To the Trustees
Southern Specialties, Inc. 401(K) Plan
Pompano Beach, Florida

We were engaged to audit the statement of net assets available for benefits – modified cash basis and supplemental schedule of the Southern Specialties, Inc. 401(K) Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2009 and the supplemental schedule of assets held for investment – modified cash basis. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 2 and 4, which was certified by State Street Corporation from January 1, 2009 through October 1, 2009 and by JPMorgan Chase Bank N.A. from October 2, 2009 through December 31, 2009, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees as of and for the year ended December 31, 2009 that the information provided to the Plan Administrator by the trustees is complete and accurate.

As described in Note 1, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICIES

The following description of the Southern Specialties, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. A more complete description of the Plan's provisions may be found in the summary plan description, which has been distributed to all participants, and also in the Plan document, which is available to all Plan participants upon request.

General:

The Plan is a defined contribution plan covering all full-time employees of Southern Specialties, Inc., the Plan Sponsor (the "Company"), who have completed six months of consecutive service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement income Security Act of 1974 ("ERISA").

Contributions:

All Plan participants may elect to contribute up to a maximum of $ 16,500 for the year ended December 31, 2009 as governed by Internal Revenue Code Section 401(k). Additionally, participants who are at least 50 years of age by the end of the respective tax year may make an additional contribution of $ 5,500 for the year ended December 31, 2009. The Company provides for a safe harbor match of all contributions made by participants to the Plan up to 4% of their gross compensation.

Participant accounts:

Each participant's account is credited with the Company's contribution for the participants. The earnings or losses, including market value adjustments, on a participant's account are based on the performance of the investment funds selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant loans:

The Plan has made provisions for participants to borrow money from their respective vested accounts. The maximum amount each participant may borrow is 50% of their respective vested account balance, up to a maximum of $ 50,000. The term of the loan may not exceed five years. These loans are secured by the participant's account balance and bear interest from 5.25% to 7.00%. Loan repayments must be made through payroll deductions. All repayments, including interest, are credited to the respective borrower's account. Total interest earned on all participant loans for the year ended December 31, 2009 was $ 1,681.

Vesting:

Participants are immediately fully vested on all contributions, including those made by the employer, made to the Plan plus the earnings thereon.

Payment of benefits:

Distributions from the Plan are made upon retirement from the Company, termination from service with the Company, death or disability or other limited circumstances as allowed under Internal Revenue Code Section 401(k).

Participant investment rollovers:

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

NOTE 1 - DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of accounting:

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently certain additions to net assets are recognized when received rather than when earned and certain deductions from net assets are recognized when paid rather than when the obligation is incurred.

Use of estimates:

The presentation of financial statements, in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires that management make estimates and assumptions which affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition:

Investments are carried at their fair value. The difference between fair value and the cost of investments is reflected in the statement of changes in net assets available for plan benefits - modified cash basis as "net appreciation in fair value of investments."

Interest and dividend income is recognized when received. Realized gains and losses on investments are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at year-end when the carrying values of the related investments are adjusted to their estimated fair value.

Administrative expenses:

Certain fees are paid directly from Plan assets, which amounted to $ 1,675 for the Plan year ended December 31, 2009. The Company, the Plan's sponsor, pays all other administrative expenses. These other administrative amounts are not reflected in the accompanying financial statements.

Date of Management Review:

Subsequent events have been evaluated by management through (DATE), the date the financial statements were available to be issued.

NOTE 2 - INVESTMENTS

During 2009, the Plan's investments were held and administered by service providers: State Street Corporation and JPMorgan Chase Bank, N.A.. All investment information presented in the accompanying financial statements and supplemental schedule, including investments held and net appreciation in fair value of investments, interest and dividend income and administrative fees, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians listed above.

NOTE 2 – INVESTMENTS (continued)

	$ 252,149

NOTE 3 – CASH RECEIPTS AND PAYMENTS

All contributions to the Plan have been placed into the investments of the Plan. In addition, there have been benefit and withdrawal payments of $ 80,870 to Plan participants during the year ended December 31, 2009.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits, except for common trusts, which are carried at their net asset value.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

The following tables represent the investments as held by the Plan at December 31, 2009 and 2008:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009:				
Mutual funds	$ 856,501	$ 856,501	$ -	$ -
Common trusts	694,479	-	694,479	-
Participant loans	74,164	-	-	74,164
Total	$ 1,625,144	$ 856,501	$ 694,479	$ 74,164
December 31, 2008:				
Mutual funds	$ 1,064,685	$ 1,064,685	$ -	$ -
Participant loans	21,309	-	-	21,309
Total	$ 1,085,994	$ 1,064,685	$ -	$ 21,309

FASB ASC 820, *Fair Value Measurements and Disclosures* (formerly SFAS No. 157), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical investments and have the highest priority; *Level 2* inputs consist of other than quoted prices included within level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs are unobservable inputs for the investments and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are redeemable at net asset value as of the measurement date, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 fair value measurements:

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 fair value measurements:

Common trusts are valued at the fair value of participant units held by the Plan as of the last trading day of the period, as reported by the managers of the trust.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Level 3 fair value measurements:

Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following table provides further details of the Level 3 fair value measurements:

		Participant Loans
Beginning balance, December 31, 2009	$	21,309
Purchases, sales, issuances and settlements (net)		52,855
Ending balance	$	74,164
Beginning balance, December 31, 2008	$	19,689
Purchases, sales, issuances and settlements (net)		1,620
Ending balance	$	21,309

NOTE 5 - TAX STATUS

The Plan is an adoption of the Automatic Data Processing ("ADP") Prototype 401(k) and Profit Sharing Plan. The Internal Revenue Service has determined by a letter date March 31, 2008 to ADP that this prototype is designed in accordance with the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving such determination letter. However, the Plan Administrator of the Plan does not anticipate that changes and amendments after the Internal Revenue Service determination letter will affect the qualified and tax-exempt status of the Plan and Trust.

NOTE 6 – PLAN TERMINATION AND AMENDMENT

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue its contributions or terminate the Plan at any time subject to the provisions of ERISA.

NOTE 7 – PARTIES-IN-INTEREST

Section 3 (14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. There were no party-in-interest transactions as of December 31, 2009.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in registered investment companies. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis and the statement of changes in net assets available for benefits – modified cash basis.

NOTE 9 – FORM 5500

There were no differences between the accompanying financial statements as of December 31, 2009 and the financial information reported on the Form 5500.
