LOUISIANA VALVE SOURCE, INC.
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - PLAN DESCRIPTION

The following description of the Louisiana Valve Source, Inc. (the "Company" or "Employer") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and are eighteen years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

All eligible employees are entitled to make elective deferrals of up to one hundred percent (100%) of his or her compensation not to exceed the maximum annual contribution limit. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. Contributions are subject to certain limitations. Additional voluntary contributions are not allowed.

Employer Contributions

The Employer is not obligated to make matching contributions. However, the Employer can elect to make a matching contribution in an amount determined annually by the Employer. For all of 2008 and the first five months of 2009, the Employer provided, on a per paycheck basis, a matching contribution on behalf of each contributing participant equal to 10% of the participant's deferrals. Total employer matching contributions for the year ended December 31, 2009 were \$8,136, net of forfeitures of \$2,060.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and an allocation of (a) the Employer's matching contribution, if any, and (b) plan earnings and charged with certain operating expenses, where applicable. All employer and employee contributions to the participant accounts are directed by the participants into various investment options (see Note C). With respect to these participant-directed assets, the earnings, losses, and transactional expenses of such assets are allocated to the account of the participant having the authority to direct the investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions plus accrued earnings is based on years of continuous service. A participant is 100 percent (100%) vested after six years of credited service on Employer matching contributions.

401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - PLAN DESCRIPTION, continued

Forfeitures

At December 31, 2009 and 2008 forfeited non-vested accounts totaled \$1,199 and \$0, respectively. These accounts are used to offset administrative expenses of the Plan then employer matching contributions. In 2009, there were \$2,060 of forfeitures utilized to offset employer matching contributions.

Benefits

Upon termination of service, a participant is entitled to receive an eligible rollover distribution, a single lump-sum payment of the participant's entire vested account balance, or installments equal to the value of the participant's vested account. If the participant's vested balance does not exceed \$1,000 and the participant has terminated employment, the Plan provides for a mandatory distribution of the full amount without the participant's consent. However, if the total balance exceeds \$5,000, the participant must consent to the benefit payments.

Participant Loans and Hardship Distributions

Under the terms of the Plan, participants may not borrow from their accounts. However, hardship withdrawals are allowed.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting, except for the recording of benefits paid.

Operating Expenses

Substantially all of the administrative expenses are absorbed by the Company, as further described in Note I. Participants who elect to enter into transactions not covered by the Company are charged separate operational account fees related to those transactions.

Subsequent Events

Subsequent events were evaluated through October 13, 2010, which is the date the financial statements were available to be issued.

Payments of Benefits

Benefits are recorded when paid.

LOUISIANA VALVE SOURCE, INC.
401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at fair value. The Plan's guaranteed investment contract with Great West is included in the financial statements at fair value and maintained in the general funds of Great West (Note C). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held at the end of year.

NOTE C - INVESTMENT OPTIONS

The Plan currently offers various mutual funds held in pooled separate accounts provided by Great West and a non-benefit investment contract as investment options for the participants.

The Plan entered into a non-benefit responsive investment contract with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value based on a discounted cash flow valuation methodology as reported to the Plan by Great West. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the participant's account value. The guaranteed investment contract issuer is contractually obligated to repay a specified interest rate guaranteed to the Plan. Such interest rates are reviewed at least as frequently as annually for resetting.

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2009 and 2008:

Level 2 - the fair value of the pooled separate accounts is derived from the fair value of the underlying securities based on quoted market prices in active or inactive markets.

Level 3 - the fair value of the insurance general account is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE E – INVESTMENTS, continued

During 2009, the Plan's investments in the pooled accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$227,483.

NOTE F- INFORMATION CERTIFIED BY THE CUSTODIAN

The financial information relating to all investments and investment income has been derived from information certified as complete and accurate by the custodian (Great West Life & Annuity Insurance Co.), in accordance with Section 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan has not received a separate determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code. However, the Company adopted a prototype standardized plan which received a favorable opinion letter from the Internal Revenue Service which stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the administrator believes that the Plan is qualified and therefore, the related trust is exempt from taxation as of December 31, 2009.

NOTE I - RELATED PARTY TRANSACTIONS

The Plan does not consider Employer contributions to the Plan to be a party-in-interest transaction. The Employer provides certain accounting and administration services to the Plan for which no fees are charged. Also, the Employer absorbs substantially all administrative expenses of the Plan.

**LOUISIANA VALVE SOURCE, INC.
401(K) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE I - RELATED PARTY TRANSACTIONS, Continued

Certain Plan investments are shares of pooled funds managed by Great West Life and Annuity Insurance Co. ("Great West"). Great West is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2009 fees paid to Great West were \$1,743.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
