1. DESCRIPTION OF THE PLAN

The following description of the SIMCO Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established in 1981 by SIMCO Electronics (the Company) to provide retirement benefits for its employees. The Plan is a defined contribution plan covering all eligible employees who are not members of a union subject to a collective bargaining agreement or leased employees or employees who are paid cash in lieu of benefits in accordance with a United States Department of Labor Wage Determination which has been issued as a requirement of the Service Contract Act of 1965, as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions - Participants may voluntarily contribute up to 90% of pretax compensation limited to the maximum allowable under the provisions of the Internal Revenue Code (IRC). Participants who are age 50 and over may make additional catch-up contributions. A participant may increase or decrease the amount of contributions at any time. Contributions withheld are invested in accordance with the participant's directions and are allocated to funds in 1% increments.

Participants may also make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Effective February 1, 2008, through an amendment to the Plan, new participants who do not affirmatively elect salary deferral contributions at the time of Plan entry are automatically enrolled at a 6% salary deferral contribution (which they may affirmatively rescind at any time thereafter).

Employer Contributions - Effective October 16, 2009, the Company discontinued its non-discretionary employer matching contribution. Prior to that date, the Company made matching contributions equal to 50% of salary deferral contributions up to 3% of the participant's eligible compensation, as defined in the Plan agreement. Effective with the Plan's amendment on October 16, 2009, employer matching contributions are discretionary. The Plan also allows for an additional annual employer discretionary profit sharing contribution, in an amount determined by the Company, to participants who are eligible to share in the contributions for the Plan year. No discretionary contributions were made in the years ended December 31, 2009 and 2008.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, and (b) Plan investment earnings or losses. Allocations of the Company's contributions are based on participant contributions or eligible participants' compensation, as defined in the Plan agreement. Allocations of Plan investment earnings are based on participant account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the vested balance of the participant's account.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contributions and discretionary profit sharing contributions is based on the participant's years of vesting service. Participants who complete 1,000 hours of service for each Plan year receive one year of vesting service. Participants are vested 100% in discretionary profit sharing contributions after completing two years of service. The vesting schedule for the Company's matching contributions is as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Investment Options - Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into the various mutual funds available through JPMorgan Chase Bank N.A. or into a self-directed brokerage account.

Payment of Benefits - Upon termination of service, death, disability or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into a qualified plan. Upon termination of service, if a participant's account balance is in excess of $5,000, the participant may delay receipt of the distributions. Additionally, if a terminated participant's account does not exceed $1,000, it will be distributed by means of a lump-sum amount only. If a terminated participant's account balance is between $1,000 and $5,000 and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan account, as determined by the Plan administrator, on behalf of the participant. However, for all participants, minimum required distributions must be made by April 1st following the year in which the participant retires or reaches the age 70½. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age.

Forfeited Accounts - The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce employer contributions and may be used to pay Plan expenses. For the years ended December 31, 2009 and 2008, respectively, forfeited non-vested accounts amounted to $11,965 and $17,716, which were all used to reduce required employer contributions or Plan expenses.

1. DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses - The Company has elected to fund all administrative costs other than those associated with certain participant directed transactions.

Plan Termination - The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund, which will remain in existence until the Company requests the discontinuance of the trust agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan prepares its financial statements under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for Plan benefits during the reporting period. Actual results may differ from those estimates.

Income Taxes - The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was issued on March 31, 2008 regarding the qualified status of the prototype plan on which the terms of the Plan are based. The Plan has been amended since adoption of the prototype plan; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value (see Note 3). Mutual funds are valued based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation or depreciation in the fair value of investments for each year is reflected in the Statements of Net Assets Available for Plan Benefits and in the Statements of Changes in Net Assets Available for Plan Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued) - Investments in common/collective trust funds are valued at their last reported net asset value. The underlying investments in the common/collective trust funds consist of common stocks, fixed income securities, short-term investments and shares of a combination of underlying funds, which are stated at fair market value. Investments in underlying funds are valued at the net asset value per share of each underlying fund. Investments in common stocks for which market quotations are available are valued at the last sale price on the stock's principal exchange or closing bid price if no sale has occurred. Fixed income securities are valued on the basis of the closing bid price. Short-term investments are valued at amortized cost, which approximates fair value. All other underlying investments in the common/collective trust funds are stated at fair value as determined pursuant to procedures established by the Board of Trustees of the funds.

Payments of Benefits - Plan benefits are recorded when paid.

Reclassifications - Certain amounts in the prior year financial statements presented have been reclassified to conform to the current financial statement presentation. These reclassifications had no effect on the previously reported decrease in net assets.

Subsequent Events - In accordance with accounting standards regarding subsequent events, the Plan has evaluated subsequent events through October 13, 2010, which is the date these financial statements were issued. All subsequent events requiring recognition as of December 31, 2009 and 2008 have been incorporated into these financial statements.

3. INVESTMENTS - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was prepared and certified as complete and accurate by JPMorgan Chase Bank N.A. and was not subjected to any auditing procedures:

3. INVESTMENTS - INFORMATION CERTIFIED BY TRUSTEE (Continued)

Accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority, consisting of significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available, and the Plan had no investments valued using Level 3 inputs.

Level 1 Fair Value Measurements - The fair values of short-term money market, registered investment companies and corporate common stock are based on quoted market prices, when available.

Level 2 Fair Value Measurements - The fair value of common/collective trust funds are based on the investment's net asset value per unit.

The fair values of individual investments that represent five percent or more of the Plan's net assets as of December 31 are as follows:

	2009	2008
SSGA US Government Money Market Fund	$ 2,540,660	$ 2,111,145
T. Rowe Price Mid-Cap Value Fund	1,339,546	905,479

SSGA Life Solutions Balanced Fund	664,184	517,288
DWS High Income Plus Fund	590,477	395,163

4. TERMINATED EMPLOYEE ACCOUNTS

At December 31, 2009 and 2008, 81 and 61 participants, respectively, had terminated employment. Their vested account balances included in net assets available for Plan benefits were $1,881,125 and $821,786, respectively, as of those dates. None of the terminated participants remaining in the Plan at December 31, 2009 and 2008, respectively, had requested to withdraw from the Plan as of those dates.

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds sponsored by JPMorgan Chase Bank N.A. or in self-directed brokerage accounts. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statements of Changes in Net Assets Available for Plan Benefits. Through June 30, 2010, individual fund returns ranged from a loss of 11.3% to a gain of 5.7% since December 31, 2009, with 14 of the 27 funds offered ranging between gains and losses of 5%.
