We were engaged to audit the financial statements of Cosentino North America Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by JPMorgan Chase Bank N.A., the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Cosentino North America Retirement Plan (the "Plan") is a qualified retirement plan adopted by C & C North America, Inc. d/b/a Cosentino North America (the "Company") effective on January 1, 2006. The Plan was amended and restated on February 1, 2008. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

A. General – The Plan covers substantially all employees of the Company, except for certain excluded employees, as defined by the Plan. An employee must complete three (3) months of service before they can participate in the Plan. The entry date is the first day of the month coinciding with or next following the date that the employee meets the eligibility requirements described above.

B. Contributions – Participants may elect to defer up to ninety percent (90%) of compensation into the Plan, not to exceed a dollar limit which is set by law. Participants age fifty (50) or older may elect to make additional contributions as catch-up contributions to the Plan. An employee is automatically enrolled in the Plan, and a deferral of three percent (3%) is withheld, unless the employee completed a salary deferral agreement or elected not to defer under the Plan. Participants may modify or revoke their salary deferral election at any time during the Plan year.

   Effective February 1, 2009, the Plan was amended and restated to eliminate the discretionary employer matching contribution. Prior to this amendment, the matching contribution was equal to fifty percent (50%) of each participant's deferral up to four percent (4%) of compensation. Employees hired after February 1, 2008 must have completed one (1) year of service in order to receive the matching contribution.

   The Company may also make a discretionary profit sharing contribution, as determined by the Company each year. Any profit sharing contribution will be allocated among eligible participants. For the 2009 Plan year, the Company did not make a profit sharing contribution to the Plan.

   Participants may also deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, and an allocation of Plan earnings or losses and administrative expenses. A participant's accounts are segregated for purposes of determining the earnings or losses on these investments and do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Vesting – Participants are immediately vested in their salary deferrals, rollover contributions, plus actual Plan earnings or losses thereon. Vesting in the Company's matching contributions and discretionary profit sharing contributions is based on years of service. A participant is fully vested after five (5) years of credited service. Participants also become fully vested in the entire amounts allocated to their accounts upon reaching their normal retirement age, or if employment is terminated by reason of total and permanent disability or death.

E. Investment Options – Participants direct the investment of their entire interest in the Plan into various investment options offered by the Plan. The Plan currently offers two common/collective investment trust funds and mutual funds as investment options for participants.

F. Payment of Benefits – A participant whose employment terminates for any reason is entitled to receive the vested portion of their account in the form of a lump-sum payment in cash, net of applicable tax, or a rollover to a qualified retirement account. If a participant's vested benefit in the Plan exceeds $1,000, the participant must consent to the distribution before it may be made. If a participant's vested benefit is $1,000 or less, a lump-sum distribution will be made to the participant within a reasonable time regardless of whether the participant elects to receive it.

Participants may receive a hardship distribution to satisfy certain immediate and heavy financial needs. Participants who have reached age fifty-nine and one-half (59½) are eligible for an in-service distribution.

G. Participant Loans – Loans are available to participants on a reasonably equivalent basis. A participant may borrow the lesser of fifty percent (50%) of their vested interest in the Plan or $50,000. The minimum loan balance is $500, and a participant may have five (5) outstanding loans during the year. The loans are adequately secured by the balance in the participant's account and bear interest at the prime rate plus one percent (1%). Loan repayments are made through payroll deductions, and the term of loan may not exceed five (5) years, unless to purchase a principal residence.

H. Forfeitures – The non-vested portion of a terminated participant's account balance remains in the Plan and becomes a forfeiture. Forfeitures will be used to reduce future Company contributions and may be used to pay Plan expenses. At December 31, 2009 and 2008, forfeited non-vested accounts totaled $15,377 and $270, respectively. In 2009, employer contributions were reduced by $370 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

B. Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (the "Codification"). This standard replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes only two levels of GAAP, authoritative and nonauthoritative. The FASB Accounting Standards Codification ("ASC") has become the source of authoritative, nongovernmental GAAP. All other nongrandfathered accounting literature not included in the Codification will become nonauthoritative. This standard was effective for financial statements for interim or annual reporting periods ending after September 15, 2009. The adoption of the Codification changed the Plan's references to GAAP accounting standards but did not impact the Plan's net assets available for benefits.

The Plan has adopted the provisions of ASC 855, *Subsequent Events* (formerly SFAS No. 165, *Subsequent Events*) which clarifies that management must evaluate, as of each reporting period, events or transactions that occur after the balance sheet date and through the date that the financial statements are issued or available to be issued, both for interim and annual reporting periods. The provisions of ASC 855 became effective prospectively for interim and annual reporting periods ending after June 15, 2009.

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures About Fair Value Measurements* ("ASU 2010-06"), which amends the Fair Value Measurements and Disclosures Topic 820, *Fair Value Measurements and Disclosures*. This amendment requires new disclosures on the value of and the reasons for transfers in and out of Levels 1 and 2 of the fair value hierarchy and additional disclosures about purchases, sales, issuances and settlements within Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements on levels of disaggregation and about input and valuation techniques. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 19, 2009, except for the requirement to provide additional disclosures regarding Level 3 measurements which will be effective beginning after December 15, 2010.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

Common/Collective Trusts: The common/collective trust funds invest in a portfolio of U.S. Treasury inflation protected securities and guaranteed investment contracts. The common/collective trusts are stated at fair value as determined by the issue of the fund based on the fair market value of the underlying investments.

Participant Loans: Participant loans are valued at carrying value, which approximates fair value.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 2,251,742**	**$ -**	**$ -**	**$ 2,251,742**

TOTALS	$ 1,205,886	$ -	$ 161,422	$ 1,367,308

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

	Common/ Collective Trust Funds	Participant Loans
Balance, beginning of year	$ 150,488	$ 10,934
Realized losses	(91)	-
Unrealized gains relating to instruments still held at the reporting date	10,617	-
Purchases, sales, issuances and settlements, net	24,479	38,363
BALANCE, END OF YEAR	$ 185,493	$ 49,297

The adoption of ASC 820 did not have a material impact on the Plan's financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation in fair value of investments includes realized gains or losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end.

D. Benefits

Benefits are recorded when paid. As of December 31, 2009, there are no amounts allocated to participants who have elected to withdraw from the Plan, but have not yet been paid.

E. Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the Company does not pay these expenses, the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan. Certain other expenses incurred specifically by a participant are paid out of their individual account.

F. Use of Estimates

The preparation of financial statements and supplemental schedule in accordance with GAAP requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Investments and investment activities included in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedule of assets (held at end of year) have been certified as complete and accurate by JPMorgan Chase Bank N.A., the Trustee for the Plan, as permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information by the Trustee except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2009 and 2008, all investments of the Plan were participant-directed. The following schedule presents investments that were in excess of five percent (5%) of the Plan's net assets available for benefits at December 31:

	2009	2008
US Infl Prtc Bond Index	****	98,406
T. Rowe Price Retirement 2020 – R	**357,357**	182,939
T. Rowe Price Retirement 2030 – R	**643,731**	378,449
T. Rowe Price Retirement 2040 – R	**447,533**	245,012

** Represents less than five percent (5%) of the Plan's net assets as of December 31.

The following table presents the net appreciation (including investments bought, sold and held during the year) in fair value for the Plan's investment categories for the year ended December 31, 2009:

Mutual funds	$ 528,240
Common/collective trust funds	10,526
NET APPRECIATION OF INVESTMENTS	$ 538,766

NOTE 5 – TAX STATUS

The Plan adopted a prototype non-standardized profit sharing plan with cash or deferred arrangement which received a favorable opinion letter dated May 3, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable under section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Plan has been amended since the receipt of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – PLAN TERMINATION

The Company intends to maintain the Plan indefinitely; the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will be one hundred percent (100%) vested. The Company will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan assets are managed by the Plan's Trustee. Therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2009 and 2008:

	2009	2008
Net assets available for benefits per the financial statements	**$ 2,507,022**	$ 1,389,337
Participant contributions receivable	**(20,801)**	(17,778)
Employer contributions receivable	**-**	(6,171)
Excess participant contributions payable	**311**	1,920
NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500	**$ 2,486,532**	$ 1,367,308

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Schedule H of Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for benefits	$ 1,128,802
Add: participant contributions receivable at 2008	17,778
Add: employer contributions receivable at 2008	6,171
Add: excess participant contributions payable at 2009	311
Less: participant contributions receivable at 2009	(20,801)
Less: excess participant contributions payable at 2008	(1,920)
NET INCOME PER FORM 5500	$ 1,130,341

NOTE 9 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the Average Deferral Percentage test for the 2009 and 2008 Plan years. Excess participant contributions of $311 made in 2010 for the 2009 Plan year and $1,920 made in 2009 for the 2008 Play year are recorded as a liability in the accompanying statements of net assets available for benefits.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENT

The Department of Labor is currently auditing the Plan beginning on January 1, 2007, to the present date. The Company is not aware of any matters that would affect the Plan's financial statements, footnotes or supplemental schedule; however, the final outcome of the audit is unknown at this time. The accompanying financial statements and supplemental schedule do not include any adjustments that might result from this uncertainty.

Subsequent events have been evaluated through October 8, 2010, the date these financial statements were available to be issued.
