ATC PHOENIX 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 1 - Description of Plan

The following description of the ATC Phoenix 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan established effective September 1, 1985, and most recently amended on October 1, 2008. Veolia Transportation Phoenix (the “Company”) is the Plan’s sponsor and serves as plan administrator. Employees of the Company who are members of the Amalgamated Transit Union – Local 1433, International Union of Operating Engineers – Local 428, Teamsters – Local 104 or are considered salaried employees become eligible to participate immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Investments are participant directed. Each participant is responsible for investment decisions relating to the investment of assets in their account under the Plan.

Eligibility - Employees of the Company are eligible to participate in the Plan if they are considered an employee of the Company and are not a resident of Puerto Rico, a Leased Employee, and/or ROSI Operators.

Participant Contributions - Participants may contribute from 1% to 60% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant contributions are funded to the Plan on a weekly basis.

Employer Contributions - Participants in the Plan that are defined as salaried employees receive a non-elective employer match equal to fifty percent of the participant’s contribution up to a maximum of 4% of the participant’s compensation for the period and is vested immediately. This does not apply to participants who are members of the Amalgamated Transit Union – Local 1433, International Union of Operating Engineers – Local 428 or Teamsters – Local 104.

Employees who are members of the International Union of Operating Engineers – Local 428 (engineers) receive a non-elective employer contribution of 2% of their compensation for the period to the Plan, and the contribution is vested immediately. Employees do not have to contribute to the Plan to receive the employer contribution. This does not apply to participants classified as salaried, members of the Amalgamated Transit Union – Local 1433, or Teamsters – Local 104.

ATC PHOENIX 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 1 - Description of Plan (Continued)

Employees who are members of the Amalgamated Transit Union – Local 1433 (operators) receive a non-elective employer contribution of 3.25% of their compensation for the period to the Plan, and the contribution is vested immediately. Employees do not have to contribute to the Plan to receive the employer contribution. This does not apply to participants classified as salaried, members of the International Union of Operating Engineers – Local 428 or members of the Teamsters – Local 104.

Members of the Teamsters – Local 104 are not eligible to receive employer contributions.

Employer contributions are funded to the Plan on a weekly basis.

Participant Accounts - Each participant's account is credited with the participant's contribution, employer contribution (if applicable) plan earnings, and charged with any administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions, employer contributions (if applicable) plus actual earnings thereon.

Participant Loans - Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000 reduced by their highest outstanding loan balance during the prior twelve month period. Loans may be repaid over a maximum period of ten years when used to purchase a primary residence. All other loans may be repaid over a maximum period of five years. Loan transactions are treated as a transfer to/from the investment fund and from/to participant loans. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 7.5% to 9.25%, which are commensurate with market rates for similar loans.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may only elect to receive a lump-sum amount equal to the value of the participant's account balance. Distributions are subject to the applicable provisions of the Plan agreement.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

ATC PHOENIX 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

FASB Codification - On July 1, 2009, the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Plan and is effective for interim and annual periods ended after September 15, 2009.

Investment Valuation - Investments are stated at fair value as certified by the Plan's trustee, Fidelity.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Authoritative guidance requires the statements of net assets available for benefits present the fair value of the investments, as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain administrative expenses are paid by the Plan. As described in Note 7, certain other expenses are absorbed by the Plan's sponsor.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2010, which is the date the financial statements were available to be issued.

Reclassification - Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Note 3 - Investments

ATC PHOENIX 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 3 - Investments (Continued)

During 2009 and 2008, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

	For the year ended December 31	
	2009	2008
Net appreciation in registered investment companies	\$ 3,664,288	\$ (8,159,680)
Net appreciation in common/collective trust	-	-
Total Appreciation	<u>\$ 3,664,288</u>	<u>\$ (8,159,680)</u>

Note 4 - Fair Value Measurements

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2** Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;
- Level 3** Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment company funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

ATC PHOENIX 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 4 - Fair Value Measurements (Continued)

The Plan has investments in the Fidelity Managed Income Portfolio which is a collective investment trust fund that is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund seeks to earn a high level of income consistent with those objectives. The Fund holds guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive). The Fidelity Managed Income Portfolio Fund is presented at fair value on the statements of net assets available for benefits. The adjustment from fair value to contract value is based on the contract value as reported by Fidelity Management Trust Company (which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses). Units held in common collective trusts are valued at the unit value as determined by Fidelity Management Trust Company (that being contract value representing invested principal plus accrued interest thereon). The average yield earned was 2.10% and 4.14% for the fund's fiscal years ending December 31, 2009 and 2008, respectively. The crediting interest rate was 1.20% and 3.04% as of December 31, 2009 and 2008, respectively.

Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are stated at amortized cost which approximates fair value and are classified within Level 3 of the valuation hierarchy. Loans are secured by each respective participant's account balance.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 25, 2005, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008.
- Net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2009.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 8 - Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$60,483 for the year ended December 31, 2009.

Note 9 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
