FINANCIAL STATEMENTS

For the Year Ended December 31, 2009

(1) Description of the Plan

General Information

The P.W. Stephens, Inc. 401(k) Plan (the "Plan") is a defined contribution plan sponsored by P.W. Stephens Environmental, Inc. (the "Company") and was established on January 1, 1999. The Plan's Administrative Committee is responsible for the administration of the plan. The Plan provides for discretionary employer matching contributions based on the elective deferrals of the participants.

On July 3, 2008 the Company purchased certain assets of P.W. Stephens, Inc. pursuant to an Asset Purchase Agreement. Substantially all of the employees and related benefit plans, including the Plan, were included as part of the acquisition.

Eligibility and Vesting

To become a participant in the Plan, an employee must be at least age 18 and have completed 3 months of service. For 2009, participants could elect to make pretax deferrals up to 75% of their annual compensation, up to the maximum amount allowed by law. The Company provided for matching contributions equal to 100% of the participant contributions up to 4% of the participant's payroll compensation. For participants over 50, they may elect to defer an additional catch up contribution up to the amount allowed by law.

Participants are immediately vested in their voluntary contributions, the company matching contributions, and actual earnings thereon.

Investment Options and Valuation

The Plan's assets as of December 31, 2009 are held in different funds managed by State Street Bank & Trust (the "Trustee"). The investments are reported using fair values for all assets and liabilities. The funds available to participants as of December 31, 2009, are listed in the Supplemental Schedule.

(1) Description of the Plan *(continued)*

Investment Options and Valuations *(continued)*

The Plan's investment income and gains or losses are allocated in the same proportion that each participant's account balance bears to the total investment fund balance.

Investments in securities traded on a national securities exchange are valued at the latest reported sales price on the last business day of the period. If no sale has taken place, the securities are valued at the last bid price. If no bid price has been reported, or if no exchange quotation is available, the securities are valued at the quotation obtained from a reputable broker.

Purchases and sales of securities are recorded on a trade date basis.

Participants have the right to elect investment options upon enrollment into the Plan. Additionally, participants may elect to change their investment options and transfer their account balances among the different investment funds.

Participant Loans

Participants may borrow from the Plan a total not to exceed the lesser of $50,000 or 50% of the participant's vested interest in the Plan. Participant's promissory notes are for fixed terms, requiring regular periodic repayment through payroll deductions and bearing interest at rates comparable to rates currently charged by local institutional lenders. Participant's loans are subject to the approval of the Plan's Committee and are available only for the purpose set forth in the Plan document.

Payment of Benefits

Under the terms of the Plan, participants retiring at the age of 65 receive the entire balance of their account(s). In the event of death, the participant's account is paid to the designated beneficiary. Retired or disabled participants may elect to defer their distributions to the date no later than their attainment of age 70-1/2. A participant continuing in the service of the Company may withdraw, without a penalty, pre-tax Basic and Supplemental Contributions if he has attained age 59-1/2. Participants terminating employment prior to retirement are entitled to receive that portion of their account, which is vested.

A participant who terminates his employment from the Company may receive a distribution of his accrued benefit within a reasonable time after termination of employment.

(1) Description of the Plan *(continued)*

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend or terminate the Plan at any time by the adoption or execution of appropriate resolutions, subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). In the event of Plan termination, all amounts credited to accounts of participants shall become non-forfeitable and shall be vested in full and paid or credited to each participant in accordance with the Plan agreement.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for Plan benefits and changes in those net assets. The investments and changes therein of the investment funds have been reported to the Plan as having been determined through the use of market values for all assets within the corresponding fund. Purchases and sales of securities in the investment funds are recorded on a trade-date basis. Participant loans are valued at cost, which approximates fair market value.

Administrative Expenses

All administrative expenses may be paid in whole or in part by the Company. Any expenses not paid by the Company are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

FASB Codification

On July 1, 2009, the Financial Standards Accounting Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Company and is effective for interim and annual periods ended after September 15, 2009.

(3) Investments

ADP, Inc., the Plan's record keeper, has provided all information in the financial statements regarding the investments of the Plan. This includes the cost and market values of the investments, the activity therein and the realized and unrealized appreciation or depreciation. The Trustee has certified to the plan administrator that the following information is accurate and complete:

	2009	2008
Cash	$ 236,572	$ 175,206
Mutual Funds	1,034,394	739,867
Participants Loans	111,330	56,836
	$ 1,382,296	$ 971,909

Investments, stated at fair value as determined by quoted market prices, which are in excess of 5% of net assets available for Plan benefits are as follows:

Investments:	2009	2008
SSGA Government Money Market	$ 236,572	$ 175,206
SSGA Life Solutions Growth	87,287	59,492
SSGA S & P 500 Index Fund	333,758	278,516
SSGA 400 Midcap Index Fund	106,585	74,608
Neuberger Belman Paltmers	105,699	61,462
Templeton Growth Fund	151,940	108,857
	$ 1,021,841	$ 758,141

(4) Income Tax Status of the Plan

The Internal Revenue Service issued an opinion that the ADP, Inc. Prototype Non-standardized Profit Sharing Plan with Coda was acceptable as to form under Internal Revenue Code Section 401 for use by employers for the benefit of employees on March 31, 2008. The Internal Revenue Service issued an opinion that the opinion did not in and of itself adversely affect the plan's acceptability as to the form under the Internal Revenue Code. Therefore, the Plan was qualified and was exempt from Federal income taxes as of the financial statement date.

(5) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds	$ 1,034,394	$ 1,034,394	$ -
Participant loans	111,330	-	111,330
Total	$ 1,145,724	$ 1,034,394	$ 111,330

As required by the Fair Value Measurements Topic of the FASB Accounting Standards Codification, a fair value hierarchy that prioritizes the inputs to valuation techniques is used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

(5) Fair Value Measurements *(continued)*

Fair Value Measurements using Significant Unobservable Inputs (Level 3)

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for Plan benefits and changes in those net assets. The investments and changes therein of the investment funds have been reported to the Plan as having been determined through the use of market values for all assets within the corresponding fund. Administrative Expenses

All administrative expenses may be paid in whole or in part by the Company. Any expenses not paid by the Company are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

FASB Codification

On July 1, 2009, the Financial Standards Accounting Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Company and is effective for interim and annual periods ended after September 15, 2009.

(3) Investments

ADP, Inc., the Plan's record keeper, has provided all information in the financial statements regarding the investments of the Plan. This includes the cost and market values of the investments, the activity therein and the realized and unrealized appreciation or depreciation. (4) Income Tax Status of the Plan

The Internal Revenue Service issued an opinion that the ADP, Inc. Prototype Non-standardized Profit Sharing Plan with Coda was acceptable as to form under Internal Revenue Code Section 401 for use by employers for the benefit of employees on March 31, 2008. The Internal Revenue Service issued an opinion that the opinion did not in and of itself adversely affect the plan's acceptability as to the form under the Internal Revenue Code. Therefore, the Plan was qualified and was exempt from Federal income taxes as of the financial statement date.

(5) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds	$ 1,034,394	$ 1,034,394	$ -
Participant loans	111,330	-	111,330
Total	$ 1,145,724	$ 1,034,394	$ 111,330

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

P.W. STEPHENS, INC. 401(K) PLAN

FINANCIAL STATEMENTS

For the Year Ended December 31, 2009

(1) Description of the Plan

General Information

The P.W. Stephens, Inc. 401(k) Plan (the "Plan") is a defined contribution plan sponsored by P.W. Stephens Environmental, Inc. (the "Company") and was established on January 1, 1999. The Plan's Administrative Committee is responsible for the administration of the plan. The Plan provides for discretionary employer matching contributions based on the elective deferrals of the participants.

On July 3, 2008 the Company purchased certain assets of P.W. Stephens, Inc. pursuant to an Asset Purchase Agreement. Substantially all of the employees and related benefit plans, including the Plan, were included as part of the acquisition.

Eligibility and Vesting

To become a participant in the Plan, an employee must be at least age 18 and have completed 3 months of service. For 2009, participants could elect to make pretax deferrals up to 75% of their annual compensation, up to the maximum amount allowed by law. The Company provided for matching contributions equal to 100% of the participant contributions up to 4% of the participant's payroll compensation. For participants over 50, they may elect to defer an additional catch up contribution up to the amount allowed by law.

Participants are immediately vested in their voluntary contributions, the company matching contributions, and actual earnings thereon.

Investment Options and Valuation

The Plan's assets as of December 31, 2009 are held in different funds managed by State Street Bank & Trust (the "Trustee"). The investments are reported using fair values for all assets and liabilities. The funds available to participants as of December 31, 2009, are listed in the Supplemental Schedule.

(1) Description of the Plan *(continued)*

Investment Options and Valuations *(continued)*

The Plan's investment income and gains or losses are allocated in the same proportion that each participant's account balance bears to the total investment fund balance.

Investments in securities traded on a national securities exchange are valued at the latest reported sales price on the last business day of the period. If no sale has taken place, the securities are valued at the last bid price. If no bid price has been reported, or if no exchange quotation is available, the securities are valued at the quotation obtained from a reputable broker.

Purchases and sales of securities are recorded on a trade date basis.

Participants have the right to elect investment options upon enrollment into the Plan. Additionally, participants may elect to change their investment options and transfer their account balances among the different investment funds.

Participant Loans

Participants may borrow from the Plan a total not to exceed the lesser of $50,000 or 50% of the participant's vested interest in the Plan. Participant's promissory notes are for fixed terms, requiring regular periodic repayment through payroll deductions and bearing interest at rates comparable to rates currently charged by local institutional lenders. Participant's loans are subject to the approval of the Plan's Committee and are available only for the purpose set forth in the Plan document.

Payment of Benefits

Under the terms of the Plan, participants retiring at the age of 65 receive the entire balance of their account(s). In the event of death, the participant's account is paid to the designated beneficiary. Retired or disabled participants may elect to defer their distributions to the date no later than their attainment of age 70-1/2. A participant continuing in the service of the Company may withdraw, without a penalty, pre-tax Basic and Supplemental Contributions if he has attained age 59-1/2. Participants terminating employment prior to retirement are entitled to receive that portion of their account, which is vested.

A participant who terminates his employment from the Company may receive a distribution of his accrued benefit within a reasonable time after termination of employment.

(1) Description of the Plan *(continued)*

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend or terminate the Plan at any time by the adoption or execution of appropriate resolutions, subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). In the event of Plan termination, all amounts credited to accounts of participants shall become non-forfeitable and shall be vested in full and paid or credited to each participant in accordance with the Plan agreement.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for Plan benefits and changes in those net assets. The investments and changes therein of the investment funds have been reported to the Plan as having been determined through the use of market values for all assets within the corresponding fund. Purchases and sales of securities in the investment funds are recorded on a trade-date basis. Participant loans are valued at cost, which approximates fair market value.

Administrative Expenses

All administrative expenses may be paid in whole or in part by the Company. Any expenses not paid by the Company are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

FASB Codification

On July 1, 2009, the Financial Standards Accounting Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Company and is effective for interim and annual periods ended after September 15, 2009.

(3) Investments

ADP, Inc., the Plan's record keeper, has provided all information in the financial statements regarding the investments of the Plan. This includes the cost and market values of the investments, the activity therein and the realized and unrealized appreciation or depreciation. The Trustee has certified to the plan administrator that the following information is accurate and complete:

	2009	2008
Cash	$ 236,572	$ 175,206
Mutual Funds	1,034,394	739,867
Participants Loans	111,330	56,836
	$ 1,382,296	$ 971,909

Investments, stated at fair value as determined by quoted market prices, which are in excess of 5% of net assets available for Plan benefits are as follows:

Investments:	2009	2008
SSGA Government Money Market	$ 236,572	$ 175,206
SSGA Life Solutions Growth	87,287	59,492
SSGA S & P 500 Index Fund	333,758	278,516
SSGA 400 Midcap Index Fund	106,585	74,608
Neuberger Belman Paltmers	105,699	61,462
Templeton Growth Fund	151,940	108,857
	$ 1,021,841	$ 758,141

(4) Income Tax Status of the Plan

The Internal Revenue Service issued an opinion that the ADP, Inc. Prototype Non-standardized Profit Sharing Plan with Coda was acceptable as to form under Internal Revenue Code Section 401 for use by employers for the benefit of employees on March 31, 2008. The Internal Revenue Service issued an opinion that the opinion did not in and of itself adversely affect the plan's acceptability as to the form under the Internal Revenue Code. Therefore, the Plan was qualified and was exempt from Federal income taxes as of the financial statement date.

(5) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds	$ 1,034,394	$ 1,034,394	$ -
Participant loans	111,330	-	111,330
Total	$ 1,145,724	$ 1,034,394	$ 111,330

As required by the Fair Value Measurements Topic of the FASB Accounting Standards Codification, a fair value hierarchy that prioritizes the inputs to valuation techniques is used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

(5) Fair Value Measurements *(continued)*

Fair Value Measurements using Significant Unobservable Inputs (Level 3)
