DENTALCARE PARTNERS, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of DentalCare Partners, Inc. (the Company) who have attained age twenty-one (21) and completed one year (1) of service. Participants enter the plan on the first day of the month immediately following or coincident to completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In June 2008, the plan sponsor amended the plan and adopted a prototype document with substantially similar provisions. Investment options under the new custodial relationship also provided similar investment options.

Contributions – Each year, participants may make contributions as a percentage of annual compensation (minimum 1% to maximum 90%), not to exceed Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. The Company matching contribution was 20% of the first 6% of base compensation that a participant contributed to the Plan during the period from July 1, 2009 through December 31, 2009. Discretionary employer profit sharing contributions are also permitted.

Vesting – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. Forfeited balances of terminated participants' nonvested accounts are used to pay plan expenses or reduce future Company contributions. The balance of such forfeitures as of December 31, 2009 and 2008 was \$20,525 and \$1,627, respectively. Employer contributions for the years ended December 31, 2009 and 2008 were reduced by \$10,263 and \$7,267, respectively, from available forfeitures.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. Participants may change their investment options and transfer funds between investment options daily.

Participant Loans – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Fees – The Plan sponsor pays certain administrative fees on behalf of the Plan.

DENTALCARE PARTNERS, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS (Con't.)

YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF PLAN (Con't)

Payments of Benefits – On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the vested value of their account. Certain participants who participated in a predecessor plan may elect to receive a distribution in a lump-sum payment or to receive installment payments not to exceed the life expectancy of the participant or their beneficiary.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments – The Plan's investments are stated at fair value. The pooled separate accounts (registered investment companies) are valued at the redemption value of units held by the Plan at year end. Participant loans receivable are valued at their outstanding balances, which approximate fair value. All investments in the Plan are fully participant directed. As required by FASB ASC 946-10-05 (formerly known as AICPA Accounting and Audit Guide – Investment Companies), the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment in a common/collective trust which has underlying assets in investment contracts, as well as the adjustment of the underlying fully benefit- responsive investment contracts from fair value to contract value.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events - The Plan evaluated events occurring between the end of the plan year and October 1, 2010, the date of the financial statements. No recognized or unrecognized subsequent events have occurred through this date.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820-10-05 (ASC 820) (formerly known as Financial Accounting Standards Board Statement No. 157), *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Fully benefit-responsive common/collective trust fund: Valued at fair value based on the underlying investments.

Participant Loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2009 and 2008, and net appreciation in fair value of common collection trust, pooled separate accounts, dividends, and interest for the year ended December 31, 2009, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by DWS Trust Company, trustee.

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	<u>2009</u>	<u>2008</u>
DWS Life Compass 2040 Fund – A	\$ 720,136	\$ 462,483
T. Rowe Price Growth Stock – R	773,532	515,322
DWS Life Compass 2020 Fund – A	764,268	531,339
DWS Life Compass 2030 Fund – A	1,750,103	1,340,041

NOTE 5 – INCOME TAX STATUS

The nonstandardized prototype plan adopted in 2008 received an opinion letter from the IRS dated October 10, 2005, stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2006-1 and Announcement 2001-77, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

Transactions with parties in interest consist of purchases and sales of DWS Investments. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services. Other than as described above, the Plan has no agreements or transactions with any parties in interest.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
