We were engaged to audit the financial statements and the supplemental schedule of U.S. Nursing 401(k) Plan (the "Plan") as of December 31, 2009, and for the year then ended, as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Great-West Life & Annuity Insurance Company, the trustee of the Plan. Their report, dated October 9, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and the supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the 2009 financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

U.S. NURSING 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of U.S. Nursing 401(k) Plan (the "Plan") (formerly known as the U.S. Nursing Corp. 401(k) Profit Sharing Plan and Trust) provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan available to employees age 21 years or older who have completed three months of service. The Plan excludes employees subject to a collective bargaining agreement and nonresident alien employees from participation in the Plan. Eligible employees may enter the Plan on the first day of the month following completion of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of U.S. Nursing Corp. (the "Company") administers the Plan. Great-West Life & Annuity Insurance Company ("Great-West") serves as trustee, manages Plan assets, and maintains the Plan's records.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed $16,500 as limited by the Internal Revenue Service ("IRS"), which is adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Subsequent to each Plan year-end, the Company contributes to the Plan a safe-harbor matching contribution equal to 100% of applicable contributions up to 3% of compensation, plus 50% of applicable contributions up to the next 2% of compensation for the Plan year. The Company contributed $247,120 for the year ended December 31, 2009.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, administrative expenses, and Plan earnings or losses. Each participant self-directs the investment of their account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and safe-harbor contributions. Safe-harbor contributions made to the Plan are 100% vested.

Participant Loans

Participants are not allowed to borrow from their accounts.

Payments of Benefits

Upon termination of service, death, disability, or retirement (age 65), a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. For termination of service for other reasons, a participant may elect to receive the value of the vested account balance as a lump-sum distribution, roll it over to another retirement plan, or leave the vested interest in the Plan. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

Investment Valuation and Recognition of Gain or Loss

The Plan's investments are recorded in the financial statements at fair value. Each pooled separate account's fair value is determined based on the net asset value of the underlying mutual funds. The fair value of the guaranteed portfolio funds are based on the valuation formula disclosed in the annuity contract, as calculated by the annuity provider.

Realized gains and losses and unrealized appreciation or depreciation of investments during the year are included in net appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) is determined as the difference between market value at the beginning of the year (or date purchased if during the year) and year-end market value (or selling price if sold during the year). Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investments, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some of the investments held by the Plan are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Finally, the Plan provides participants the ability to invest in various pooled separate accounts and guaranteed interest accounts, which may, in turn invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Note 2 - Investments

Great-West has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2009 and 2008, and the income earned on the investments for the year ended December 31, 2009, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The fair value of investments greater than 5% of net assets was the following:

	December 31,			
	2009		2008	
Guaranteed Portfolio Fund	$	2,712,101	$	2,730,636
Maxim Moderate Profile II Fund	$	857,575	$	811,426
Maxim S&P 500 Index Fund	$	816,048	$	829,916
Maxim T. Rowe Price Equity Income Fund	$	638,469	$	440,473 *
Columbia Mid Cap Value R Fund	$	622,340	$	480,732 *
Maxim Aggressive Profile II Fund	$	590,369	$	487,772 *

* Represents less than 5% of net assets for the respective year and is shown for comparability purposes only.

Note 3 - Fair Value Accounting

The Plan has implemented fair value accounting standards as stipulated by the Financial Accounting Standards Board, which defines fair value, establishes a framework for measuring fair value and requires enhanced disclosures about fair value measurement. The fair value accounting standards also clarify that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. In addition, fair value accounting standards require disclosure about how fair value is determined for assets and liabilities and establishes a hierarchy for which these assets and liabilities must be grouped, based on significant levels of inputs as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities;

Level 2: Quoted prices in active markets for similar assets and liabilities and inputs that are observable for the asset or liability: or

Level 3: Unobservable inputs in which there is little or no market data, which requires the reporting entity to develop its own assumptions.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value, measured at fair value on a recurring basis:

2009

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 8,623,751	$ -	$ 8,623,751
Guaranteed portfolio fund	-	2,712,101	-	2,712,101
Guaranteed certificate fund	-	65	-	65
Total	$ -	$ 11,335,917	$ -	$ 11,335,917

2008

Description	Level 1	Level 2	Level 3	Total

Guaranteed portfolio fund	-	2,730,636	-	2,730,636
Guaranteed certificate fund	-	64	-	64
Total	$ -	$ 9,711,424	$ -	$ 9,711,424

There were no changes to the valuation techniques used during the period.

Note 4 - Income Taxes

On March. 31, 2008, the IRS issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has since been amended; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Administration of the Plan

All administrative expenses incurred by the Plan are paid by the Company. Participant administrative fees are recorded by the Plan.

Management fees and operating expenses charged to the Plan for investments in separate accounts are deducted from the net asset value of each investment division on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value investments.

Note 6 - Related Party Transactions

Certain Plan investments are shares of separate accounts managed by Great-West. Great-West is the asset trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest. These transactions are exempt from prohibited transaction rules. Fees paid by the Plan for investment management services were included a reduction of the return earned on each fund.

Note 7 - Subsequent Events

The Plan has evaluated all subsequent events through September 7, 2010, which is the date the financial statements were available for issuance.
