To the Plan Administrator
Talisma 401(k) Plan
Bellevue, Washington

We were engaged to audit the accompanying statements of net assets available for benefits of Talisma 401(k) Plan as of January 6, 2010, December 31, 2009, and December 31, 2008, and the related statements of changes in net assets available for benefits for the six day period ended January 6, 2010 and for the year ended December 31, 2009, and the supplemental schedules as of and for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Unified Trust Company, N.A., the trustee of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of January 6, 2010, December 31, 2009, and December 31, 2008, and for the six day period ended January 6, 2010 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Talisma 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan document for complete information regarding the Plan's definitions, benefits, eligibility and other matters.

General - The Plan was established effective January 1, 2002, and is a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code (IRC) covering all eligible employees of Talisma Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger - During 2009, the Company's Board of Directors elected to merge the Plan into the nGenera Corporation 401(k) Plan (nGenera Plan) and terminate the Plan, subject to the provisions of ERISA. The date of the Plan merger and transfer of assets out of the Plan and into the nGenera Plan was January 6, 2010.

Eligibility - Prior to the nGenera Corporation acquiring the Company in May 2008, eligible employees were able to participate in the Plan upon attainment of age 18. Employees excluded from participation included union employees, non-resident aliens and leased employees. Following the acquisition, the Plan was frozen to new participants.

Plan Administration - Certain employees of the Company administer the Plan. Unified Trust Company (Unified Trust) is the trustee and recordkeeper for the Plan.

Contributions - Participants may contribute to the Plan through voluntary deferrals of earned compensation. Eligible employees may contribute any amount of eligible compensation to the Plan, not to exceed annual limitations prescribed by the Internal Revenue Service (IRS).

The Company may make a matching contribution equal to a discretionary percentage of the participant's elective deferrals. During 2009, the Company made a matching contribution in an amount equal to 25% of each participant's contribution up to a maximum 5% of compensation.

The Company may also elect to make a discretionary profit sharing contribution. To be eligible for the profit sharing contribution, an employee must be actively employed on the last day of the Plan year. No profit sharing contributions were made for the six day period ended January 6, 2010 or for the year ended December 31, 2009.

Participant Accounts - Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to the account, increases or decreases in the market value of investments, and any loans and loan repayments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation Provisions - Dividend income, interest income and net realized and unrealized investment gain or loss of each fund is allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account.

Note 1 - Continued

Vesting - Participants in the salary deferral provision of the Plan are immediately vested in their voluntary contributions plus earnings thereon. Effective October 1, 2008, the Plan was amended to provide for immediate vesting in all salary deferrals and Company contributions plus actual earnings thereon.

Forfeitures - Forfeitures of terminated participants' non-vested accounts can be applied against future employer contributions. At January 6, 2010 and December 31, 2009, there were no unallocated forfeitures. At December 31, 2008, there was $15,024 of unallocated forfeitures. For the year ended December 31, 2009, $15,024 of forfeitures was used to reduce the Company's matching contribution.

Distributions - Upon termination of service, death, disability, or retirement, a participant may elect to receive a distribution of their vested account balance. The distribution may be in the form of a lump-sum payment. The Plan also provides for hardship withdrawals in accordance with the provision specified in the Plan document.

Participant Loans - The Plan allows participants to borrow from their accounts using their vested balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or $50,000. The minimum amount required to be borrowed is $1,000. Loan terms range from 1-5 years unless it is used to acquire a principal residence. The loans bear interest at a rate commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are separately disclosed in the accompanying financial statements. Participant loan accounts and distribution processing are assessed a separate fee for the administration of loans and repayments thereof. All other administrative expenses related to the Plan are paid from plan assets.

Subsequent Events - The Plan's management has evaluated subsequent events through October 11, 2010, the date on which the Plan's financial statements were available to be issued.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Generally accepted accounting principles (GAAP) requires that investment contracts held by a defined-contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in investment contracts through a collective trust fund as of December 31, 2008. As required by GAAP, the statements of net assets available for benefits presents the fair value of the investment in the collective trust fund and the adjustment of the investment in the collective trust fund from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Note 2 - Continued

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of mutual funds includes the Plan's gains on investments bought and sold as well as held during the year.

Benefits Paid to Participants - Benefits paid to participants are recognized when they are paid. As of January 6, 2010, December 31, 2009, and December 31, 2008, no amounts had been requested for payment by participants, but not yet paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and with disclosure on contingent assets and liabilities. Actual results could differ from those estimates.

Note 3 - Fair Value Measurements

Financial Accounting Standards Board (FASB) issued accounting guidance for fair value measurements. This guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this guidance are described as follows:

> Level 1: Unadjusted quoted prices available in active markets for identical assets or liabilities;
>
> Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
>
> Level 3: Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 6, 2010, December 31, 2009, and December 31, 2008.

Mutual Funds - Valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Note 3 - Continued

Collective Trust Fund - Valued using the NAV provided by the fund's trustee. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. The fund is traded on a private market that is not active; however, the unit price is based primarily on observable market data of the fund's underlying assets.

Participant Loans - Valued at their outstanding balance, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008 (Levels 1, 2, and 3 are defined above):

	Fair Value Measurements as of December 31, 2009			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Mutual fund - fixed income	$ 2,905	$ -	$ -	$ 2,905
Participant loans			15,894	15,894
	$ 2,905	**$ -**	**$ 15,894**	**$ 18,799**

	Fair Value Measurements as of December 31, 2008			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Mutual funds	$ 2,036,057	$	$ -	$ 2,036,057
Collective trust fund		461,827		461,827

	$ 2,036,057	**$ 461,827**	**$ 10,289**	**$ 2,508,173**

A reconciliation of the beginning and ending balances for fair value measurements made using significant unobservable inputs (Level 3) is as follows for the six day period ended January 6, 2010 and for the year ended December 31, 2009:

	Participant Loans
Balance as of January 1, 2009	$ 10,289
Issuances, repayments and settlements, net	5,605
Balance as of December 31, 2009	**15,894**
Transfer of participant loans	(15,894)
Balance as of January 6, 2010	**$ -**

Note 4 - Investments

Note 5 - Information Certified by the Trustee

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust company need not be subjected to independent audit. The Plan's management has obtained certifications from the trustee, Unified Trust, that the following information provided by the trustee and included in the Plan's financial statements and supplemental schedules is complete and accurate:

- Fair value, and if applicable, contract value of investments as of January 6, 2010, December 31, 2009, and December 31, 2008;
- Investment and other income earned or losses incurred for the six day period ended January 6, 2010 and for the year ended December 31, 2009; and
- Investment transactions for the six day period ended January 6, 2010 and for the year ended December 31, 2009.

Note 6 - Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 7 - Party-In-Interest

Certain Plan investments are being held in accounts managed by Unified Trust. As Unified Trust was the trustee and the recordkeeper, the investment transactions qualify as parties-in-interest transactions. Fees paid to Unified Trust for the year ended December 31, 2009, were $6,348.

Note 8 - Federal Income Taxes

The Plan adopted a prototype plan which received a favorable opinion letter from the IRS on August 7, 2001, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Delinquent Participant Contributions

The Employer determined there were multiple instances during 2009 in which participant deferral contributions and loan repayments were not deposited by the Company as plan assets within the time limitation stipulated under the Department of Labor's (DOL) regulations. In total, $192,046 in participant contributions and loan repayments have been identified as delinquent and are considered nonexempt prohibited transactions. Subsequent to December 31, 2009, the Company, with the assistance of its recordkeeper, restored lost earnings attributed to the late deposits as an employer contribution to the Plan.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2009	*2008*
Net assets available for benefits per the financial statements	$ 2,939,191	$ 2,586,641
Less: contributions receivable	(12,633)	(37,428)
Less: Asset transfer to nGenera Corporation 401(k) Plan	(2,926,558)	
Net Assets Available for benefits per the Form 5500	**$ -**	**$ 2,549,213**

Note 10 - Continued

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for benefits per the financial statements	$	352,550
Less: Contributions receivable - 2009		(12,633)
Add: Contributions receivable - 2008		37,428
Net Increase in Net Assets Available for Benefits per the Form 5500	**$**	**377,345**

As disclosed in Note 1, the Company's Board of Directors elected to merge the Plan into the nGenera Plan and transfer assets out of the Plan and into the nGenera Plan during the 2009 plan year. Though the asset transfer was intended for completion on or by December 31, 2009, the actual transfer was completed on January 6, 2010. The 2009 Form 5500 reflected the asset transfer as if the transfer had been consummated in 2009.
