INDEPENDENT AUDITORS' REPORT

Plan Administrator
NOCO Retirement Plan

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of NOCO Retirement Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 2, these financial statements and supplementary schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of NOCO Retirement Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, on the basis of accounting described in Note 2.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes (modified cash basis) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental schedule of assets held for investment purposes (modified cash basis) has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOCO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

1. DESCRIPTION OF PLAN

The following description of the NOCO Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General **-** The NOCO Retirement Plan is a defined contribution plan that includes a qualified cash-or-deferred arrangement under Section 401(k) of the Internal Revenue Code.

The Plan covers employees of the following affiliated companies:

NOCO Energy Corp.	NOCO Electric, LLC
NOCO Incorporated	NOCO Natural Gas, LLC
Buffalo Welding, LLC	Clear Creek Development, LLC
Crabb Oil & Propane, Inc	Thrifty Propane & Oil, Inc

Employees must complete one year of service (ninety days prior to July 1, 2006) and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions **-** Each participant may elect to contribute an amount of the participant's pretax compensation to the Plan. The contribution rate specified by the participant must be equal to or greater than 1% of compensation but cannot exceed 25%. Employers are required to make a matching contribution equal to 50% of the first 6% of compensation that a participant contributes to the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

In addition, the Board of Directors of NOCO Energy Corp. may, at its discretion, determine that an additional profit sharing contribution be made to the Plan by each covered employer for its proportionate share of the discretionary contribution.

The contributions are subject to certain limitations specified in the Internal Revenue Code.

Participant Accounts - Separate accounts are maintained for each participant for the participant's salary deferral contribution, the related employer's matching contribution, the employer's discretionary contributions and rollover contributions. The participant accounts are credited with the participant's contributions and allocations of employer contributions and net plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting - Participants are immediately vested in their salary deferral and rollover accounts. Vesting in the participant's employer contribution accounts is based on years of service. A participant is fully vested in his employer contribution accounts after five years of credited service.

Investment Options **-** Each participant is given the right to direct the investment of each of his accounts in accordance with provisions of the Plan. As of December 31, 2009, the Plan offered 20 mutual funds and a money market style common/collective trust as investment options for participants.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his/her accounts or, if elected, annual or quarterly installments over a period of years. For termination due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump sum distribution.

Forfeited Accounts - At December 31, 2009, available forfeited non-vested balances totaled $17,608. These amounts will be used to reduce future employer contributions. Also, during 2009, $10,444 from forfeited non-vested balances was used to reduce employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the modified cash basis of accounting. Investments are recorded at fair value as under generally accepted accounting principles. However, the modified cash basis differs from generally accepted accounting principles primarily in that contributions and earnings are recognized when received rather than when the right to receive the related asset accrues and disbursements are recognized when made rather than when the obligation is incurred.

Fair Value Measurements - The Plan's Investments are stated at fair value. FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses level 1 inputs which consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Units held in collective investment trust funds are valued at current market price, which represents the fair value of the underlying net assets held by the trust funds.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Plan administration expenses have been paid by the Plan sponsor, NOCO Energy Corp.

Federal Income Tax Status - The Plan is intended to be qualified under the Internal Revenue Code as exempt from Federal income taxes. The Plan obtained its latest determination letter on July 9, 2002, in which the Internal Revenue Service stated that the Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Use of Estimates - The preparation of financial statements requires the Plan administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. EXCESS CONTRIBUTIONS

Included in benefits paid to participants is $17,225 representing amounts refunded by the Plan to highly compensated employees for 2008 contributions made in excess of amounts allowed by the Internal Revenue Service. Excess contributions for 2009 in the amount of $44,326 are due to be refunded in 2010.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, NOCO has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. SUBSEQUENT EVENTS

Effective March 1, 2010, the Plan changed its third party administrator from ADP Retirement Services to Fidelity Investments. In order to effect this change, the Plan sold all of its assets held with ADP Retirement Services and invested the proceeds in funds offered through Fidelity Investments. The aforementioned transaction resulted in a realized loss of approximately $75,000, representing the estimated decrease in the fair market value of the assets since year end.

Management has evaluated the events and transactions subsequent to year end and has determined that except as described above there were no material events that would require disclosure in the Company's financial statements.
