Plan Administrator
JCI 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedule of JCI 401(k) Plan (Plan) as of December 31, 2009 and 2008 and for the year ended December 31, 2009 and the supplemental Schedule of Assets (Held at End of Year), as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

The following description of the JCI 401(k) Plan (Plan) provides only general information. Participants should refer to the amended Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of JCI Jones Chemicals, Inc. (Company) who have completed six months of service and have attained age twenty-one. The Plan was established effective June 1, 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has adopted certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

Effective January 1, 2010, the Plan Administrator elected to change the trustee of the Plan from Principal Life Insurance Company (Principal) to Fifth Third Bank (5/3rd). In order to effect the change, certain assets of the Plan were transferred from investment accounts by Principal prior to December 31, 2009 to cash held for transfer to new trustee. This amount was transferred to 5/3rd in January 2010. All remaining investments held by the Principal at December 31, 2009 were also transferred to 5/3rd in January 2010.

(b) Contributions

Participants in the Plan may contribute up to 100% of their annual pretax compensation, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (Code). The Company shall contribute matching contributions equal to 50% of up to 6% of a participant's compensation that is contributed. Contributions are limited to the amount allowable as a deduction for federal income tax purposes under the applicable provisions of the Code. Upon enrollment in the Plan, participants may direct employee and employer contributions in whole percentage increments to any of the investment options and may change their investment options on a quarterly basis. The Plan also accepts rollover contributions from other qualified plans at any time.

The Company may, at its discretion, make additional discretionary and qualified non-elective contributions to the Plan. There were no discretionary and qualified non-elective contributions made during 2009 and 2008.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, rollover contributions from other qualified retirement plans, and allocations of the Plan's investment income (loss) and administrative expenses. The allocation of Plan investment income (loss) and administrative expenses is based upon the participant's account balance.

(1) Description of the Plan - Continued

(d) Vesting

Participants are immediately 100% vested in their voluntary and rollover contributions plus actual investment income (loss) thereon. Participants are 100% vested in Company matching contributions plus the actual investment income (loss) thereon after completion of the second year of service.

(e) Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan by the Plan administrator. Interest rates range from 5.25% to 10.25% during 2009. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one outstanding loan balance at any time and not have more than five loans during any one year period.

(f) Payment of Benefits

The Plan provides for payment of benefits of the participant's vested account balance as soon as reasonably practical upon retirement, death, total and permanent disability, or termination of employment. The Plan also provides for distribution to a participant upon reaching normal retirement age. Benefits are recorded when paid.

Participants, while employed, may make withdrawals against their vested account balance in accordance with the Plan, which generally requires the demonstration of financial hardship.

(g) Forfeitures

Non-vested benefits of terminated participant's are forfeited on the date the employee terminates. Forfeitures are used to reduce Plan expenses and future Company contributions. Approximately $4,100 was used to offset employer matching contributions during 2009 and there were no balances available to offset future employer matching contributions or reduce Plan expenses as of December 31, 2009. At December 31, 2008, $2,262 was available to offset future employer matching contributions and any Plan expenses.

(h) Administrative Expenses

All significant costs related to plan administration are paid by the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or at amounts that approximate fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan. Fair values of pooled separate accounts are based on quoted market prices of the underlying investments and include interest and realized gains, net of any fees and expenses. Common stocks are valued at market price on the last day of the Plan year. Participant loans are valued at cost, which approximates fair value. Investments in the common/collective trust are valued daily as determined by the trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Included in net appreciation in fair value of investments are realized and unrealized gains and losses resulting from market value adjustments and from recording the results of sales of investments.

The Company follows ASC Topic 946-210-45-9, *Fully Benefit-Responsive Investment Contracts* (ASC 946-210-45-9). ASC 946-210-45-9 defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution, health and welfare and pension plans. Principal, the trustee of the Plan, has identified the Principal Stable Value Fund (Fund) in which the Plan invests to be fully benefit-responsive. ASC 946-210-45-9 requires that fully benefit-responsive investments be reported at fair value. However, contract value is the relevant measure to the Plan because it is the amount that is available for Plan benefits. Accordingly, investment in the common/collective trust as reflected in the statements of net assets available for benefits is at fair value with an adjustment to reflect the investment at contract value.

The weighted average yields earned by the Fund were approximately 2.16% and 5.32% at December 31, 2009 and 2008, respectively. The weighted average yields earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund were approximately 2.63% and 3.76% at December 31, 2009 and 2008 respectively.

(2) Summary of Significant Accounting Policies - Continued

(d) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2009 and 2008:

	2009	2008
Pooled Separate Accounts:		
Principal U.S. Property	$ 403,045	565,757
Common/Collective Trust:		
Principal Stable Value Fund	1,713,193	2,379,290

During 2009, the Plan's investments, including investments bought, sold, and held during the year appreciated in value as follows:

Pooled separate accounts	$ 293,291
Common/collective trust	48,107
Registered investment companies	301,295
Common stocks	27,648
Net appreciation in fair value of investments	$ 670,341

(4) Information Certified by Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosures under ERISA. Accordingly, Principal, the Plan's trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments as of December 31, 2009 and 2008, as shown in the statements of net assets available for benefits.
- Investment income, net appreciation in fair value of investments, and related investment activity for the year ended December 31, 2009, as shown in the statement of changes in net assets available for benefits.

(4) Information Certified by Plan's Trustee (Unaudited) - Continued

- The schedule of assets (held at end of year) as of December 31, 2009 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair Value Measurements

The Company uses a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1. Observable inputs such as quoted prices in active markets;
Level 2. Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
Level 3. Unobservable inputs in which there is a little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common/collective trust
The common/collective trust's market value is based on the asset value per unit as determined by the collective trust as of the valuation date.

Common stocks
Common stocks are stated at fair value as quoted by the market close price on a recognized securities exchange on the last business day of the Plan year.

Participant loans
Participant loans are valued at amortized cost, which approximates fair value. Loans are collateralized and repayment terms and interest rates are similar to those that would be obtained in the market.

Pooled separate accounts
Pooled separate accounts are valued based on the value of sub-accounts which invest in mutual funds. Theses mutual funds are valued using quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year-end.

Registered investment companies
Registered investment companies are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values.

(5) Fair Value Measurements - Continued

As of December 31, 2009, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2009		
Description	Assets Measured at Fair Value at December 31, 2009	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common/collective trust	$ 1,713,193	-	1,713,193	-
Participant loans	419,724	-	-	419,724
Pooled separate accounts	403,045	-	-	403,045
	$ 2,535,962	-	1,713,193	822,769

As of December 31, 2008, the Plan's investments measured at fair value on a recurring basis were as follows:

		Fair Value Measurements at December 31, 2008		
Description	Assets Measured at Fair Value at December 31, 2008	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common/collective trust	$ 2,379,290	-	2,379,290	-
Common stocks	77,138	77,138	-	-
Participant loans	404,957	-	-	404,957
Pooled separate accounts	2,687,024	-	2,121,267	565,757
Registered investment companies	1,136,283	1,136,283	-	-
	$ 6,684,692	1,213,421	4,500,557	970,714

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Pooled Separate Accounts	Participant Loans
Balance, beginning of year	$ 565,757	404,957
Issuances and settlements (net)	(162,712)	14,767
Balance, end of year	$ 403,045	419,724

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Party-In-Interest Transactions

Certain Plan investments are pooled separate accounts and common/collective trusts managed by Principal. Principal is the trustee as defined by the Plan and, therefore, those transactions qualified as party-in-interest transactions.

(8) Income Tax Status

On July 22, 2003, the Internal Revenue Service stated that the prototype plan adopted by the Company, as then designed, was qualified under Section 401(a) of the Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
