As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in notes 3 and 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in note 1 to the financial statements, the Plan was terminated effective October 31, 2009. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2008 financial statements to the liquidation basis used in presenting the 2009 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

JPI 401(k)/PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2009 (Liquidation Basis) and 2008

(1) Description of Plan

The following description of the JPI 401(k)/Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) Plan Termination

On October 28, 2009 the Plan was amended by the sole Member of JPI Partners LLC (the Company), the Sponsor of the Plan, to terminate the Plan effective October 31, 2009. All remaining participants in the Plan became fully vested in their accounts as of the date of termination in accordance with the Plan's terms. All participant distributions related to the termination were completed as of December 31, 2009 and the remaining assets of the Plan will be used to pay for the remaining costs of liquidation and administrative fees. Due to the termination the Plan's 2009 financial statements were prepared on the liquidation basis of accounting.

(b) General

The Plan was a defined contribution plan originally effective January 1, 1993, and most recently amended on December 31, 2008. Employees of the Company became eligible to participate upon completing two months of service and attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company serves as the Plan administrator. Fidelity Management Trust Company (Trustee) is the trustee of the Plan, and Fidelity Investments Institutional Operating Company serves as the recordkeeper.

In December 2008, the Company sold the ownership interests in several related entities. In connection with the sale, the Company (Seller) and Greystar Management Services, L.P. (Buyer) entered into an Employee Lease and Services Agreement (Services Agreement) whereby the Seller agreed to continue to employ and lease to the Buyer the services of the employees for a transition period from January 1, 2009 to June 30, 2009 (Transition Period). The Plan was amended to allow that the Buyer be considered a participating employer in the Plan, through the Transition Period, and that the affected employees be eligible to continue participating in the Plan through the Transition Period. Effective June 30, 2009, the Greystar employees were transferred to the Greystar Management Services LP 401(k) Plan. The Plan also transferred out all active JPI employee balances to the Odyssey OneSource 401(k)/Profit Sharing Plan (Odyssey) effective September 30, 2009. The Company has established this new plan for their current employees, which is separate from the current Plan, and is administered by Odyssey.

(c) Contributions

Participants would contribute an amount equal to but not less than 1% and not more than 50% of their compensation, as defined in the Plan. Total participant contributions were limited to the lesser of 50% of participant compensation or \$16,500 and \$15,500 for 2009 and 2008, respectively. In addition, participants age 50 or older were eligible to make catch-up contributions of up to \$5,500 and \$5,000 during 2009 and 2008, respectively. Participants could also contribute distributions received from other qualified benefit plans, called a rollover contribution, into the Plan. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered mutual funds, money market funds, and a common and collective trust as

JPI 401(k)/PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

investment options for participants. Employee contributions were recorded in the period during which the Company made payroll deductions from the participant's earnings.

The Company could make discretionary matching contributions in an amount equal to \$1.00 for each \$1.00 contributed by a participant, up to a maximum of 3% of the participant's contribution. The matching contribution was made in accordance with the percentage approved by the Company for each plan year which was 3% for 2009 and 2008, respectively. The Company could also make discretionary nonelective contributions. The Company contributions were invested directly in the funds as directed by the participant. Discretionary nonelective contributions, if any, were recorded annually. There were no discretionary nonelective contributions made during 2009 and 2008.

(d) Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Earnings were allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants investments in that fund. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(e) Vesting

Participants were immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of service. A participant became 20% vested after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service, and 100% after five years of service. However, if an active participant died prior to attaining the normal retirement age, the participant's account became 100% vested. The Plan terminated effective October 31, 2009, upon which all remaining participants in the Plan became fully vested in their accounts, including employer contributions, in accordance with Plan terms.

(f) Benefit Payments

On termination of service, a participant could elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account, a distribution in the form of an annuity, or a combination of both. Distributions were subject to the applicable provisions of the plan agreement. Benefit claims were recorded as expenses when they were approved for payment and paid by the Plan.

(g) Participant Notes Receivable

Participants could borrow up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of his or her account balance. The loans were secured by the balance in the participant's account and bore interest at a rate commensurate with market rates for similar loans. Interest rates ranged from 5% to 9.25% at December 31, 2008 and during 2009. Loan terms could not exceed 5 years, unless the loan was for the purchase of a home, in which case the term could not exceed 10 years. Principal and interest was paid ratably through monthly payroll deductions. All loans were either transferred out of the Plan to the participants' new accounts or were treated as deemed distributions.

Notes to Financial Statements

December 31, 2009 (Liquidation Basis) and 2008

(h) Employer Contributions Receivable

During the 2009 Plan year, the Company paid for certain expenses related to the Plan in the amount of \$70,580 from the Plan forfeiture account. It was subsequently determined by the Trustee that these amounts were not eligible for disbursement from the Plan forfeiture account and that the Company should refund the Plan forfeiture account \$70,580. The Company has recorded \$70,580 as Employer Contributions Receivable for the required payment to the Plan.

(i) Administrative Expenses

Costs of administering the Plan are paid by the Plan Sponsor, as provided for in the Plan's documents.

(j) Plan Transfers

The Plan processed participant account transfers out during the current Plan year to the Greystar 401(k) Plan at June 30, 2009 and the Odyssey 401(k) Plan at September 30, 2009. The transfer to the Greystar Plan consisted of \$5,104,774 in participant assets and \$356,459 in participant loan balances. The transfer to the Odyssey Plan consisted of \$3,471,802 in participant assets and \$108,527 in participant loan balances.

(k) Subsequent Events

The Plan has evaluated subsequent events through October 14, 2010, the date the financial statements were issued.

(2) Summary of Accounting Policies

(a) Method of Accounting

The Plan changed its basis of accounting in preparing the Plan's financial statements from the accrual basis of accounting in 2008 to the liquidation basis in 2009 in accordance with U.S. generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates. There were no material changes to the financial statements as a result of this accounting change.

(b) New Accounting Pronouncements

In 2009, the Plan adopted Financial Accounting standards Board (FASB) Statement of Financial Accounting Standard (SFAS) No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162. This statement modified the GAAP hierarchy by establishing only two levels of GAAP, authoritative and nonauthoritative accounting literature. Effective July 1, 2009, the FASB Accounting Standards Codification (ASC), became the single source of authoritative U.S. accounting and reporting standards, except for additional authoritative rules and interpretive releases issued by the SEC. The adoption of the ASC had no impact on the Plan's financial statements.

JPI 401(k)/PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2009 (Liquidation Basis) and 2008

In September 2009, the FASB issued ASU 2009-12, *Fair Value Measurements and Disclosures*, (ASC 820). Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent) (ASU 2009-12). ASU 2009-12, which amends ASC 820, *Fair Value Measurements and Disclosures*, allows organizations to estimate the fair value of an investment using the net asset value per share (NAV) of the investment (or its equivalent) as a practical expedient if the NAV of the investment (or its equivalent) is calculated in a manner consistent with ASC Topic 946, *Financial Services – Investment Companies*. Generally, the Plan applies this guidance in their determination of estimated fair value of investments in pooled separate accounts and reviews the facts and circumstances surrounding each account in determining whether or not the NAV (or its equivalent) is to be applied.

In the second quarter of 2009, the Plan adopted FASB ASC 855, Subsequent Events, that established requirements for the accounting and disclosure of events that occur after the balance sheet date, but before the financial statements are issued or available to be issued. The adoption of this guidance had no impact on the Plan's net assets available for benefits.

(c) Investment Valuation and Income Recognition

Investments in mutual fund securities and money market funds are valued at fair value based on quoted market prices. The Fidelity Managed Income Portfolio (the Portfolio) is the Plan's common and collective trust investment, which is presented at fair value on the statement of net assets available for benefits. The Portfolio's investment in fully benefit-responsive investment contracts are also stated at contract value which is equal to principal balance plus accrued interest. As noted below, an investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. The fair value of fully benefit-responsive investment contracts is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

The average yields earned by the Portfolio were 3.57% and 3.16% at December 31, 2009 and 2008, respectively. The average yields earned by the Portfolio based on the actual interest rates credited to participants were 3.04% and 1.20% at December 31, 2009 and 2008, respectively.

As described in Financial Accounting Standards Board (FASB) Staff Position FSP AAG INV-1 and Statement of Position No. 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), the statement of net assets available for benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant notes receivable are valued at amortized cost which represents the unpaid principal balance plus accrued interest.

JPI 401(k)/PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2009 (Liquidation Basis) and 2008

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(d) Fair Value Measurements

The Plan applies the provisions of ASC 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosure about assets and liabilities measured at fair value. Specifically, ASC 820:

- Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, and establishes a framework for measuring fair value;
- Establishes a three level hierarchy based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3).
- Expands disclosures about instruments measured at fair value.

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. These are inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

JPI 401(k)/PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2009 (Liquidation Basis) and 2008

The following tables present a summary of the Plan's investment assets and liabilities measured at fair value as of December 31, 2009 and 2008:

Investments at fair value as of December 31, 2009			
	Quoted prices in active market (Level 1)	Significant other observable inputs (Level 2)	Unobservable inputs (Level 3)
			Total carrying value in statement of net assets available for benefits
Money market funds (a)	\$ 1,148	—	—
Mutual funds (a)	303	—	—
Total investment assets at fair value	\$ 1,451	—	—
			1,451
Investments at fair value as of December 31, 2008			
	Quoted prices in active market (Level 1)	Significant other observable inputs (Level 2)	Unobservable inputs (Level 3)
			Total carrying value in statement of net assets available for benefits
Money market funds (a)	\$ 4,640,152	—	—
Common and collective trust (b)	—	280,610	—
Mutual funds (a)	14,530,068	—	—
Total investment assets at fair value	\$ 19,170,220	280,610	—
			19,450,830

Following is a description of the valuation methodologies used for assets measured at fair value.

- (a) *Money market funds, mutual funds:* Valued at the closing price reported in the active market in which the individual securities are traded.
- (b) *Common and collective trust:* Valued at the net asset value (NAV) of shares held by the Plan at year end, as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

(3) Certified Financial Information

The following information was prepared from reports supplied by the Trustee. The reports have been certified by the Trustee as being complete and accurate, and the plan administrator has elected to use the following information without audit as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes to financial statements and supplemental schedule.

- (a) Investments and investment-related activity
- (b) Investment income (loss)
- (c) Investment information presented in note 4
- (d) Schedule H, Line 4i – Schedule of Assets (Held at End of Year)
- (e) Participant loan activity

(4) Investments

Investments that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008 are separately identified below:

	2009	2008
Alger Midcap Growth I	\$ —	884,049

During the years ended December 31, 2009 and 2008, the Plan's investments (including realized gains and losses on investments bought and sold and unrealized gains and losses on investments held during the year) appreciated (depreciated) in value as follows:

	2009	2008
Mutual funds	\$ 2,969,084	(11,058,869)

Notes to Financial Statements

(5) Party-in-Interest Transactions

Plan assets include investments in funds managed by the Trustee. Therefore, these investments qualify as party-in-interest transactions. These transactions are covered by an exemption from the “prohibited transaction” provision of ERISA and the Internal Revenue Code (IRC). Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

(6) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 19, 1999, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan utilizes a Volume Submitter Program (VSP) document that received an opinion letter from the IRS on November 20, 2000 stating that the VSP plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) Forfeitures

The net change in forfeiture reserve represents the net change in the available forfeiture reserve balance from the prior year plus the current year forfeitures generated. Forfeitures result from nonvested Company contributions remaining in the Plan for all terminated employees. Upon reaching the break-in service requirement, as defined in the Plan agreement, forfeitures generated are added to the forfeiture reserve balance. The forfeiture reserve is available to offset contributions or pay Plan expenses, which would be otherwise payable by the Company, in accordance with the Plan agreement. In 2009 and 2008, Company cash contributions were offset by \$84,376 and \$231,346, respectively, from forfeited nonvested accounts. At December 31, 2009 and 2008, there was \$72,031 and \$70,793 of unallocated forfeitures, respectively.

(8) Excess Contributions

The Plan did not pass all of the nondiscrimination tests required by the IRC in 2009 and 2008. As a result, excess contributions for 2009 totaling \$32,577 were included in transfers of participant balances. Excess contributions for 2008 totaling \$118,969 were accrued at December 31, 2008, and subsequently refunded in February 2009 to certain participants in order to satisfy the IRC’s requirements for tax-exempt status.
