Pacifica Hosts, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE A – DESCRIPTION OF PLAN

The following description of the Pacifica Hosts Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, a prototype plan established by ING Institutional Plan Services, LLC ("ING"), covering all eligible employees. An eligible employee is any person employed by the Company or by any of the participating 18 affiliated companies, and who has reached age 21 and has completed 1 year of service, as defined in the Plan. Participants are eligible to participate in the Plan on the first day of each quarter following eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company. The recordkeeper of the Plan is ING. The plan trustee, MetLife Insurance Company of Connecticut, has the authority and responsibility for the management and investment of the Plan assets. Participants in the Plan may choose to have their 401(k) deferral and match contributions allocated among 61 investment options. There are no non-participant directed funds with the Plan.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investment options that are available within a MetLife variable annuity. The Company may make discretionary contributions to the Plan. The matching Company contribution was approximately 10% in year 2009. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The portion of the participant's account attributable to elective deferral contributions and rollover contributions is 100% vested and non-forfeitable. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited services.

NOTE A – DESCRIPTION OF PLAN (continued)

Participants Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is the prime interest rate plus 2%. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Unvested 401(k) amounts forfeited by terminated employees and from nonvested corrective distributions are applied to future employer contributions. At December 31, 2009 and 2008, forfeited nonvested accounts totaled $5,565 and $3,626, respectively.

Administrative Fees

The administrative fees charged by the Plan's recordkeeper are allocated pro-rata among the account balances of all participants in the Plan based on the ratio of each participant's account balance to the aggregate of all participants' accounts balances under the Plan. Fees to process distributions and loans are charged directly against the requesting participant's account balance. The recordkeeping fees for 2009 and 2008 were $400 and $156, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The Plan uses the accrual basis of accounting in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expense during the reporting period. Actual results could differ fro those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Investments Valuation and Income Recognition

The investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

NOTE C – INVESTMENTS

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan trustee.

	2009	2008
Investments, at fair value	$1,244,031	$ 912,372
Participants loans	20,492	3,394
Investment income (loss)	179,744	(292,656)

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2009 and 2008.

Description of Investment	2009	2008
Legg Mason Var Money Market Portfolio	$ 340,647	$ 340,390
Fixed Account	81,416	171,166
Janus Aspen Mid Cap Growth[1]	65,130	36,624
	$ 548,180	$ 548,180

[1] *does not represent 5% or more at December 31, 2008*

The average yield for 2009 and 2008 was approximately 17% and -30%, respectively. During 2009, the fair values of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by 176,462. Interest income for 2009 and 2008 were $1,338 and $100, respectively.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy

NOTE D - FAIR VALUE MEASUREMENTS (continued)

gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are describes as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

  If the asset or liability has a specified (contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009, and 2008.

- *Mutual funds.* Valued at the net asset value of shares held by the Plan at year-end.
- *Fixed funds.* Value at contract value. See Note E for a discussion on contract value.
- *Participant loans.* Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$1,162,615			$1,162,615
Fixed funds	81,416			81,416
Participant loans	20,492	-	-	20,492
Total assets at fair value	$1,264,523	-	-	$1,264,523

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2008:

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 744,614			$ 744,614
Fixed funds	171,152			171,152
Participant loans	3,394	-	-	3,394
Total assets at fair value	$ 915,766	-	-	$ 915,766

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1997, the Plan entered into a variable annuity group contract (the "Contract") with MetLife Insurance Company of Connecticut (MetLife). The Contract is issued on an unallocated basis. The Contract provides for fixed (General Account) and variable (Separate Account). The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract is included in the financial statements at contract value as reported to the Plan by MetLife. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE H – PARTY IN-INTEREST TRANSACTIONS

Certain Plan assets are invested in the mutual funds managed by Metlife. Metlife provides custodial services and, therefore, these transactions qualify as party-in-interest.

NOTE I – PENDING DISTRIBUTIONS

There were no Plan assets allocated to participants who had elected to withdraw from the Plan as of December 31, 2009.

NOTE J – TAX STATUS

The Plan is using an ING Prototype Plan and as such the Internal Revenue Service will not issue a determination letter with respect to this Plan. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L – PLAN AMENDMENT

Effective January 1, 2009, the plan was amended and restated to allow an affiliated company to participate in the Plan. There were 18 affiliated companies who participated in the plan during 2009.

Effective January 1, 2010, the plan was amended and restated to terminate an affiliated company. As of January 1, 2010, there were 17 affiliated companies participating in the Plan.

In addition, effective March 1, 2010, the plan changed its trustee from Metlife to State Street Bank and its recordkeeper from ING to ADP.

NOTE M - SUBSEQUENT EVENTS

The plan has evaluated subsequent events through September 16, 2010, which is the date the financial statements were issued.
