and for the eleven-month period ended November 30, 2009 and year ended December 31, 2008, that the information provided to the plan administrator by the asset manager is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the asset manager, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
November 30, 2009 and December 31, 2008**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies followed in preparing the financial statements of Employee Benefit Plan of Behavioral Connections of Wood County (the Plan) are presented below. The Plan has terminated and the net assets were distributed to Plan participants on November 30, 2009, as more fully described in Note 3.

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on an accrual method of accounting. Such financial statements present the net assets available for benefits and changes in such net assets.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual of America Life Insurance Company (Mutual of America), holds the Plan's investments and executes investment transactions. Investments consist of a general investment account and pooled separate investment accounts.

The general investment account is reported at fair value which is computed by Mutual of America using a cash flow discounting model. Pooled separate investment accounts are also reported at fair value which is the current market value of each account as reported by Mutual of America. The current market value of each account is determined by Mutual of America based on the quoted net asset value of the fund since all pooled separate accounts consist solely of investments in mutual funds traded on a national exchange.

The net appreciation (depreciation) in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on investments purchased, sold and held during the year.

Purchases and sales of investments are recorded on a trade-date basis.

Payment of Benefits

Benefit payments to participants or their beneficiaries are recorded upon payment.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Administrative expenses represent charges from Mutual of America for recordkeeping and other services. Behavioral Connections of Wood County, Inc. (BCWC), the sponsor of the Plan, pays all other administrative expenses, including internal costs, incurred with respect to operating the Plan.

New Accounting Pronouncement

In June 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2009-01 (formerly FASB No. 168), *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*. The Accounting Standards Codification (ASC) is the single source of authoritative non-governmental U.S. generally accepted accounting principles (GAAP). The ASC does not change current GAAP, but is intended to simplify user access to all authoritative GAAP by providing all the authoritative literature related to a particular topic in one place. All existing accounting standard documents are superseded and all other accounting literature not included in the Codification is considered nonauthoritative. The ASC is effective for financial statements issued for periods ending after September 15, 2009. The adoption of ASU No. 2009-01 did not have any impact on the financial statements of the Plan as it only required changes to GAAP references in the financial statements.

NOTE 2 - DESCRIPTION OF PLAN

The Plan adopted the prototype plan of Mutual of America. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was a non-contributory defined contribution plan which covered all full-time employees of BCWC who had completed one year of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

BCWC contributed monthly to the Plan an amount equal to 7% of each participant's compensation (as defined), subject to limitations established by the Internal Revenue Code. Effective November 1, 2005, the contribution rate was reduced to 1% of compensation. Management's intention was to increase this rate by 1% every two months until the contribution rate returned to 7%. Effective June 1, 2007, the contribution rate was set at 5.5% and remained at such rate until Plan termination on May 21, 2009.

NOTE 2 - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Participants directed the investment of their account balance into various investment options which had been approved by the plan administrator. Such options consisted of 24 pooled separate investment accounts, as well as the general investment account.

Participant Accounts

Each participant's account was credited with an allocation of contributions from BCWC and an allocation of administrative expenses and the investment income or loss of the accounts in which the participant chose to invest.

Vesting

Vesting was based on years of continuous service. A participant became 100% vested in their account after three years of credited service. All participants became fully vested upon termination of the Plan.

Payment of Benefits

Participants or their beneficiaries were entitled to receive the vested portion of the participant's account upon normal retirement (age 65), early retirement (age 55), death, disability, termination of employment or termination of the Plan without the establishment of a successor plan. Benefit options included a lump sum distribution or in annuity payments resulting from the purchase of an annuity contract.

Forfeitures

Upon termination of employment, the nonvested portion of a participant's account was forfeited immediately to the extent a distribution of vested benefits was made to the participant. If the participant resumed employment within five years following the date on which termination occurred, and repaid to the Plan the full amount of the distribution, the participant's account was restored to the amount on the date of distribution. All other forfeitures occurred when a participant sustained a five-year break in service. All forfeitures were allocated to participant accounts based on participant account balances at May 21, 2009. Forfeitures were used to reduce contributions by BCWC and amounted to \$4,788 for the year ended December 31, 2008. Forfeitures available to offset future contributions amounted to \$58 at December 31, 2008.

NOTE 3 - PLAN TERMINATION

On April 30, 2009, the BCWC Board of Directors passed a resolution to terminate the Plan effective May 21, 2009. At this time, BCWC ceased contributions to the Plan and all participants became 100% vested in their account balance. Participants had the option of transferring their account balance to BCWC's 403(b) Plan or to a Mutual of America Individual Retirement Account. All assets were transferred as of November 30, 2009.

NOTE 4 - INVESTMENTS

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America, as asset manager, has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments of \$2,841,138 at December 31, 2008 (none at November 30, 2009).
- Net investment income (loss) of \$184,963 and \$(386,795) for the eleven-month period and year ended November 30, 2009 and December 31, 2008, respectively.
- Net asset transfer of \$2,452,240 out of Plan, as described in Note 3.

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2008, are as follows:

Mutual of America Life Insurance Company:

General investment account	\$ 2,104,782
Pooled separate investment account – Fidelity VIP Contra Fund	207,923

The Plan's independent auditors did not perform any auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair Value Measurements, FASB ASC 820-10 (ASC 820-10), defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

FASB ASC 820-10 requires the use of valuation techniques that should be consistently applied. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, FASB ASC 820-10 establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**EMPLOYEE BENEFIT PLAN OF
BEHAVIORAL CONNECTIONS OF WOOD COUNTY
NOTES TO FINANCIAL STATEMENTS
November 30, 2009 and December 31, 2008**

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets of the Plan measured at fair value (there were no liabilities) at December 31, 2008 (there were no financial assets or liabilities at November 30, 2009):

General Investment Account: Valued at fair value which is computed by Mutual of America using a cash flow discounting model.

Pooled Separate Accounts: Valued at the closing price reported on the active market on which the individual securities held by the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 6- PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments represent units of pooled separate accounts as well as the general investment account of Mutual of America, asset manager of the Plan. Consequently, fees paid to Mutual of America qualify as party-in-interest. Fees paid by the Plan to Mutual of America for recordkeeping and other services amounted to \$2,046 and \$2,742 for the eleven-month period and year ended November 30, 2009 and December 31, 2008, respectively.

NOTE 7 - FEDERAL INCOME TAXES

Through a favorable determination letter dated February 2, 1998, the Internal Revenue Service has determined that the Plan, as amended and restated effective November 18, 1997, was qualified under Section 401(a) of the Internal Revenue Code and exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Plan has subsequently been amended; however, the plan administrator believes that the Plan continued to qualify as a tax-exempt plan through the date of termination.

NOTE 8 - SUBSEQUENT EVENTS

Management evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued. Events or transactions occurring after November 30, 2009, but prior to October 7, 2010 that provided additional evidence about conditions that existed at November 30, 2009, have been recognized in the financial statements for the eleven-month period ended November 30, 2009. Events or transactions that provided evidence about conditions that did not exist at November 30, 2009 but arose before the financial statements were available to be issued, have not been recognized in the financial statements for the eleven-month period ended November 30, 2009.
