THE EMPLOYEES' 401(k) PLAN OF MARK CHRISTOPHER CHEVROLET, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF THE PLAN:

The following description of The Employees' 401(k) Plan of Mark Christopher Chevrolet, Inc. (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was established to provide retirement benefits for employees of Mark Christopher Chevrolet, Inc. Vehicle Accessory Center, LLC, an affiliated company, has adopted the Plan for it's employees to participate. All employees become eligible to participate in the Plan following 12 months of continuous service and attainment of age 21 as defined in the Plan agreement.

Effective May 1, 2009, Diamond Hills Auto Group, Inc. and Mountain View Chevrolet, Inc. ("merged plans") terminated their respective 401(k) plans. Pursuant to the terms of the Plan, as amended, participants in the merged plans who continued in the employ of the affiliated companies were provided the opportunity to transfer the distributions (including loans) from the merged plans into the Plan. Distributions of $565,087, were transferred from the merged plans to the Plan in May of 2009. Participants retained their service credit and vesting upon transfer into the Plan. All participating employers are collectively referred to as (the "Company"). The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2008 stating that the Prototype Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

1. DESCRIPTION OF THE PLAN: (Continued)

CONTRIBUTIONS

Participants may elect, by submitting a written request to the Plan sponsor, to have their wage compensation reduced by a designated dollar amount or percentage up to the maximum percentage allowable under the limitations of IRC Sections 415, 401(k) and 404. This deferred amount flows directly to the Plan. Participants' contributions may not be more than 100 percent of their annual compensation. Participants may change their rate of contribution semi-annually and their investment election daily. The Plan allows for the employers to make a discretionary matching contribution. During 2009 and 2008, the employer made discretionary contributions of $0 and $15,959, respectively.

Participant contributions and employer matching contributions of certain highly compensated participants may be limited based on contribution nondiscrimination tests described in IRC Section 401(k) and 401(m).

FORFEITURES

Amount forfeited by terminating participants of the Plan are used to offset administrative expenses first and then to offset employer contributions. Forfeitures of $907 and $794 remained unused for the years ended December 31, 2009 and 2008.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the employer's contributions and an allocation of the Plan's earnings. The Plan's earnings and investment expenses are allocated according to participants' relative account balances in the investment options. Certain participant fees, if applicable, are also charged to participant accounts.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

1. DESCRIPTION OF THE PLAN: (Continued)

PAYMENTS OF BENEFITS

Benefits are recorded when paid. Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum, in installments or as an annuity. Distributions may be deferred until the participant reaches the age of 70½ if the value of the distribution is not less than $1,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70½ or no later than April 1 of the year following the year the participant retires.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Furthermore, participants' withdrawals are limited to their vested account balances.

VESTING

Participants of the Plan are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

PARTICIPANTS LOANS

Participants may request a loan from the Plan at any time. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the employee's vested balance. Loans are repayable over 5 years, or a reasonable time if used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to 401(k) and profit sharing plans. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's funds are stated at fair value. Except for the outstanding loans to participants, fair value of the funds is determined based on the underlying investments of the related funds as reported by Reliance Trust Company based on quoted market prices. Such investments are credited with earnings of the underlying investments and charged for plan withdrawals and administrative expenses incurred. Outstanding loans are valued at cost, which approximates fair value.

Purchases and sales of these investments are reflected on the trade dates. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

EXPENSES

Certain custodian and administrative expenses are paid by the Plan. Other expenses are paid by the Plan's sponsor. Management fees are operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) in fair market value of investments for such investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

SUBSEQUENT EVENTS

The Plan did not have any other subsequent events through October 13, 2010, which is the date the financial statements were available to be issued, requiring recording or disclosure in the financial statements for the period ended December 31, 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2009, the Financial Accounting Standards Board ("FASB") issued the FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, which establishes the FASB Accounting Standards (the "ASC") as the source of authoritative principles recognized by the FASB to be applied by nongovernmental entities in the preparation of the financial statements in conformity with generally accepted accounting principles ("GAAP"). This standard is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The adoption of this standard did not have a material impact on the Plan's financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. INVESTMENTS (UNAUDITED):

Significant investments include investments in an entity that represent more than 5 percent of the Funds' assets as of the end of the year.

The following investments represented significant investments of the Funds as of December 31, 2009 and 2008:

	2009	2008
American Funds Fundamental Inv	$ 458,922	$ 395,618
Eaton Vance Dividend Builder	208,382	187,420
Janus Adv International Growth	*	170,183
Janus Advisors Orion Fund	*	165,416
John Hancock Balanced Fund	277,370	212,094
John Hancock Large Cap Equity Fund	345,503	294,372
Delaware Diversified	360,148	262,359
Interest in Collective Trust Fund	287,486	253,033
American Funds Growth Fund	342,880	203,634
Janus Overseas	244,551	*
Participant loans	*	167,828

* Less than 5% of Net Assets

4. INFORMATION CERTIFIED BY PLAN TRUSTEE:

The following information in the financial statements and supplemental information schedule was certified to be complete and accurate by the Trustees of the Plan assets within the meaning of 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2009
Investments	$ 3,888,535
Increase in investment value	765,780
Interest and dividends	84,430
Participant contributions	218,819
Employer contributions	-
Rollover contributions	20,025
Benefits paid to participants	223,800
Merged plans	565,087
Forfeitures	1,063

5. RELATED-PARTY TRANSACTIONS:

During the years ended December 31, 2009 and 2008, there were no related-party transactions which are prohibited by ERISA and for which there are no statutory or administrative exemptions.

The Plan investments at year end are managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore these transactions qualify as party in interest.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the respective participant interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the trust agreement.

7. FAIR VALUE MEASUREMENTS:

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

7. FAIR VALUE MEASUREMENTS: (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stocks, corporate bonds and U.S. government securities - Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds - Valued at the net assets value ("NAV") of shares held by the plan at year end.

Guaranteed investment contract - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

7. FAIR VALUE MEASUREMENTS: (Continued)

Participant loans - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.
