Each year, participants may make contributions to the Plan subject to Internal Revenue Service (IRS) limitations. The Company makes matching contributions equal to 10% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's management. No additional amounts were contributed for the years ended December 31, 2009 and 2008.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. That rate is fixed at the time the loan is taken out. Principal and interest are paid ratably through monthly payroll deductions.

Forfeiture accounts

At December 31, 2009 and 2008, forfeited non-vested accounts totaled \$0 and \$3,893, respectively. These accounts will be used to reduce future employer contributions. Also, in 2009 and 2008, employer contributions were reduced by \$5,239 and \$3,599, respectively, from forfeited non-vested accounts.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Plan termination

In the event the Plan is wholly or partially terminated, or upon the complete discontinuance of contributions under the Plan by any entity that is a part of the Company, each participant's interest in their Company account affected by such termination or discontinuance shall be nonforfeitable on the date of such termination or discontinuance. Any unallocated assets of the Plan fund then held by the Trustee shall be allocated among the appropriate Company accounts, and participant accounts of the participants and will be distributed in such a manner as the Company may determine. See Note 10 relating to the Plan merger.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Participant loans are valued at their outstanding balances, which approximate fair value. See note 9 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded at ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management of the Company evaluates subsequent events through the date the financial statements were issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Uncertain tax positions

The Plan adopted the provisions of *Accounting for Uncertainty in Income Taxes* on January 1, 2009. The standard clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The adoption of this standard did not have an impact on the Plan financial statements.

NOTE 3 – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Federated. EMJAY Corporation (a wholly owned subsidiary of Federated) is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 4 – TAX STATUS

The Plan has adopted a provider's standardized prototype plan. Federated (the "Provider") has received a determination letter stating that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by EMJAY Corporation, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

NOTE 8 – SUBSEQUENT EVENT

Effective January 1, 2010, the Company ceased its matching contribution to the Plan for each eligible participant's elective deferrals into the Plan.

NOTE 9 – FAIR VALUE MEASUREMENTS

The Company adopted ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

		Assets at Fair Value as of December 31, 2008		
Description	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 919,490	\$ 421,656	\$ 497,834	\$ -
Participant loans	88,016	-	-	88,016
Total	\$ 1,007,506	\$ 421,656	\$ 497,834	\$ 88,016

NOTE 10 – PLAN MERGER

On November 9, 2009, the Boards of Directors of Shelby Concrete, Inc. and AmSource approved resolutions which resulted in the merger of the Shelby Concrete 401 (k) Profit Sharing Plan (the "Merging Plan") into the AmSource Multiple Employer 401(k) Plan (the "Surviving Plan"), with all account balances under the Merging Plan becoming account balances under the Surviving Plan. Upon execution of the merger, the Merging Plan became part of the Surviving Plan and all assets and liabilities of the Merging Plan become assets and liabilities of the Surviving Plan, with the Merging Plan ceasing to exist as an independent entity.
