NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The Holloway Sportswear, Inc. 401(k) Plan (the Plan) is a defined contribution plan covering substantially all employees of Holloway Sportswear, Inc. (the Company) who are 21 years of age or older and have completed one year of service during which 1,000 hours of service are credited. Employees of Jones & Mitchell Sportswear, Inc. (Jones & Mitchell), a company related to Holloway Sportswear, Inc. through common ownership, are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Contributions - Each year, participants may contribute up to the IRS maximum percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants. The Company has the option to make employer profit sharing contributions at its discretion. In addition, the Company has the option to make matching contributions at its discretion equal to a percentage of the participants' contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and b) Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan. Certain expenses incurred in connection with the operation of the Plan, such as professional fees, are paid directly by the Company. The Plan allows forfeitures to be used to reduce employer contributions. For the years ended December 31, 2009 and 2008, the forfeitures allocated totaled \$4,181 and \$3,427, respectively.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in matching contributions after five years of credited (continuous) service and is 100 vested in non-elective contributions after three years of credited (continuous) service.

- D. Participant Loans** - Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The term of the loans may not exceed five years except in the case of a loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the 14th of the month plus one percentage point. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (continued)

- E. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of not more than the assumed life expectancy of the participant or the participant's beneficiary.
- F. Plan Expenses - The Plan pays all trustee and asset fees. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, all other administrative expenses are paid directly by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The policies and principles that significantly affect the determination of net assets and changes in the net assets are summarized below:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of the mutual funds owned by the Plan are based on quoted or estimated market prices, which represent the net asset values of shares held by the Plan at year-end. The common collective funds are valued based upon quoted redemption values on the last business day of the plan year. The participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles: a Replacement of FASB Statement No. 162*. On July 1, 2009, *The Hierarchy of Generally Accepted Accounting Principles* was rendered irrelevant and the FASB ASC became the source of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. On the effective date of this statement, the ASC supersedes all then-existing non-SEC accounting and reporting standards, effective for financial statements issued for interim and annual periods ending after September 15, 2009.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Plan adopted the provisions of FASB ASC 740-10-25 (formerly FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*) on January 1, 2009. Under FASB ASC 740-10-25, an organization must recognize the tax benefit associated with tax taken for tax return purposes when it is more likely than not the position will be sustained. The implementation of FASB ASC 740-10-25 had no impact on the Plan's financial statements. The Plan does not believe there are any material uncertain tax positions and, accordingly, it will not recognize any liability for unrecognized tax benefits. No interest or penalties were accrued as of January 1, 2009, as a result of the adoption of FASB ASC 740-10-25. For the year ended December 31, 2009, there were no interest or penalties recorded or included in its financial statements.

In accordance with FASB ASC 855-10-50 (formerly FASB Statement No. 165), the Plan has evaluated subsequent events through October 14, 2010, the date the financial statements were available to be issued.

Reclassification

Certain accounts relating to the prior year have been reclassified to conform to the current year's presentation. Such reclassification had no effect on net income.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820-10 and subsections (formerly FASB Statement No. 157, *Fair Value Measurements*), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the value methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common trust funds - Valued at the quoted redemption values on the last business day of the Plan year, as determined by the Plan trustee.

Participant loans - Valued at their outstanding balance, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The net assets available for benefits in the financial statements differ from the net assets available for benefits in the Form 5500 due to the receipt of employee and employer contributions made for the 2009 and 2008 Plan years, not received into the Plan until after year-end. The following is a reconciliation of employer and employee contributions per the financial statements to the Form 5500:

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

HOLLOWAY SPORTSWEAR, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 7 - INCOME TAX STATUS

The plan obtained its latest determination letter on November 6, 2001, in which the Internal Revenue Service stated that the written form of the underlying prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
