NOTE 1 - DESCRIPTION OF PLAN

The following description of the Global 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established June 1, 2005 under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of the Company's employees. The Plan covers all permanent, non-union, part-time and full-time employees of Owl International dba Global (the "Company"). Employees that are 18 or older are automatically eligible after one hour of service to make contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company is the Plan administrator and is responsible for the day-to-day administrator and operation of the Plan. The Company delegates its duties under the Plan to the 401(k) committee (the "Committee"). The Committee is appointed by the Company's Board of Directors and is responsible for monitoring Plan investments. Wells Fargo Bank, N.A. (the "Custodian") is the Plan's trustee and custodian of the Plan's assets and is responsible for maintaining the individual participant account balances.

Contributions

Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not be less than 1% nor exceed 50% of compensation as defined under the Plan, subject to certain IRC limitations, up to a maximum amount of $16,500 for the Plan year 2009. Participants that are 50 years of age or older who have met the annual deferral limit specified by the Plan, may contribute a catch-up deferral contribution of up to $5,500 for 2009. Participants may also rollover amounts representing distributions from other qualified plans.

All contributions to each participant's account are self-directed by the participant in one or more of the investments offered under the Plan.

NOTE 1 - DESCRIPTION OF PLAN, continued

Effective January 1, 2008, the Company contributes a safe harbor matching contribution ("Safe Harbor Matching Contributions") equal to 100% of the participant's Deferral Contributions up to 3% of the participant's compensation, plus 50% of the Deferral Contributions between 3% and 5% of the participant's compensation. The Safe Harbor Matching Contribution satisfies certain "safe harbor" requirements of the IRC, which eliminates the requirement for the Plan to perform certain annual non-discrimination tests. For the year ended December 31, 2009, the Safe Harbor Matching Contributions totaled $72,928.

In addition, the Company may, at its discretion, make additional matching contributions, which, if made, are designated as qualified non-elective matching contributions ("QNEC Matching Contributions"). Such matching contributions, if any, are allocated according to the formula established by the Company to the accounts of the participants for whom such contributions are made. For the year ended December 31, 2009, the Company did not make any QNEC Matching Contributions.

The Plan also provides for employer contributions on behalf of participants who perform services subject to prevailing wage laws ("Davis-Bacon Act Contributions"). The Davis-Bacon Act Contributions may be used to satisfy the requirements of prevailing wage laws, and such contributions vest immediately. For the year ended December 31, 2009, the Plan did not have any Davis-Bacon Act Contributions.

Vesting

Participants are immediately fully vested in their deferral contributions, the Safe Harbor Matching Contributions, QNEC Matching Contributions, Davis-Bacon Act Contributions, and the earnings thereon.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. There were no hardship withdrawals for the year ended December 31, 2009.

Investment Options and Participant Accounts

Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants' contributions must be allocated among the available funds in whole percentages. Participants may change investment elections at any time via telephone or internet access with the Custodian.

NOTE 1 - DESCRIPTION OF PLAN, continued

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as each participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service including death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. This amount will be paid in a lump sum payment. In addition, the Plan permits in-service distributions for participants who are 59½ years of age or older. Distributions paid prior to the participant attaining 59½ years of age and not rolled into another retirement account are subject to federal excise taxes of 10%. Participant account balances for terminated participants under $5,000 are distributed immediately.

Participant Loans

Participants may borrow from their accounts up to a maximum of up to the lesser of $50,000 or 50% of their vested account balance. Such loans are secured by the balance in the participant's account and bear interest based upon local prevailing rates. Interest rates on outstanding loan balances at December 31, 2009 and 2008, ranged from 6.00% to 10.25%. Participant loans must be repaid within five years, unless the loan is for the purchase of a principal residence, in which case, the repayment period is extended.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from these estimates.

Investment Valuation

Investments are stated at fair value (see Note 3).

Net appreciation or depreciation in fair value of investments for the periods is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade-date basis.

The Plan holds investments in the Wachovia Bank N.A. Stable Value Fund ("Stable Value Fund"), which is an investment fund that is held in a common collective trust and consists primarily of investment contracts issued by life insurance companies, banks, and other financial institutions which result in the probability that participant directed transactions with investments in the fund will be at contract value. Therefore, as provided by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962, *Plan Accounting – Defined Contribution Pension Plans* ("ASC 962"), investments in the Stable Value Fund are considered to be fully benefit-responsive.

The Plan's investments in the Stable Value Fund are reported at fair value. However, because the investments in the Stable Value Fund are considered to be fully benefit-responsive, the statement of net assets available for benefits as of December 31, 2009, as required by ASC 962, presents an adjustment from fair value to contract value for investments in the Stable Value Fund so that such investments are ultimately reflected at contract value in the statement of net assets available for benefits.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company for the administration of the Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

ASC Topic 820, *Fair Value Measurements and Disclosure* ("ASC Topic 820") defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs in priority that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities;

Level 2—Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means; and

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Common Collective Trust

The investments in the Stable Value Fund held in a common collective trust is valued at its net asset value, which is based upon the fair value of the underlying investments. These investments have been classified within Level 2 of the valuation hierarchy.

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

Participant Loans

Participant loans are valued at amortized cost, which approximates fair value and are included in Level 3 of the valuation hierarchy.

As of December 31, 2009, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 1,036,338	$ -	$ -	$ 1,036,338
Common Collective Trust	-	194,619	-	194,619

	$ 1,036,338	$ 194,619	$ 82,735	$ 1,313,692

As of December 31, 2008, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 701,514	$ -	$ -	$ 701,514

Participant loans	-	-	84,888	84,888
	$ 701,514	$ 146,569	$ 84,888	$ 932,971

The following is reconciliation for all Level 3 investments, representing participant loans for the year ended December 31, 2009:

	Participant Loans
Balance, January 1, 2009	$ 84,888
New loans issued	9,000
Principal payments (including deemed distributions)	(11,153)
Balance, December 31, 2009	$ 82,735

NOTE 4 - INVESTMENTS (Unaudited, except for participant loans)

The following summary of the Plan's investments, which exceeded 5% of net assets available for benefits as of December 31, 2009 and 2008, was derived from information prepared by the Custodian of the Plan and furnished to the Plan administrator. Except for participant loan balances, the Plan administrator has obtained certifications from the Custodian that such information is complete and accurate (see Note 5).

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $171,514.

NOTE 5 - SUMMARY OF UNAUDITED INFORMATION

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations of Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2009 and 2008, except participant loans of $82,735 and $84,888, respectively;

- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, except participant loan interest of $4,431;

NOTE 5 - SUMMARY OF UNAUDITED INFORMATION, continued

- Schedule H – Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2009, except participant loans of $82,735; and

- Investments that represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008 except for participant loans of $82,735 and $84,888, respectively, as reflected in Note 4.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued a determination letter dated August 30, 2001 stating that the prototype plan was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since the date of the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements. Continued qualification is dependent on the Plan's future operations.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Custodian and participants are considered parties-in-interest under ERISA. Plan investments include participant loans. Administrative fees paid to the Custodian amounted to $5,687 for the year ended December 31, 2009. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combination of mutual funds and the Stable Value Fund with different investment strategies. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in their fair value, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated and determined that no events have occurred subsequent to the balance sheet date and through October 12, 2010, the date of issuance of these financial statements, which would require recording or disclosure in its financial statements.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Global 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established June 1, 2005 under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of the Company's employees. The Plan covers all permanent, non-union, part-time and full-time employees of Owl International dba Global (the "Company"). Employees that are 18 or older are automatically eligible after one hour of service to make contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company is the Plan administrator and is responsible for the day-to-day administrator and operation of the Plan. The Company delegates its duties under the Plan to the 401(k) committee (the "Committee"). The Committee is appointed by the Company's Board of Directors and is responsible for monitoring Plan investments. Wells Fargo Bank, N.A. (the "Custodian") is the Plan's trustee and custodian of the Plan's assets and is responsible for maintaining the individual participant account balances.

Contributions

Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not be less than 1% nor exceed 50% of compensation as defined under the Plan, subject to certain IRC limitations, up to a maximum amount of $16,500 for the Plan year 2009. Participants that are 50 years of age or older who have met the annual deferral limit specified by the Plan, may contribute a catch-up deferral contribution of up to $5,500 for 2009. Participants may also rollover amounts representing distributions from other qualified plans.

All contributions to each participant's account are self-directed by the participant in one or more of the investments offered under the Plan.

NOTE 1 - DESCRIPTION OF PLAN, continued

Effective January 1, 2008, the Company contributes a safe harbor matching contribution ("Safe Harbor Matching Contributions") equal to 100% of the participant's Deferral Contributions up to 3% of the participant's compensation, plus 50% of the Deferral Contributions between 3% and 5% of the participant's compensation. The Safe Harbor Matching Contribution satisfies certain "safe harbor" requirements of the IRC, which eliminates the requirement for the Plan to perform certain annual non-discrimination tests. For the year ended December 31, 2009, the Safe Harbor Matching Contributions totaled $72,928.

In addition, the Company may, at its discretion, make additional matching contributions, which, if made, are designated as qualified non-elective matching contributions ("QNEC Matching Contributions"). Such matching contributions, if any, are allocated according to the formula established by the Company to the accounts of the participants for whom such contributions are made. For the year ended December 31, 2009, the Company did not make any QNEC Matching Contributions.

The Plan also provides for employer contributions on behalf of participants who perform services subject to prevailing wage laws ("Davis-Bacon Act Contributions"). The Davis-Bacon Act Contributions may be used to satisfy the requirements of prevailing wage laws, and such contributions vest immediately. For the year ended December 31, 2009, the Plan did not have any Davis-Bacon Act Contributions.

Vesting

Participants are immediately fully vested in their deferral contributions, the Safe Harbor Matching Contributions, QNEC Matching Contributions, Davis-Bacon Act Contributions, and the earnings thereon.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. There were no hardship withdrawals for the year ended December 31, 2009.

Investment Options and Participant Accounts

Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants' contributions must be allocated among the available funds in whole percentages. Participants may change investment elections at any time via telephone or internet access with the Custodian.

NOTE 1 - DESCRIPTION OF PLAN, continued

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as each participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service including death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. This amount will be paid in a lump sum payment. In addition, the Plan permits in-service distributions for participants who are 59½ years of age or older. Distributions paid prior to the participant attaining 59½ years of age and not rolled into another retirement account are subject to federal excise taxes of 10%. Participant account balances for terminated participants under $5,000 are distributed immediately.

Participant Loans

Participants may borrow from their accounts up to a maximum of up to the lesser of $50,000 or 50% of their vested account balance. Such loans are secured by the balance in the participant's account and bear interest based upon local prevailing rates. Interest rates on outstanding loan balances at December 31, 2009 and 2008, ranged from 6.00% to 10.25%. Participant loans must be repaid within five years, unless the loan is for the purchase of a principal residence, in which case, the repayment period is extended.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from these estimates.

Investment Valuation

Investments are stated at fair value (see Note 3).

Net appreciation or depreciation in fair value of investments for the periods is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade-date basis.

The Plan holds investments in the Wachovia Bank N.A. Stable Value Fund ("Stable Value Fund"), which is an investment fund that is held in a common collective trust and consists primarily of investment contracts issued by life insurance companies, banks, and other financial institutions which result in the probability that participant directed transactions with investments in the fund will be at contract value. Therefore, as provided by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962, *Plan Accounting – Defined Contribution Pension Plans* ("ASC 962"), investments in the Stable Value Fund are considered to be fully benefit-responsive.

The Plan's investments in the Stable Value Fund are reported at fair value. However, because the investments in the Stable Value Fund are considered to be fully benefit-responsive, the statement of net assets available for benefits as of December 31, 2009, as required by ASC 962, presents an adjustment from fair value to contract value for investments in the Stable Value Fund so that such investments are ultimately reflected at contract value in the statement of net assets available for benefits.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company for the administration of the Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

ASC Topic 820, *Fair Value Measurements and Disclosure* ("ASC Topic 820") defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs in priority that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities;

Level 2—Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means; and

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Common Collective Trust

The investments in the Stable Value Fund held in a common collective trust is valued at its net asset value, which is based upon the fair value of the underlying investments. These investments have been classified within Level 2 of the valuation hierarchy.

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

Participant Loans

Participant loans are valued at amortized cost, which approximates fair value and are included in Level 3 of the valuation hierarchy.

As of December 31, 2009, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations of Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, except participant loan interest of $4,431;

NOTE 5 - SUMMARY OF UNAUDITED INFORMATION, continued

- Schedule H – Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2009, except participant loans of $82,735; and

- Investments that represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008 except for participant loans of $82,735 and $84,888, respectively, as reflected in Note 4.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued a determination letter dated August 30, 2001 stating that the prototype plan was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since the date of the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements. Continued qualification is dependent on the Plan's future operations.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Custodian and participants are considered parties-in-interest under ERISA. Plan investments include participant loans. Administrative fees paid to the Custodian amounted to $5,687 for the year ended December 31, 2009. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combination of mutual funds and the Stable Value Fund with different investment strategies. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in their fair value, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated and determined that no events have occurred subsequent to the balance sheet date and through October 12, 2010, the date of issuance of these financial statements, which would require recording or disclosure in its financial statements.
