Independent Auditors' Report

To the Administrative Committee
Smith-Emery International, Inc.
Southern California Building
Inspectors' 401(k) Plan
791 E. Washington Blvd.
Los Angeles, CA 90021

We were engaged to audit the financial statements of Smith-Emery International, Inc. Union 401(k) Plan – formerly known as Smith-Emery Company Southern California Building Inspectors' 401(k) Plan – ("Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009 and the supplemental schedule as of and for the year ended December 31, 2009 as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Great West Life and Annuity Insurance Company ("Great West"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Union 401(k) Plan

Notes to Financial Statements

1. Plan Description The following description of Smith-Emery International, Inc. Union 401(k) Plan – formerly known as Smith-Emery Company Southern California Building Inspectors' 401(k) Plan – ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted effective January 1, 1996 by Smith-Emery International, Inc. – formerly known as Smith-Emery Company – ("Company") for the benefit of the Company's employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan limited to the maximum amount allowed by law for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. The Company may make discretionary matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions plus actual earnings thereon and in the Company matching contributions plus earnings thereon.

Notes to Financial Statements

1. Plan Description (Continued)

Participant Loans

Participants may borrow from their fund accounts up to a maximum of $5,000 ($50,000 if loan is for the purchase of primary residence) or 50% of the account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range up to five years (15 years if loan is for the purchase of a primary residence). The loans are secured by the balance in the participant's account and bear interest at a rate consistent with local prevailing rates as determined by the plan administrator. Great West and interest are paid ratably through scheduled installments.

Payment of Benefits

Upon termination of service due to death, disability, or retirement from the Company, participants will receive the vested interest of their accounts in the form of a single sum of cash payment. A participant may request an In-Service Distribution (While actively employed) of all or a portion of his accounts provided that he is fully vested and has reached age 59 ½, and the amount to be withdrawn has been allocated to his account for 2 years and he must have been a participant in the Plan for five (5) years. In addition, subject to certain limitations a participant may request an In-Service Distribution due to financial hardship.

Plan Administration

The Plan is administered by the Company. The plan administrator controls and manages the operation and administration of the Plan. The trustee is an officer of the Company.

Great West Life and Annuity Insurance Company ("Great West") is the assets custodian and Actuarial Benefits Corp is the record keeper of the Plan.

Notes to Financial Statements

1. Plan Description (Continued)

Eligibility

The Plan covers substantially all full-time employees of the Company who are members of Union Local #12 of the International Union of operating Engineers, have completed one month of service and are age twenty-one or older.

Investments Options

Participants may direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator which are more fully described in the plan literature.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 2, 2010, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

These financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-

2. Summary of Significant Accounting Policies (Continued)

responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Expenses of maintaining the Plan are paid by the Company (see Note 6).

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the Plan year, or at the time of purchase during the Plan year, and the related fair value on the day investment are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued guidance under ASC 820, formerly known as FSP FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly). ASC 820 reaffirms that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance also reaffirms the need to use judgment in determining if a formerly active market has become inactive and in determining fair values when the market has become inactive. This guidance was adopted by the Plan and did not have a material impact on the Plan's financial statements.

In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as FASB Statement of Financial Accounting Standards No. 168, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification (the Codification) as the source of authoritative U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

During 2009, the Plan adopted FASB Statement No. 165, Subsequent Events, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

2. Summary of Significant Accounting Policies (Continued)

In September 2009, the FASB issued ASC Update 2009-12, Fair Value Measurements and Disclosures (Topic 820) — Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

In January 2010, the FASB issued ASC Update 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance is reflected, where applicable, throughout these financial statements.

3. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to

3. Fair Value Measurement (Continued)

determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
As of December 31, 2009	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 2,959,984	$ 2,959,984	$ -	$ -
Investment contract with insurance company	504,178	-	504,178	-
Participant loans	113,359	-	-	113,359
Total	**$ 3,577,521**	**$ 2,959,984**	**$ 504,178**	**$ 113,359**
As of December 31, 2008				
Mutual Funds	$ 2,104,367	$ 2,104,367	$ -	$ -
Investment contract with insurance company	688,360	-	688,360	-
Participant loans	37,223	-	-	37,223
Total	$ 2,829,950	$ 2,104,367	$ 688,360	$ 37,223

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

3. Fair Value Measurement (Continued)

Level 2 Fair Value Measurements

The fair value of the guaranteed investment contract is based on the present value of the contract's expected cash flows, discounted at current market interest rates.

Level 3 Fair Value Measurements

Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans	Total
As of December 31, 2009		
Beginning Balance	$ 37,223	$ 37,223
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-	-

Beginning Balance	$ -	$ -
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-	-
Purachases, sales, issuances and settlements (net)	37,223	37,223
Ending balance	$ 37,223	$ 37,223

3. Fair Value Measurement (Continued)

Gains and losses(realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

December 31,	2009	2008
RidgeWorth International Equity Index I	$ 190,996	$ 160,996
Goldman Sachs Mid Cap Value Fund A	-	142,034
American Funds Growth Fund of Amer R3	-	162,886
Maxim S & P 500	243,378	200,024
American Funds Capital World	227,020	176,930
PIMCO Total Return Admin	490,131	265,599
Guaranteed Portfolio Fund	504,178	688,360
Davis Nt Venture	230,342	-

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $589,942. All appreciation is attributed to mutual funds.

5. Investment Contract with Insurance Company

In 2007, the Plan entered into a benefit-responsive investment contract with Great West who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Great West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great West, represents

5. Investment Contract with Insurance Company (Continued)

contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and 2008 was $504,178 and $688,360, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2009	2008
Average Yields:		
Based on actual earnings	**3.16%**	3.55%
Based on interest rate credited to participants	**3.16%**	3.55%

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Great West. Great West is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $8,921 for the year ended December 31, 2009.

6. Related Party Transactions (Continued)

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will receive a distribution equal to the value of their individual accounts.

8. Tax Status

The Plan currently operates under a volume submitter profit sharing plan with cash or deferred arrangement offered by Accudraft.com, Inc. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and therefore is exempt from federal and state income taxes.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2009 and 2008, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash, investments and participant loans.

10. Custodian Certification

The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedule are derived from statements which have been certified by Great West as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

11. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008:

As of December 31,	2009	2008
Net assets available for benefits per the financial statements	$ 3,578,229	$ 2,836,753
Deduct: Contributions receivable	708	6,803
Net assets available for benefits per the Form 5500	$ 3,577,521	$ 2,829,950

For the years ended December 31, 2009 and 2008 contributions to be received were not reflected on the Form 5500.

12. Plan Amendment

Effective January 1, 2009 the Plan was amended and restated to comply with changes in applicable law. The effect of the restatement of the Plan had no impact on the statements of net assets available for benefits and statement of changes in net assets available for benefits.
