The Participants and Administrative Committee
Orlando Magic 401(k) Retirement Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Orlando Magic 401(k) Retirement Plan (the Plan) as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended and the schedule of assets (held at end of year) as of December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in notes 3 and 7 to the financial statements, which was certified by Transamerica Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and schedule. We have been informed by the plan administrator that the custodian held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The Orlando Magic 401(k) Retirement Plan (the Plan) was originally established effective July 1, 1990 and was amended and restated effective January 1, 2003, at which time the Plan's name was changed from RDV Sports, Inc. 401(k) Plan to Orlando Magic 401(k) Retirement Plan.

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution retirement plan covering all full-time employees of Orlando Magic, Ltd. (the Sponsor or Employer) who have completed at least one year of service during which they completed at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may elect to make before-tax contributions up to limits established by the Internal Revenue Code (IRC) into any combination of investment funds offered by Transamerica Life Insurance and Annuity Company, the custodian. Each plan year, the Sponsor may make matching contributions as it deems advisable equal to a specified percentage of each eligible participants' elective deferral. For 2009 and 2008, the Sponsor contributed 50% match of participants' contributions up to 6% of their qualified compensation.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution(s) and an allocation(s) of sponsor matching contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in sponsor contributions and earnings thereon is based on years of service.

Vesting rights accrue as follows:

Years of service	Vested percentage
Less than:	
1	0%
2	20
3	40
4	60
5	100

(Continued)

(e) Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are usually a maximum of five years except for the purchase or construction of a primary residence, which may be more than five years. The loans are secured by the balance in the participant's account and bear interest as of the date the loan is granted. Interest rates are commensurate with those used by the local commercial lenders for loans granted under similar circumstances.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum equal to the value of the participant's vested interest in his or her account, or in installment payments as requested by the participant.

(g) Forfeitures

Any sponsor matching contributions and earnings thereon credited to an employee's account that have not vested upon that employee's termination are used to first pay plan administrative costs and then to reduce future employer matching contributions. At December 31, 2009 and 2008, forfeited nonvested accounts totaled $18,647 and $23,165, respectively. During 2009 and 2008, forfeitures of $8,348 and $4,310, respectively, were used to pay plan administrative costs and $0 and $42,960, respectively, were used to reduce future employer matching contributions.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investments and Investment Income

The Plan's investments in mutual funds are stated at fair value. The Plan's investment in the insurance company general account is a cash reserve account valued at cost, which equals fair value. The cash reserve account's sole purpose is to pay the Plan's expenses.

All investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan's investments include funds that invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements and schedule.

(c) Participant Loans

Participant loans are recorded at amortized cost.

(Continued)

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Use of Estimates

The preparation of the financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from those net assets during the reporting period. Actual results could differ from these estimates.

(f) New Accounting Pronouncements

In September 2009, the FASB issued ASU No. 2009-12, "Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2009-12"), which amends the Fair Value Measurements and Disclosures Topic of the FASB ASC to permit the use of net asset value per share, without further adjustment, to estimate the fair value of investments in investment companies that do not have readily determinable fair values. If it were probable the investment will be sold for an amount other than net asset value, the investor would be required to estimate the fair value of the investment considering all of the rights and obligations of the investment and any other market available data. In addition, the amendments require enhanced disclosure for the investments within the scope of this accounting update. The accounting guidance in ASU 2009-12 is effective for periods ending after December 15, 2009, and early adoption is permitted. The plan adopted the guidance for its December 31, 2009 financial statements. Adoption of ASU No. 2009-12 did not have a material impact on the Plan's measurement of its investments at fair value as of December 31, 2009.

In April 2009, the FASB issued ASC 820-10-65-4, "Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly." ASC 820-10-65-4 amends ASC 820 to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to normal market activity for the asset or liability. ASC 820-10-65-4 also provides additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities in meeting the disclosure requirements of ASC 820. ASC 820-10-65-4 is effective for reporting periods ending after June 15, 2009. Adoption of ASC 820-10-65-4 did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued ASU No. 2010-06, "Improving Disclosures about Fair Value Measurements" ("ASU No. 2010-06"), which primarily requires new disclosures related to the levels within the fair value hierarchy. An entity is required to disclose significant transfers in and out of Levels 1 and 2 of the fair value hierarchy, and separately present information related to purchases, sales, issuances, and settlements in the reconciliation of fair value measurements classified as Level 3. In addition, ASU 2010-06 amends the fair value disclosure requirement for pension and postretirement benefit plan assets to require this disclosure at the investment class level. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009, except

(Continued)

for the disclosures related to purchases, sales, issuances and settlements for Level 3 fair value measurements, which will be effective for reporting periods beginning after December 15, 2010. Adoption of ASU 2010-06 is not expected to have a significant impact on the Plan's financial statements.

(3) Investments

Participant and sponsor contributions are invested in mutual funds or the insurance company general account based upon each individual participant's direction.

The trustee has provided the plan administrator with certifications as to the completeness and accuracy of all investment-related information presented in the accompanying 2009 and 2008 financial statements, notes thereto, and supplementary schedule.

During 2009 and 2008, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $1,249,982 and $(2,567,846), respectively.

Dividend and interest income amounted to $95,411 and $120,967 for 2009 and 2008, respectively.

(Continued)

(4) Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated September 25, 2003 relating to amendments adopted by the Plan effective prior to the date thereof indicating that the Plan's design is qualified under Section 401(a) of the IRC. The Sponsor and its counsel believe the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan is tax exempt.

(5) Plan Termination

The Orlando Magic, Ltd. has established the Plan with the intent to maintain it indefinitely, but maintains the right, at any time, to discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

(6) Party in Interest

Certain plan investments are units or shares of mutual funds managed by Transamerica Life Insurance and Annuity Company (the Plan Custodian) and Diversified Investment Advisors (the Plan Recordkeeper). These transactions qualify as party-in-interest transactions.

(7) Fair Value Measurements

The Plan applies the guidance in FASB ASC Topic 820, for fair value measurements of financial assets and liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at quoted market prices on the last business day of the plan year, which represents the net asset value (NAV) of shares held by the Plan at year-end.

(Continued)

Insurance Company General Account: Cash reserve account is valued at cost, which represents fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets that are measured at fair value on a recurring basis at December 31, 2009 are investments in mutual funds and the insurance company general account, which are classified as Level 1 in the fair value hierarchy.

(8) Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through October 13, 2010, the date the financial statements were available to be issued.
