INDEPENDENT AUDITORS' REPORT

To Advanced Containment Systems, Inc.
401(K) Profit Sharing Plan & Trust and Participants
Houston, Texas

We have audited the accompanying statements of net assets available for benefits-liquidation basis of Advanced Containment Systems, Inc. 401(K) Profit Sharing Plan & Trust as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits-liquidation basis for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 5 to the financial statements, the plan sponsor approved a plan of termination on November 19, 2009 and contributions to the plan were discontinued as of December 20, 2009. As a result, the plan has changed its basis of accounting for periods ending December 31, 2009 to a liquidation basis.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits-liquidation basis of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits-liquidation basis for the year ended December 31, 2009 in conformity with accounting principles applied on the bases described in the preceding paragraph.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's rules and regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ADVANCED CONTAINMENT SYSTEMS, INC.
401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

(1) Plan Description

The following description of Advanced Containment Systems, Inc. 401(K) Profit Sharing Plan & Trust provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

(a) General - The Plan is a defined contribution plan covering all employees of the Company who have 1,000 hours of service and are age twenty-one, or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions - Each year, participants may contribute up to the statutory maximum of pre-tax annual compensation as defined in the Plan. The maximum deferral amount for 2009 is $16,500 for participants under fifty years of age and an additional $5,500 for participants age fifty and above. Participants may also contribute amounts representing distributions from other qualified plans. The Company contributes an amount equal to 50% of a participant's elective deferrals, which are in excess of 3% but does not exceed 5% of a participant's compensation based on each payroll period. Additional discretionary amounts may be contributed by the Company as profit sharing contributions. The discretionary profit sharing contribution amount will be determined by the Company.

(c) Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting - Participants are immediately vested in their contributions plus actual earnings thereon, as well as, in the Company's matching contributions. The discretionary profit sharing contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after seven years of credited service. At termination all participants are 100% vested.

(e) Investment options - The Plan's investment options include a broad range of mutual funds. Each participant is responsible for the investment decisions relating to the assets in their individual accounts under the Plan.

(f) Participant Loans Receivable - Participants may borrow from their fund accounts a minimum of $1,000. The maximum is the lesser of one half of the participant's vested account balance, or $50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. The participant's vested account balance will be used as collateral for any loan. Principal and interest payments are made ratably through payroll deductions.

(1) Plan Description, (continued)

(g) Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in periodic installments if the account balance is greater than $5,000.

(h) Forfeitures - Forfeitures are allocated in the same proportion that a terminated participant's compensation bears to the total compensation of all participants. However, any forfeiture attributable to matching contributions will be used to reduce any matching contributions made by the Company. During 2009 and 2008 there were no forfeitures.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

As described in Financial Accounting Standards Board ASC 946-210-45, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

(b) Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Payment of Benefits - Benefits are recorded when paid.

(3) Investments

The fair value of individual investments that represent 5% or more of net assets available for benefits at December 31, 2009 and 2008, is summarized as follows:

	2009	2008
Fed Kaufmann C Mutual Fund	$ 202,068	$ 117,268
Fed American Leaders C Mutual Fund	-	97,805
Fed Auto Cash Management Fund	76,280	60,121
Fed Stock & Bond C Mutual Fund	77,036	49,832
Fed Market Opportunity C Mutual Fund	29,683	21,183
Fed Clover Value Fund C	147,507	-
Total of participant directed investments representing 5% or more of net assets available for benefits	$ 532,574	$ 346,209

(4) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds	$ 525,812	$ 525,812	$ -
Interest bearing cash	76,280	76,280	-
Participant's loans	29,073	-	29,073
Total	$ 631,165	$ 602,092	$ 29,073
December 31, 2008			
Mutual funds	$ 313,292	$ 313,292	$ -
Interest bearing cash	60,121	60,121	-
Participant's loans	5,623	-	5,623
Total	$ 379,036	$ 373,413	$ 5,623

(4) Fair Value Measurements, continued

FASB ASC 820-10, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's vested account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans
December 31, 2009	
Beginning balance	$ 5,623
Interest income	823
Total gains or losses(realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	22,627
Total	$ 29,073
December 31, 2008	
Beginning balance	$ 9,828
Interest income	642
Total gains or losses(realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	(4,847)
Total	$ 5,623

(5) Plan Termination

On November 19, 2009, the plan sponsor voted to terminate the plan. Contributions to the plan were discontinued as of December 20, 2009, and benefits were distributed to participants in accordance with their account balances prior to March 31, 2010.

(6) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

(7) Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Subsequent Events

Management has evaluated subsequent events through September 23, 2010, the date the financial statements were available to be issued.
