WESTERN REFINING & AFFILIATED COMPANIES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Western Refining & Affiliated Companies 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of the subsidiaries and affiliates of Western Refining Inc. The term "Company" is a generic term that is used to refer to the subsidiaries or affiliates of Western Refining Inc. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On May 31, 2007, Western Refining, Inc. acquired Giant Industries, Inc. (Giant). Through Giant, Western Refining, Inc. also acquired the benefit plan, Giant Industries, Inc. & Affiliated Companies 401(k) Plan (Giant Plan). Management merged the Giant Plan effective January 1, 2009. The merger of these plans was in accordance with the provisions of IRC Section 401(a)(12) and 26 CFR 1.414(1)-(1)d. Due to the merger, Western Refining Company, L.P. transferred sponsorship of the Western Refining Company 401(k) Profit Sharing Plan to Western Refining, Inc. The Plan was amended effective January 1, 2009 and the name was changed from Western Refining Company 401(k) Profit Sharing Plan to Western Refining & Affiliated Companies 401(k) Plan.

Eligibility

Employees of the Company are eligible to make elective deferrals; employees who have also completed 12 months of eligible service are eligible to receive employer safe harbor matching contributions and discretionary profit sharing contributions.

Contributions

Each year, participants can make contributions to the Plan. Pre-tax contributions can be made up to 60% of eligible compensation, subject to certain Internal Revenue Code (IRC) limitations. The maximum elective deferral for 2009 was \$16,500. Participants may also make voluntary, non-deductible, after-tax contributions to the Plan, not to exceed 10% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$5,500 for 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company's safe harbor matching contribution is equal to a percentage of the participant's elective deferrals. In determining matching contributions, participant elective deferrals up to a percentage of participant's compensation or a dollar amount will be matched. For 2009, the Company made safe harbor matching contributions equal to 200% of the first 4% of the participant's contribution to the Plan.

The Company may decide each plan year to make a discretionary non-elective contribution to the Plan on behalf of different groups of participants. If the Company elects to do so, each plan year, the Company shall identify the members of each allocation group and the amount to be contributed to each group. For each group such contribution is allocated based upon a non-integrated formula in the same ratio as each

WESTERN REFINING & AFFILIATED COMPANIES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

participant's compensation bears to total compensation of all participants in the group, as defined in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals and the Company's contributions.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid each pay period through payroll deductions.

Payment of Benefits

Participants may take distributions from the Plan under the following circumstances: (i) at age 59 ½, (ii) at age 55 with 10 years of service (for previous Giant Plan participants only), (iii) upon termination of service, and (iv) at retirement, death or hardship as defined by government regulations and the Plan.

Forfeitures

At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$70,187 and \$98,678 respectively. Forfeited balances of terminated participants' non-vested accounts (from previous Giant Plan participants prior to merger) are used to reduce future employer contributions.

Participants' Investment Options

Upon enrollment in the Plan, a participant must direct deferrals and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone or Internet access.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and

liabilities and disclosure of contingent assets, liabilities, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements

In September 2010, FASB Issued Accounting Standards Update (ASU) 2010-25, *Plan Accounting-Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans (a consensus of the FASB Emerging Issues Task Force)*. ASU 2010-25 requires that participant loans be classified as notes receivable and as such be measured at unpaid principal balance plus accrued but unpaid interest. Currently these participant loans are classified as plan investments, and are subject to the fair value measurement and disclosure requirements of ASC 820, *Fair Value Measurements and Disclosures*. Adopting this new guidance will eliminate the need to calculate fair values and present disclosures for these loans in accordance with ASC 820. The amendments in this update are effective for fiscal years ending after December 15, 2010, with adoption applied retrospectively. Early adoption is permitted. The Plan has elected to adopt the guidance as of December 31, 2010. Application of ASU 2010-25 will result in a reclassification of participant loans on the Statement of Net Assets Available for Benefits in the year of adoption for all years present. This reclassification is not expected to have a material effect on the net assets of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2010, the date the financial statements were available to be issued. No events have occurred through this date that would require additional disclosures.

Note 3. Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described as follows:

WESTERN REFINING & AFFILIATED COMPANIES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at the last reported sales price on the last business day of the Plan year.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

There have been no changes in the methodologies used at December 31, 2009 and 2008.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity), except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan which were certified by Fidelity Management Trust Company as of December 31, 2009. Single investments representing 5% or more of the Plan's net assets are separately identified.

	<u>\$ 168,911,111</u>

Included in other investments are participant loans of \$7,014,752 as of December 31, 2009 that were certified by Fidelity.

Fidelity Management Trust Company also certified as to the completeness and accuracy of \$25,649,117 net appreciation in fair value of investments and \$3,721,608 of interest and dividends related to the aforementioned investments for the year ended December 31, 2009.

Due to the merger discussed in Note 1, as of December 31, 2008 the Plan liquidated assets with the prior custodian, Nationwide Life Insurance, and transferred cash in the amount of \$22,667,278 and participant loans in the amount of \$1,366,541 to Fidelity on January 2, 2009. As of December 31, 2008, participant loans were not certified by the trustee.

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8. Related Party Transactions

The Plan investments are managed by Fidelity Management Trust Company (trustee) and therefore, the transactions with the trustee qualify as exempt party-in-interest transactions. The administrative fee paid to Fidelity Management Trust Company was \$45,027 for the year ended December 31, 2009.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008:

Plus: Excess contributions payable	8,270
Total participant and employer contributions per Form 5500	<u>\$ 37,288,659</u>

Note 10. Plan Amendments

As discussed in Note 1, effective January 1, 2009, the Plan was restated and amended to reflect the merger of Giant Industries, Inc. & Affiliated Companies 401(k) Plan with Western Refining Company 401(k) Profit Sharing Plan and to change the name of the Plan to Western Refining & Affiliated Companies 401(k) Plan.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The subprime mortgage crisis reached a critical stage during September 2008, characterized by several large drops in domestic and international stock markets, severely contracted liquidity in the global credit markets, and insolvency threats to investment banks and other institutions. In response, the U.S. government announced a series of comprehensive steps to address the problems. Effective October 3, 2008, the Emergency Economic Stabilization Act of 2008 (the Act) was passed, aimed to address the credit and liquidity crisis affecting the nation's financial system. It is at least reasonably possible that the high market volatility preceding and succeeding the Act will continue in the near term which could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Note 12. Subsequent Event

Effective January 1, 2010 the Plan was amended to change the Company safe harbor matching contribution for non-union employees from 200% of the first 4% of the participant's contribution to the Plan to 100% of the first 4% of the participant's contribution.
