Liquid Environmental Solutions & Affiliates 401(k) Profit-Sharing Plan
Dallas, Texas

We were engaged to audit the statements of net assets available for benefits of the Liquid Environmental Solutions & Affiliates 401(k) Profit-Sharing Plan (the "Plan") as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the accompanying supplemental schedules as of December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by John Hancock Life Insurance Company ("John Hancock"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from John Hancock as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2009 and 2008

Note 1. Description of the Plan

The following description of Liquid Environmental Solutions & Affiliates 401(k) Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Liquid Environmental Solutions, Inc. and subsidiaries (the "Company" or the "Sponsor") for the benefit of its employees who have at least one month of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Life Insurance Company is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions from 1% to 60% of eligible compensation. Employee rollover contributions are also permitted.

During 2008 and through January 2009, the Company matched 50% of the first 6% of each participant's contribution. Effective February 1, 2009, the Company changed the discretionary match to 5% of the first 6% of each participant's contribution. The Company may also make additional discretionary contributions. In 2009 and 2008, the Company did not make any additional discretionary contributions. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions and matching contributions in any of the available investment options and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Vesting occurs at a rate of 20% at the end of the first two years. A participant is 100% vested after six years of credited service.

Note 1. Description of the Plan (Continued)

Payment of Benefits

Upon termination of service due to death, retirement or permanent disability, participants may receive a lump sum payment equal to their vested account balance.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $8,163 and $25,859, respectively. These accounts will be used to reduce future employer contributions. During 2009 and 2008, employer contributions were reduced by $6,475 and $16,253, respectively from forfeited nonvested accounts.

Participant Loans

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except loans for the purpose of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on quoted market prices. The fair value of the guaranteed insurance contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Participant loans are valued at amortized cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype plan. This prototype has obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2006.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3. Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

	2009	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Registered investment companies	$ 589,378	$ 2,511,684
Guaranteed insurance contract	-	12,366
Participant loans	-	138,112
	$ 589,378	$ 2,662,162

Note 3. Investments (Continued)

	$ (800,252)	$ 1,712,868

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows at December 31, 2009 and 2008:

	2009	2008
EuroPacific Growth Fund	$ 146,397	$ 93,823
Lifecycle 2010	$ 151,111	N/A

Interest and dividends realized on the Plan's investment for years ended December 31, 2009 and 2008 were $4,814 and $3,701, respectively.

Note 4. Fair Value of Plan Assets

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Note 4. Fair Value of Plan Assets and Liabilities (Continued)

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and a guaranteed insurance contract. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows; or information concerning fair value in the underlying investments. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy and include participant loans.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2009 and 2008:

		2009 Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 2,511,684	$ 2,511,684	$ -	$ -
Guaranteed insurance contract	12,366	12,366	-	-
Participant loans	138,112	-	-	138,112
	$ 2,662,162	$ 2,524,050	$ -	$ 138,112

Note 4. Fair Value of Plan Assets and Liabilities (Continued)

Investments (Continued)

	2008 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 1,667,587	$ 1,667,587	$ -	$ -
Guaranteed insurance contract	8,711	8,711	-	-
Participant loans	36,570	-	-	36,570
	$ 1,712,868	$ 1,676,298	$ -	$ 36,570

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	2009	2008
Balance, beginning of year	$ 36,570	$ 39,501
New loans	136,466	34,892
Repayments	(34,924)	(21,915)
Deemed distributions	-	(15,908)
Balance, end of year	$ 138,112	$ 36,570

Realized and unrealized gains and losses included in net increase (decrease) in net assets available for benefits for the years ended December 31, 2009 and 2008, are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Plan investments are shares of mutual funds managed by an affiliated company of John Hancock Life Insurance Company, the trustee of the Plan at December 31, 2009 and 2008. The Company provided certain administrative services at no cost to the Plan.

Note 7. Current Economic Conditions

The current economic environment presents employee benefit plans with unprecedented circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 8. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the Company. Contributions totaling $1,765 during the year ended December 31, 2009 have not been remitted to the Plan as of October 14, 2010.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 14, 2010, which is the date the financial statements were available to be issued.
