Goodwill Columbus
Defined Contribution Retirement Plan
Columbus, Ohio

We have audited the accompanying statements of net assets available for benefits of Goodwill Columbus Defined Contribution Retirement Plan (the Plan) as of December 31, 2009 and 2008 (liquidation basis) and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 (liquidation basis) and the supplemental schedule of reportable transactions as of December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 6 to the financial statements, the Plan Sponsor passed a Board Resolution on July 24, 2008 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2007 financial statements to the liquidation basis used in presenting the 2009 and 2008 financial statements. The adoption of the liquidation basis of accounting did not have a significant impact on the Plan's 2009 or 2008 financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Goodwill Columbus Defined Contribution Retirement Plan as of December 31, 2009 and 2008 (liquidation basis) and the changes in its net assets available for benefits for the year ended December 31, 2009 (liquidation basis) in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of reportable transactions is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated in all material aspects in relation to the basic financial statements taken as a whole.

GOODWILL COLUMBUS
DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - PLAN DESCRIPTION

The following description of the Goodwill Columbus Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Goodwill Columbus (the Organization) who have completed one year of service. The Plan was established on January 2, 1994 and became effective as of January 1, 1997, and on November 8, 2001, the Plan was amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 24, 2008, the Plan Sponsor (Goodwill Columbus) passed a Board Resolution to terminate the Plan. See Note 6.

Contributions - For eligible participants, the Organization can contribute a discretionary contribution not exceeding 25% of the total compensation paid or accrued during the year to all Plan participants who are entitled to receive an allocation for such year.

Participant Accounts - Each participant's account is credited with an allocation of (a) the Organization's contributions and (b) Plan earnings or losses. Each participant's account will also be adjusted annually to reflect forfeitures, withdrawals and Plan expenses. Generally, the amounts are allocated pro rata, based on such factors as compensation, total years of service and total individual account balances.

Vesting - Vesting of each participant's account is based on continuous years of service. Participants become 20% vested after two years of service and vest an additional 20% for each year of service thereafter. In addition, each employee becomes 100% vested upon death, disability or attaining normal retirement age. Due to the termination of the Plan, (see Note 6) all participants have become fully vested in their accounts.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant or his or her beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Forfeitures - If a Plan participant terminates his/her employment prior to death, disability or retirement and he/she is not 100% vested in their account, the nonvested portion of the account will be forfeited. Forfeitures will be allocated to other participants based on a specified formula. Total forfeitures for the years ended December 31, 2009 and 2008 were $391 and $8,457, respectively.

Administrative Costs - The Organization pays for the administrative costs of the Plan and management fees for the trust account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of accounting policies applied by management in the preparation of the accompanying financial statements follows:

Basis of Accounting - As a result of the termination of the Plan (see Note 6), the Plan has adopted the liquidation basis of accounting in presenting the 2009 and 2008 financial statements. Under the liquidation basis of accounting, assets and liabilities are stated at their estimated net realizable values. The adoption of the liquidation basis of accounting did not have a material impact on the Plan's financial statements.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Valuation of Investments - Investments are reported at fair value, which approximates liquidation value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit payments are equal to the participant's vested account balance. Benefits to participants are recorded when paid.

Subsequent Events - The Plan has adopted accounting standards for Subsequent Events during 2009. This guidance defines subsequent events as events or transactions that occur after the statement of financial position, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 11, 2010, which is the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2009	2008
American Balanced A	-	$ 539,502
Bond Fund of Amer A	-	501,868
Growth Fund of Amer A	-	249,714
EuroPacific GR A	-	147,150

NOTE 4 - TAX STATUS

The Internal Revenue Service has determined and informed the Organization by a letter dated June 16, 2009 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 - FAIR VALUE MEASUREMENTS

The accounting standards for Fair Value Measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Equity mutual funds: Valued at the net asset value (NAV), which approximates liquidation value, of shares held by the Plan at year-end (Level 1).

NOTE 6 - PLAN TERMINATION

The Plan Sponsor (Goodwill Columbus) passed a Board Resolution on July 24, 2008 to terminate the 401(a) retirement plan. The Sponsor had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Due to Plan termination, participants have become fully vested in their accounts. All Plan assets will be distributed as soon as is administratively feasible.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, which such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements at December 31, 2009 to Form 5500:

Decrease in net assets available for benefits per the financial	$ 1,547,017
Less: Benefit payments payable at December 31, 2008	126,831
Decrease in net assets available for benefits per the Form 5500	$ 1,420,186
