## Independent Auditor's Report

To the Plan Administrator  
Planned Parenthood of New York City, Inc. Retirement Plan  
New York, New York

We were engaged to audit the accompanying statements of net assets available for benefits of Planned Parenthood of New York City, Inc. Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental Schedule H, Line 4(i) - schedule of assets (held at end of year). These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified or provided by Orchard Trust Company, LLC, the trustee of the Plan and the custodian of all of the investments held by the Plan other than the fixed annuity funds, and First Great-West Life & Annuity Insurance Company, the custodian of the fixed annuity funds held by the Plan (collectively referred to as the "Custodians"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. As disclosed in Note 4, the Plan Administrator has obtained certifications from the Custodians regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the Custodians as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## Planned Parenthood of New York City, Inc. Retirement Plan

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following description of Planned Parenthood of New York City, Inc. ("PPNYC" or the "Plan Sponsor") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a prototype 401(k) plan with optional profit-sharing plan provisions with the intent to qualify under Section 401(a) of the Internal Revenue Code (the "Code"). As such, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration: The board of directors of PPNYC administers the Plan. The investment manager, custodian, and party which directed the custody and management of the Plan's assets was First Great-West Life & Annuity Insurance Company ("FGWLAI") for the Plan's fixed annuity funds and Orchard Trust Company, LLC (collectively referred to as the "Custodians") for the remaining investments for the year ended December 31, 2009. Furthermore, Orchard Trust Company, LLC was the Plan's trustee for the year ended December 31, 2009.

Eligibility and Contributions: The Plan covers substantially all employees of PPNYC over the age of 21 and, upon completion of one year of service (a minimum of 1,000 hours of service), such employees are eligible to make contributions in the Plan and are entitled to a 3% safe-harbor contribution of eligible compensation made by PPNYC. The participating employees may elect to contribute up to the maximum amount by law (\$16,500 in 2009) each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) PPNYC's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

Vesting: The participants are immediately vested in their own and the employer's contributions, and actual earnings thereon.

Payment of Benefits: Retirement benefits are normally payable at age 65 and are based on the accumulated value in the participant's account at that time. The Plan allows for early retirement at age 55. On termination of service due to death, disability, retirement or other termination of employment, the amount paid to the participant or, in case of death, to the participant's beneficiary, can be in a cash lump sum or an annuity at the participant's option, with spousal consent where applicable.

Administrative Expenses: Plan expenses are charged to the Plan unless paid directly by PPNYC.

Loans: Loans made to Plan participants must be made according to loan provisions specified in the Plan document, or in loan procedures adopted by the Plan. The loan and any outstanding loan balance may not be more than 50% of the participant's vested account or \$50,000, whichever is less. The minimum loan amount is \$1,000. When a participant takes a loan from the Plan, the loan remains an asset (held by the Custodians of the Plan). The Custodians hold an executed note and pledge of security. Only one loan per participant may be outstanding at a time. The interest rates on the outstanding loan are based on the rates available from commercial lending institutions.

### Notes to Financial Statements

---

#### Note 1. Plan Description (Continued)

Forfeited Accounts: At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$1,212 and \$403, respectively. These accounts will be used to pay future administrative expenses and the remaining amount will be used to reduce future employer contributions.

#### Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Contracts: Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan Sponsor's management was unable to obtain from the Custodians the required information in sufficient detail to assess the proper valuation of certain Plan investments held by the Custodians as described in Note 6. However, the Plan Sponsor's management believes that contract value approximates fair value and, accordingly, no adjustment for the difference between the contract value and fair value was presented on the statement of net assets available for benefits as of December 31, 2009.

Valuation of Investments and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions of net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events: The Plan has evaluated subsequent events through October 15, 2010, the date the financial statements were available to be issued.

Recently Adopted Accounting Pronouncements: In January 2010, the Financial Accounting Standards Board (the "FASB") issued an amendment, *Fair Value Measurements and Disclosures - Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"), which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances and settlements instead of netting these changes.

#### Note 2. Significant Accounting Policies (Continued)

With respect to matters other than Level 3 measurements, the amendment was effective and adopted for periods beginning on or after December 15, 2009 (see Note 5 for the impact of adoption). The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. The Plan Administrator is currently evaluating the impact of the guidance related to Level 3 measurements on the Plan's disclosures.

In September 2009, the FASB issued an amendment, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2009-12"), which provides guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value ("NAV") per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. This amendment was effective for periods ending after December 15, 2009, with early adoption permitted (see Note 7 for the impact of adoption by the Plan).

The Plan adopted new guidance related to accounting for uncertain tax positions (see Note 3).

Recent Accounting Pronouncement: In September 2010, the FASB issued an amendment, *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* ("ASU 2010-25"), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented. This amendment has not yet been adopted. The Plan Sponsor's management is currently evaluating the impact of this amendment.

#### Note 3. Tax Status

Effective January 1, 2005, the Plan adopted a standardized form of a prototype plan sponsored by MetLife. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan was most recently amended on July 28, 2008 and the Plan Administrator believes that after such amendment, the Plan is currently designed to be in compliance with the applicable requirements of the Code.

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state, or local tax authorities for years before 2006.

#### Note 4. Summary of Information Certified by the Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified or provided by the Custodians, except for comparing such information certified or provided by the Custodians to information included in the Plan's financial statements and supplemental schedule.

\* Investment is less than 5% of net assets available for benefits at end of year.

In addition, the Custodians have certified to the Plan Administrator as to the completeness and accuracy of the participant loan interest of \$26,174, interest and dividends of \$233,141 and net appreciation in fair value of the mutual funds of \$1,858,710 for the year ended December 31, 2009.

#### Note 5. Fair Value Measurements

FASB Accounting Standard Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

#### Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the NAV of units held by the Plan at year-end.

Fixed Annuity Fund: The fixed annuity fund is reported at contract value. PPNYC's management believes that contract value approximates fair value and, accordingly, no adjustment for the difference between the contract value and fair value was presented on the statement of net assets available for benefits as of December 31, 2009.

The values for fixed annuity funds are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Participant Loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

\* The fixed annuity fund has been reclassified from Level 3 to Level 2 in accordance with clarification of the level hierarchy obtained during the current year.

- (a) This category represents a group annuity contract that has been issued to Principal Trust Company as custodian. The contract pays a rate of interest guaranteed by Principal Life Insurance Company. Participant account balances are credited with a net crediting rate after deducting certain fees for administrative and record-keeping services. The fixed annuity fund has no unfunded commitments, and no limitations on redemptions at December 31, 2009.

#### Note 5. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

|                                 | <u>Participant Loans</u> |
|---------------------------------|--------------------------|
| Balance, January 1, 2009        | \$ 407,611               |
| Loans issued                    | 178,470                  |
| Interest income                 | 26,174                   |
| Loan payments and distributions | <u>(204,590)</u>         |
| Balance, December 31, 2009      | <u>\$ 407,665</u>        |

#### Note 6. Investment Contract With Insurance Company

The Plan has a benefit-responsive investment contract with FGWLAIC. FGWLAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. FGWLAIC is contractually obligated to repay the principal and a specified interest rate that are guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract with FGWLAIC is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the plan by FGWLAIC. Contract value, as reported to the Plan by FGWLAIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. FGWLAIC indicates that contract value approximates fair value for this investment at December 31, 2009. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.0%. Such interest rate is reviewed on a quarterly basis for resetting.

Inputs used to determine the crediting interest rate include each contract's portfolio market value relative to contract value. At December 31, 2009 and 2008, the average yield earned by the contract and the average crediting interest rate were 3.15% and 3.23%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

#### Note 7. Plan Termination

Although it has not expressed any intent to do so, PPNYC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## Planned Parenthood of New York City, Inc. Retirement Plan

### Notes to Financial Statements

---

#### Note 8. Transactions With Parties in Interest

PPNYC provides to the Plan certain accounting and administrative services for which no fees are charged. Great-West Retirement Services is an exempt party in interest as defined in the rules under ERISA.

#### Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as market and credit risks. Due to the level of such risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Approximately 30% and 38% of the Plan's investments are held in one fixed annuity fund with FGWLAIC at December 31, 2009 and 2008, respectively. As such, this is considered to be a concentration of credit risk.
