Intelius, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Intelius, Inc. 401(k) Plan (the “Plan”) provides summarized general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution 401(k) plan sponsored by Intelius, Inc. (the “Company”). The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to investments offered under the Plan. Plan assets are invested in accordance with participant directions in mutual funds and money market funds managed by Fidelity Management Trust Company.

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may contribute a percentage of their eligible compensation and bonus, subject to certain limitations under the IRC. The Plan provides that the Company makes a matching contribution equal to the participant contribution, not to exceed 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contribution and an allocation of employer contributions, if any, Plan net earnings and losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their pre-tax account, any rollover accounts from other qualified plans, Company matching contributions and any earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between any combination of mutual funds and a money market fund offered by the Plan.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All loans must be repaid over a term not to exceed five years, unless the loan is for the purchase of a primary residence, in which case the loan may be a maximum of up to 10 years. Participants are allowed only one outstanding loan at a time. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate on current outstanding loans was 6% as of December 31, 2009.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for member requested services. The total administrative expenses paid out of the participant accounts in 2009 and 2008 were \$2,477 and \$113, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure on contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying securities and

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are carried at the unpaid principal balance, which approximates fair value.

The Plan presents in the statement of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2009	2008
Money market account	\$ 192,320	\$ 104,548
Mutual funds	3,047,864	1,365,823
Participant loan	25,324	394
<i>Year ended December 31,</i>	2009	2008
Interest and dividend income	\$ 44,355	\$ 46,550
Net appreciation (depreciation) in fair value of investments	654,115	(778,231)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Notes to Financial Statements

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2009	2008
Fidelity Growth income	\$ 169,735	\$ *
Fidelity Value	*	83,251
Fidelity Overseas	208,846	127,005

Fidelity Small cap value	*	85,428
Fidelity Freedom 2050	374,933	212,545

* *Less than 5%*

5. Fair Value Measurements

Generally accepted accounting principles (GAAP) have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to observable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level within the fair value hierarchy the Plan assets as of December 31, 2009 and 2008:

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2009

	Total	Level 1	Level 2	Level 3

Participant loans	394	—	—	394
Total investments, at fair value	\$ 1,470,765	\$ 1,470,371	\$ —	\$ 394

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end. Participant loans are stated at their unpaid principal balance, which approximates fair value, and are classified within Level 3 of the valuation hierarchy.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investment assets for the years ended December 31:

	2009	2008
Balance at beginning of year	\$ 394	1,251
Repayments and borrowings, net	24,930	(857)
Balance at end of year	\$ 25,324	394

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan to the custodian were \$2,448 and \$113 for the years ended December 31, 2009 and 2008, respectively.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. As the Company has adopted the prototype plan, the Plan administrator and counsel believe that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2010, which is the date on which the financial statements were available to be issued. There were no significant events identified.

Notes to Financial Statements

1. Description of the Plan

The following description of the Intelius, Inc. 401(k) Plan (the “Plan”) provides summarized general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution 401(k) plan sponsored by Intelius, Inc. (the “Company”). The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to investments offered under the Plan. Plan assets are invested in accordance with participant directions in mutual funds and money market funds managed by Fidelity Management Trust Company.

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may contribute a percentage of their eligible compensation and bonus, subject to certain limitations under the IRC. The Plan provides that the Company makes a matching contribution equal to the participant contribution, not to exceed 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contribution and an allocation of employer contributions, if any, Plan net earnings and losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their pre-tax account, any rollover accounts from other qualified plans, Company matching contributions and any earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between any combination of mutual funds and a money market fund offered by the Plan.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All loans must be repaid over a term not to exceed five years, unless the loan is for the purchase of a primary residence, in which case the loan may be a maximum of up to 10 years. Participants are allowed only one outstanding loan at a time. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate on current outstanding loans was 6% as of December 31, 2009.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for member requested services. The total administrative expenses paid out of the participant accounts in 2009 and 2008 were \$2,477 and \$113, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure on contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying securities and

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are carried at the unpaid principal balance, which approximates fair value.

The Plan presents in the statement of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2009	2008
Money market account	\$ 192,320	\$ 104,548

<i>Year ended December 31,</i>	2009	2008
Interest and dividend income	\$ 44,355	\$ 46,550
Net appreciation (depreciation) in fair value of investments	654,115	(778,231)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Investments

5. Fair Value Measurements

Generally accepted accounting principles (GAAP) have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to observable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level within the fair value hierarchy the Plan assets as of December 31, 2009 and 2008:

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

Total investments, at fair value	\$ 1,470,765	\$ 1,470,371	\$ —	\$ 394

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end. Participant loans are stated at their unpaid principal balance, which approximates fair value, and are classified within Level 3 of the valuation hierarchy.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investment assets for the years ended December 31:

	2009	2008
Balance at beginning of year	\$ 394	1,251
Repayments and borrowings, net	24,930	(857)
Balance at end of year	\$ 25,324	394

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan to the custodian were \$2,448 and \$113 for the years ended December 31, 2009 and 2008, respectively.

Intelius, Inc. 401(k) Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. As the Company has adopted the prototype plan, the Plan administrator and counsel believe that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2010, which is the date on which the financial statements were available to be issued. There were no significant events identified.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All loans must be repaid over a term not to exceed five years, unless the loan is for the purchase of a primary residence, in which case the loan may be a maximum of up to 10 years. Participants are allowed only one outstanding loan at a time. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate on current outstanding loans was 6% as of December 31, 2009.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for member requested services. The total administrative expenses paid out of the participant accounts in 2009 and 2008 were \$2,477 and \$113, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure on contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying securities and

Notes to Financial Statements

the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are carried at the unpaid principal balance, which approximates fair value.

The Plan presents in the statement of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Payment of Benefits

Benefits are recorded when paid.

5. Fair Value Measurements

Generally accepted accounting principles (GAAP) have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to observable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level within the fair value hierarchy the Plan assets as of December 31, 2009 and 2008:

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end. Participant loans are stated at their unpaid principal balance, which approximates fair value, and are classified within Level 3 of the valuation hierarchy.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investment assets for the years ended December 31:

	2009	2008
Balance at beginning of year	\$ 394	1,251

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan to the custodian were \$2,448 and \$113 for the years ended December 31, 2009 and 2008, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. As the Company has adopted the prototype plan, the Plan administrator and counsel believe that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2010, which is the date on which the financial statements were available to be issued. There were no significant events identified.
