To the Plan Administrator of
Centennial Communications Corp.
Retirement Investment Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Centennial Communications Corp. Retirement Investment Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. Other auditors were engaged to audit the statement of net assets available for benefits of Centennial Communications Corp. Retirement Investment Plan as of December 31, 2008. Their report dated October 8, 2009, disclaimed an opinion on that financial statement as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4 as of and for the year ended December 31, 2009, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2009, taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement Investment Plan

Notes to Financial Statements

December 31, 2009

1. Description of the Plan

The following description of Centennial Communications Corp. Retirement Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information. Centennial Communications Corp. (Centennial or the Company) is the Plan sponsor.

On November 7, 2009, Centennial was acquired by AT&T Inc., a Delaware corporation (AT&T) and Independence Merger Sub Inc., a Delaware Corporation and a direct, wholly owned subsidiary of AT&T (Merger Sub). Merger Sub was merged with and into Centennial, continuing as the surviving corporation and a direct, wholly owned subsidiary of AT&T.

General

The Plan is a defined contribution plan, which was established on October 1, 2001 to cover all of the employees of the Company. Employees are eligible to participate in the Plan the first day of the calendar month coinciding with or following the employee's employment commencement date. Employees must have attained age 18 before being able to enter the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Massachusetts Mutual Life Insurance Company serves as the custodian, and MassMutual Retirement Services, a division of Massachusetts Mutual Life Insurance Company, is the recordkeeper of the Plan.

Participant Contributions

Employees are automatically enrolled as participants in the Plan unless the employee elects otherwise. The auto-enrollment deferral percentage for participants is 2%. The Plan allows participants to contribute for each payroll period a percentage of their compensation (increments of 1%) or a flat dollar amount subject to Internal Revenue Service (IRS) annual limitations. The Plan also allows for catch-up contributions for participants who will attain age 50 by the end of the Plan year.

Participants may also transfer money from other qualified plans into the Plan as rollover contributions.

1. Description of the Plan (continued)

Company Contributions

On or after the date a participant has completed one year of service, the Company makes a matching contribution of 50% of the participant's basic contribution up to a maximum of 6% of the participants' annual compensation. Participants must be employed on December 31 in order to share in the allocation of matching contributions. Additional contributions and profit sharing contributions may be made at the discretion of the board of directors of the Plan sponsor. The Company made a discretionary profit sharing contribution of \$514,000 to the Plan in September 2009, and it was allocated to all participants under an integrated formula in accordance with the Plan document.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, allocations of Company discretionary contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

If a Participant dies while employed by the Company before a distribution to which he is entitled, the value of his entire account as of the valuation date as defined in the Plan document, coinciding with or immediately following his death, shall be distributed to his beneficiary in a single lump sum payment. A participant who terminates his employment for any reason other than death shall be entitled to receive a distribution of the value of his vested account as of the valuation date coinciding with or immediately following his termination of employment. If the value of the participant's vested account does not exceed \$5,000, distribution shall be made to the participant as soon as practicable in a single lump sum payment. If the value of the participant's vested account exceeds \$5,000, the participant may elect to receive distribution of his vested account in a lump sum as soon as practicable, or to defer such lump sum distribution to any valuation date occurring on or after his termination of employment, but no later than the valuation date coinciding with or immediately following his normal retirement date.

1. Description of the Plan (continued)

Withdrawals

Upon withdrawal from the Plan, each participant or beneficiary shall receive a distribution based on his or her vested account balance as of the date as provided in the Plan document. Participants who terminate on or after their normal retirement age or due to death or disability are 100% vested in their account balance, which includes the participant's and the Company's contributions. Participants who terminate for any other reason shall be entitled to receive 100% of the amount they have contributed to the Plan and related earnings plus a percentage of the Company's contributions made on their behalf and related earnings based on the number of years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year but less than 2	20
2 years but less than 3	40
3 years but less than 4	60
4 years but less than 5	80
5 years or more	100

Investment Options

Participants may direct their contributions into any of the investment options made available by the Plan. Participants may change their investment allocations between funds on a daily basis. The Plan currently offers a separate account guaranteed investment contract (SAGIC) and mutual funds as options.

Participant Loans

Participants may borrow from their fund accounts from \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. All loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined quarterly by the Plan administrator, and are payable in accordance with the terms outlined in the Plan document. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan (continued)

Forfeitures

The portion of a participant's account balance that is not vested at the time of separation from service is retained in the Plan and used to reduce future Company contributions or to defray the expenses of the Plan. At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$49,749 and \$26,705, respectively. During 2009, forfeitures in the amount of \$62,174 were used to reduce Company contributions.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan's sponsor as provided in the Plan document.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The Plan includes an investment option to participants in a MassMutual Retirement Services SAGIC, a market value separate account investment option with a general investment account guarantee that provides a stated rate of return. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is also often referred to as "Book Value." The fair value represents the liquidation value as documented within the SAGIC contract and assumes that the intrinsic value of the general investment account guarantee is immaterial. Liquidation value is the market value of the assets in the separate account. The SAGIC is considered to be benefit-responsive, notwithstanding the liquidation value events under the contract that limit the ability of the Plan to transact at contract value. The SAGIC is recorded at fair value (see Note 3); however, since it is fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Benefits Paid to Participants

Benefits are recorded when paid. There were no amounts payable at December 31, 2009 and 2008 to participants who have terminated participation in the Plan.

Retirement Investment Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Refund of Excess Participant Contributions

In order to be in compliance with the nondiscrimination rules of the Internal Revenue Code (the Code), the Plan returned excess contributions to certain highly compensated employees. The Plan recorded a liability in the amount of \$91,454 and \$94,621 at December 31, 2009 and 2008, respectively. The corresponding amount debited is reflected in participant contributions on the accompanying statement of changes in net assets available for benefits.

Recent Accounting Standards

Accounting Standards Codification

In June 2009, the Financial Accounting Standards Board (FASB) issued standards that established the FASB Accounting Standards Codification (ASC or Codification) as the source of authoritative GAAP by the FASB for nongovernmental entities. The ASC supersedes all non-SEC accounting and reporting standards that existed at the ASC's effective date. The FASB uses Accounting Standards Updates (ASUs) to amend the ASC. The Plan's financial statements refer to ASUs throughout the footnotes where deemed relevant and make general references to pre-Codification standards. These standards were effective for periods ending after September 15, 2009 (i.e., the year ended December 31, 2009, for the Plan). There was no impact on the Plan's financial statements in the adoption of these standards, except for updating the appropriate references to the guidance that was codified in these standards.

Subsequent Events

In May 2009, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 165, *Subsequent Events*, which was codified into ASC 855, *Subsequent Events*, to provide general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. ASC 855 was amended in February 2010. The Plan has adopted ASC 855, as amended.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements and Disclosures

In April 2009, ASC 820, *Fair Value Measurements and Disclosures*, was amended to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to normal market activity for the asset or liability. This amendment (ASC 820-10-65) also provides additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities in meeting the disclosure requirements of ASC 820. Per ASC 820-10-65, this amendment is effective for reporting periods ending after June 15, 2009 (i.e., the year ended December 31, 2009, for the Plan), and the Plan has adopted this amendment. Adoption of ASC 820-10-65 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In January 2010, the FASB issued ASU 2010-06, *Fair Value Measurements and Disclosures—Improving Disclosures about Fair Value Measurements*, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1, 2, and 3. ASU 2010-06 also clarifies that fair value measurement disclosures are required for each class of financial asset and liability, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than Level 3 measurements, ASU 2010-06 is effective for fiscal years and interim periods beginning on or after December 15, 2009 (i.e., the year ending December 31, 2010, for the Plan). New guidance related to Level 3 measurements is effective for fiscal years and interim periods beginning on or after December 15, 2010 (i.e., the year ending December 31, 2011, for the Plan). Plan management is currently evaluating the impact of ASU 2010-06 on the Plan's financial statements.

Notes to Financial Statements (continued)

3. Fair Value Measurements

ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are summarized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies are used for the Plan's assets measured at fair value. Mutual funds are valued using published market prices, which represent the net asset value of the shares held by the Plan at year-end. Participant loans are valued at their outstanding loan balances, which Plan management has determined approximate fair value.

4. Investments (continued)

All investment information disclosed in the accompanying financial statements and notes and supplemental schedule including investments held and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2009 and 2008, and net appreciation in fair value of mutual funds, interest income, and dividends for the year ended December 31, 2009, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company, the custodian of the Plan.

5. Investment in Guaranteed Investment

MassMutual Retirement Services SAGIC

The SAGIC provides a stable value investment alternative for participants. Participant account balances invested in the SAGIC are credited with a guaranteed rate that is reset at least annually. The SAGIC participates in the actual investment experience of the underlying bond portfolio through the Book Value Account Interest Rate reset process. The rate reset process is structured to provide a current market rate and an ongoing alignment between the Book Value Account balance and the actual experience of the underlying bond portfolio. In no instance will the Book Value Account Interest Rate fall below 0%. The assets of the SAGIC's underlying separate investment account are separate from MassMutual Retirement Services' general investment account and are insulated from liability arising out of any other business conducted by MassMutual Retirement Services. If the SAGIC is fully or partially terminated, the market value of the underlying bond portfolio is payable in a lump sum, which, at any point in time, may be less than the account book value. It is possible to lose money by investing in this investment option.

The SAGIC imposes certain restrictions on the Plan, and the SAGIC itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the fund to transact at less than contract value is not probable.

5. Investment in Guaranteed Investment (continued)

Limitations on the Ability of the SAGIC to Transact at Contract Value

Restrictions on the Plan

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan sponsor. The following employer-initiated events may limit the ability of the SAGIC to transact at contract value:

- Complete or partial termination of the Plan.
- The establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Consult the Plan's group annuity contract for further information.

Average Yields

The SAGIC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with MassMutual Retirement Services, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

The crediting interest rate was 3.88% and 4.10% at December 31, 2009 and 2008, respectively. The average yield was 3.88% and 4.10% at December 31, 2009 and 2008, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk or the contract issuer or otherwise.

Notes to Financial Statements (continued)

6. Federal Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated May 11, 2009, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2009-6 and 2005-16, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

7. Related-Party Transactions

Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Also, certain administrative functions are performed by officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

10. Subsequent Events

Management evaluated subsequent events for the Plan through August 31, 2010, the date the financial statements were available to be issued.

On June 1, 2010, substantially all participants in the Plan were spun-out into the AT&T Savings Plan (ASP) and AT&T Retirement Savings Plan (ARSP) based on the eligibility provisions of the ASP and ARSP. The remaining participants in the Plan remained Centennial employees and not employees of AT&T per the Department of Justice. Once the divested properties are sold, the remaining balances in the Plan will be merged into the ASP. It is expected that the merger of the Plan into the ASP will occur prior to December 31, 2010.
