Note 1. Description of Plan

The following description of Baker Barrios Architects, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Baker Barrios Architects, Inc. (the "Sponsor") who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may elect to defer a percentage, but not more than 60% of pretax annual compensation, as defined in the Plan, pursuant to the limitations of Code Sections 401(k), 404 and 415. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Sponsor may make discretionary matching contributions equal to a uniform percentage as determined by the Sponsor of each participant's applicable contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution, employer matching contribution, if any, an allocation of the Sponsor's additional contribution, and plan earnings. Allocations for contributions are based on participants' compensation, limited by statutory provisions. Allocations for plan earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service, with the vesting percentage increasing ratably over a six-year service period. A participant is 100% vested after six years of credited service.

Participant Loans Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 2 to 5 years or a reasonable time commensurate with the repayment period permitted by commercial lenders for the purchase of the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate commensurate with local prevailing rates as determined periodically by the Plan administrator. Interest rates range from 6.25% to 9.25% on existing loans. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service due to death, disability, retirement or other reasons, a participant or beneficiary may elect to receive either a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account or a single sum distribution of a portion of the participant's vested interest in his or her account.

Forfeited Accounts: At December 31, 2009 and 2008, forfeited nonvested accounts totaled $35,877 and $25,742, respectively. These accounts will be used to first pay for expenses of the Plan. Any remaining forfeitures will be used to reduce future employer contributions to the Plan.

Reclassifications: Certain reclassifications have been made to the plan year 2008 financial statements to conform to the 2009 presentation. These reclassifications had no effect on net assets available for benefits.

Note 2. Summary of Significant Accounting Policies

Date of Management's Review: Subsequent events were evaluated through September 16, 2010, which is the date the financial statements were available to be issued.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value as reported to the Plan by Transamerica Retirement Services. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans receivable are valued at cost plus accrued interest, which approximates fair value. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (continued)

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual funds	$ 1,793,676	$ 1,793,676	$ -	$ -
Investment contract with insurance company	247,827	-	247,827	-
Participant loans	22,913	-	-	22,913
Total	$ 2,064,416	$ 1,793,676	$ 247,827	$ 22,913
December 31, 2008				
Mutual funds	$ 1,405,977	$ 1,405,977	$ -	$ -
Investment contract with insurance company	236,282	-	236,282	-
Participant loans	53,231	-	-	53,231
Total	$ 1,695,490	$ 1,405,977	$ 236,282	$ 53,231

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of the investment contract with insurance company is based on contract value.

Note 3. Fair Value Measurements (continued)

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

	Participant Loans
December 31, 2009	
Beginning balance	$ 53,231
Issuances and settlements (net)	(30,318)
Ending balance	$ 22,913
December 31, 2008	
Beginning balance	$ 38,360
Issuances and settlements (net)	14,871
Ending balance	$ 53,231

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net depreciation in fair value of investments.

Note 4. Investments

The following presents investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets:

	2009	2008
Transamerica Stable Value	$ 247,827	$ 236,282
American Funds EuroPac Growth	190,480	-
Transamerica Partners Stk Idx	156,564	142,696
Transamerica Balanced	145,962	110,545
PIMCO Total Return	139,666	-
Transamerica Partners Mid Val	111,577	-
Franklin Small Cap Value	106,672	-
Fidelity Advisor Small Cap	103,866	96,601
Dreyfus International Value	-	106,098

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Income Tax Status

Effective September 1, 2004, the Sponsor adopted the Volume Submitter Tax-Favored Savings and Discretionary Contribution Plan and Trust. The volume submitter form received a Favorable IRS Letter issued by the Internal Revenue Service. The Internal Revenue Service has determined and informed Transamerica Life Insurance and Annuity Company, the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC), and, accordingly, income is exempt from federal income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7. Employer Matching

The Employer may make discretionary matching contributions equal to a uniform percentage of the participant's compensation. A participant must complete three consecutive months of service. The employer elected no to make matching contributions during the plan year ended December 31, 2009.
